# P R E F A C E

THIS Book is the most complete work which has ever been published in English, and, indeed, probably in any language, giving the various CUSTOMS TARIFFS in force throughout the World.

Every care is taken to ensure the correctness of the information given; but it must of course be borne in mind that it is absolutely impossible that every item in every Tariff can be correctly set out, as not only are new Tariffs being constantly framed, but, further, a week seldom elapses without material alterations being made to existing ones.

The constant expansion of the different Tariffs is abundantly shown by the increase in the size of this Book, the number of pages having steadily risen from 729 in 1905 to 1224 in 1920.

The Book is intended to meet a real and distinct need in the Commercial and Industrial World, not only of this country but also abroad, and, having regard to the fact that it enables any Merchant to tell at a glance the duty, if any, levied in any country on any exported or imported article, it cannot fail to be of the greatest possible value to the Traders of the World.

An Alphabetical Index to Countries will be found on pages v and vi, and at the commencement of each Tariff an Alphabetical List of the chief items in it has been given, showing under which number or category the duty levied upon any particular article is to be found.

## RESTRICTION OF IMPORTS.

## GENERAL LICENCES.

A general licence has been issued by the Board of Trade to the Customs permitting the importation into the United Kingdom of all articles on the list of prohibited imports when they are exported from and are the produce or manufacture of any part of the Empire.

This general licence does not apply to:—

- (a) Gold, or articles containing gold, except when consigned direct to the Bank of England;
- (b) Spirit, other than brandy and rum;
- (c) Hops.

## IMPORT OF RAW MATERIALS.

The Board of Trade has also issued general licences to the Customs which, together with the general licences already in existence, will exempt all raw materials from the operation of the Prohibitions of Import.

The following are the raw materials which have from time to time been under prohibition and are now free:—

Antimony ore; bladders, casings; any sausage skins; dionatone or industrial earth; gum arabic; gum kauri; hides, wet and dry; horns and hoofs; ivory, vegetable; jute; soya beans; stones and salts (including sawn and hewn but not dressed); sugar cane; tallow, unrefined; wood and hewn and sawn, planed and dressed of all kinds, hardwoods and sleepers (but not including shaves, pit props and pit wood).

Any inquiry arising out of a doubt whether an article is to be regarded as a raw material or a semi-manufactured article should be addressed to the Department of Import Restrictions, 22 Colindale place, London, S.W.1. Order of the Board of Agriculture No. 6719, dated June 20, 1903, entitled *Foreign Animals Order of 1905*.

## Chapter I.—Prohibition.

## Animals from Scheduled Countries Prohibited.

1. It shall not be lawful to land in Great Britain any animal brought from any of the countries or parts of countries mentioned in the Schedule to this Order, which countries and parts of countries are hereinafter referred to as scheduled countries.

Swine from the United States of America Prohibited.

2. It shall not be lawful to land in Great Britain any swine brought from the United States of America.

## Prohibition of Landing of Carcases, &amp;c.

3.—(1) It shall not be lawful to land in Great Britain—

(a) a carcase of an animal which has died or been slaughtered on board a vessel while in port or place in a scheduled country; or during the passage from any such port or place to Great Britain; or

(b) the dung of any such animal; or

(c) any partly consumed or broken fodder that has been supplied to any such animal; or

(d) any litter that has been used for or about any such animal; or

(e) any fittings, pens, hurdles, or utensils used for or about any such animal which have been scraped and then thoroughly washed or scrubbed or scoured with water, and then thoroughly sprinkled with a solution of carbolic acid and lime wash containing not less than five per cent. of actual carbolic or creylic acid, and unless the permission of an Inspector of the Board for the landing thereof has been obtained.

Exemption of Certain Animals.—30. This Order shall not apply in relation to animals brought to Great Britain from the Channel Islands or the Isle of Man or to animals to be landed at a Foreign Animals Quarantine Station.

Interpretation.—33. In this Order, unless the context otherwise requires:—

"The Board" means the Board of Agriculture.

"The Act of 1894" means the Diseases of Animals Act, 1894.

"Cattle" means bulls, cows, oxen, heifers and calves.

"Animals" means cattle, sheep and goats, and all other ruminating animals and swine.

"Carcase" means the carcase of an animal, horse, ass, or mule, and includes part of a carcase, and the meat, bone, hide, skin, hoofs, horns, offal, or other part of an animal, horse, ass, or mule, separately or otherwise, or any portion thereof.

Extent.—34. This Order extends to England, Wales and Scotland.

Commencement.—This Order came into operation on August 1st, 1903.

Schedule.—Prohibited countries and parts of countries.

Argentine Republic, Austria-Hungary (including Bosnia and Herzegovina), Belgium, Bolivia, Brazil, Cape Colony, Chili, France, Germany, Colombia, Denmark (excluding Iceland), Ecuador, Greece, Germany, Gibraltar, Greece, Guinea (British), Dutch and French, Italy, India, Mexico, Montenegro, Morocco, Natal, Netherlands, Norway, Ottoman Empire, Paraguay, Peru, Portugal, Portuguese East Africa, Roumania, Russia, Servia, Spain, Sweden, Uruguay, Venezuela, Zululand.

## PROHIBITIONS AND RESTRICTIONS TO EXPORTATION.

2. Warehouses, drawbacks, or transhipment goods are not to be exported in ships of less than forty tons burden.—*G.O., 1876, s. 100.*

Finance Act, 1901.

British or Irish Spirits are not to be exported from Great Britain or Ireland, or removed to the Isle of Man, or brought to Great Britain or Ireland, in casks containing less than nine gallons each. Penalty, for forfeiture.—29 & 30 Vict., c. 36, s. 103.

Explosives, as defined in the Explosives Act, 1875, or any Order in Council made in pursuance thereof, to be entered outwards before shipment, to be described in entry outwards or coastwise, according to such definition. Penalty for failing to make entry, or making false entry.—

£100, and postage with its contents.—S. 139, G.O., No. 76, 1876.

Salmon, not to be exported without previous entry, and the compliance with Salmon Fishery Acts for the time being.—29 & 30 Vict., s. 100.

Tobacco may only be exported from a port or place approved for its importation.—26 Vict., c. 7, s. 1.

Tobacco may be removed to Weymouth for immediate exportation to the Channel Isles under the ordinary regulations.—G.O., 116, 1892.

Saccharin (including substances of a like nature or use) repacked in bonded warehouses into packages containing not less than 1 lb. net may be exported by Parcel Post under the regulations laid down in G.O., 75, 1896, and 44, 1898.

## Prohibitions and Restrictions Outwards, by Proclamation or

## Order in Council.

Arms (including fowling pieces and gun stocks), ammunition and gunpowder, mill and naval stores, &c., and any article which may be judged capable of being converted into or made useful in increasing the quantity of military or naval stores, provisions, or victuals which may be used as food for man. Any such goods exported or brought to any place for exportation or carriage coastwise shall be forfeited, and the exporter or his agent, or the shipper of any such goods shall be liable to a penalty of £100.—22 & 23 Vict., c. 21, s. 8. See also G.O., 65, 1900.

Arms and ammunition.—The term "shot" does not include shot for sporting purposes, which is therefore exempt from entry before shipment.—G.O., 12, 1899.

In case of public emergency, the Commissioners of Customs may, by order, require due entry and clearance before shipment of any goods intended for exportation or carriage coastwise.—S. 139.

Certain munitions of war to be entered before shipment.—G.O., 13, 1898; 12, 1899.

Coal not to be shipped for exportation or carriage coastwise unless duly entered and cleared.—Finance Act, 1901.

General Order of the Commissioners of Customs (No. 65 of 1902), dated the 21st of August, 1902, relating to the exportation of mining fuses to China. The following is the text of the Order:—

"Collectors and other officers concerned are informed, for guidance, that safety fuses for mining purposes have, with the consent of the Secretary of State for Foreign Affairs, been exempted from the operation of the General Orders of 1900 and 63, 1900, prohibiting the exportation of arms and ammunition to China."

##### LAW ON IMPORT DUTIES.

(Enacted November 26, 1913.)

ART. 1.—Every owner or master of a ship or vessel arriving at a port of this Island having on board merchandise intended to be landed on the Island, shall be required, as soon as called upon to do so and before landing (such merchandise), to deliver to the Harbour Master or other authorised officer, a declaration signed by him stating:

- (1) The name, tonnage and nationality, and the port of landing of the ship.
- (2) The nature, value, tonnage, weight or measure, according to the rate of freightage.

Printed forms shall be delivered on board the said vessel for the purpose.

The Harbour Master may require the production of the register, the manifest and the bills of lading relative to the said merchandise, and shall have the right of verifying the correctness of the papers communicated to him.

ART. 2.—Every importer or consignee of merchandise or other goods landed in the Island shall pay, as soon as called upon to do so by the Harbour Master or other authorised Officer, as Import Duties, Five shillings per ton, gross on imported merchandise, with the exception of the objects and articles enumerated in the Schedule annexed to the present Law, to which payment shall be made in conformity with the tariff contained in the said schedule.

His Majesty's mails, articles sent by parcel post, war material and stores, except from the dues mentioned in this Article.

Any bicycle or tricycle, belonging to a passenger and intended for his use, shall be looked upon as part of his luggage and shall be exempt from the dues.

ART. 3.—The dues imposed by this Law shall be paid at the Harbour Master's Office, and by him remitted to the Treasury of the States to be applied to the States' general purposes.

ART. 4.—In every case the dues imposed by the present Law shall have preference over any other claim which may be made against the goods subject to such dues.

ART. 5.—The Harbours' Committee is entrusted with the duty of putting the provisions of the present Law into execution, and to that effect is authorised to prepare and adopt any special regulations it may consider useful for that purpose. It may also enter into an agreement with the master or agent of a ship carrying a special cargo, in virtue of which the latter is authorised to receive directly from the consignees of the goods all dues which consignees are liable in virtue of this Law. The said Committee shall appoint and, if necessary, dismiss the employees and other persons entrusted with the putting into execution of the said Law. It shall fix their duties and receive the amount thereof from the Treasurer of the States.

ART. 6.—Before commencing to unload any vessel, the master thereof shall give timely notice to the Harbour Master of his intention to do so, in order that the latter may cause the unloading to be superintended in an efficient manner.

ART. 7.—The unloading may not take place on Sundays, or at night time between 8 p.m. and 4 a.m., without the written permission of the Harbour Master, and in no case may the unloading be carried out in places other than those indicated by the Harbour Master.

ART. 8.—The words "Harbour Master" include not only the Harbour Master of St. Helier, St. Aubin and Rozel, but also persons authorised and appointed to look after the other harbours of the Island and to levy the dues imposed by the present Law.

ART. 9.—Any infringement of an Article of the present Law shall be punished by a fine of from One to Ten pounds sterling, and the case shall be brought before the Court for the Repression of Minor Offences.

ART. 10.—Fines imposed by this Law shall go to His Majesty.

Tariff of Dues to be levied (C), referred to in Art. 2 of this Law.

## GUERNSEY.

I.—Ordinance of the Royal Court dated 1st May, 1905.

## SECTION I.

## GENERAL REGULATION FOR THE HARBOUR.

1.—Every master of a ship arriving in this Island having on board goods for the island, shall within twenty-four hours of arrival, and before breaking bulk, deliver at the office of the Supervisor of the Harbour a declaration in writing, under his signature dated the day of delivery, stating:—

The name of the ship and the nation to which it belongs.

The nature, marks, tonnage (by weight or measurement according to the Tariff) of the goods, with a separate designation of each consignment.

The name of the consignees.

Every master of a ship arriving in this Island, not having on board goods for this Island, but which remains here more than twelve hours, shall within twenty-four hours of arrival, deliver at the office of the Supervisor of the Harbour, a declaration in writing, under his signature, dated the day of delivery, stating the name of the ship, her tonnage and the port to which she belongs as well as the name of the agent of the said ship.

The whole under penalty of a fine on the said master or the owner of such ship, of not less than ten shillings sterling or more than £2 2s. 10d. sterling.

2.—Every master or agent of a ship, excepting ships belonging to the London & South-Western Railway Company and the Great Western Railway Company, arriving in this Island having on board goods for this Island, the duty on which shall not amount to one shilling and eight pence for a single individual or house of business, shall within 43 hours from the unloading of such goods, pay the dues thereon to the Supervisor of the Harbour, after a deduction of 10% which the said master or agent of a ship is authorised to keep for his trouble and time given, under a penalty on the said master or agent of not less than 10 shillings sterling or more than £2 2s. 10d. sterling, without prejudice to the claim of the said master or ship agent against the owner or consignee of such goods for the reimbursement of the dues so advanced.

3.—The Supervisor shall have the power of requiring from the master of every vessel arriving in this Island with goods on board for the said Island, the production of the manifest and bills of lading of the said goods; and any master refusing to produce the said manifest and bills of lading, when required, shall be liable to a fine at the discretion of the Court, of not less than 10 shillings sterling or more than £2 2s. 10d. sterling.

4.—Every proprietor or consignee of goods imported into this Island shall pay the dues thereon to the Supervisor of the Harbour within eight days of the arrival of the said goods, otherwise he shall be liable, besides paying the said dues, to a fine of not less than 10 shillings sterling or more than £2 2s. 10d. sterling.

5.—The Supervisor shall have the right of causing to be measured all foreign ships arriving in this Island, and every master of a ship visiting the persons employed by the said Supervisor to make the said measurement, shall be liable to a fine of not less than 10 shillings sterling or more than £2 2s. 10d. sterling.

6.—The Supervisor of the Harbour shall have the right of demanding from every master of a ship in this Island the production of the register of the said ship, and every master refusing to produce the said register, when so required, shall be liable to a fine of not less than 10 shillings sterling or more than £2 2s. 10d. sterling.

7.—All dues payable on a ship shall be paid before the departure of such ship under penalty of a fine on the master or agent of such ship, which fine shall not be less than 10 shillings sterling or more than £2 2s. 10d. sterling.

8.—The Harbour Master at St. Sampson's shall have the right to exact from the master of every ship in the Harbour, previous to her leaving, the production of the receipt from the Supervisor of the Harbour for the dues and payments required on the said ship as per Tariff and to prevent the departure of the said ship until the said receipt be shown to him.

9.—Every proprietor or consignee of goods of not less than twenty tons of the same kind, imported into the Island for the purpose of re-exportation, shall within twenty-four hours of arrival of the said goods and before they are discharged, deliver to the Supervisor of the Harbour a declaration in writing, under his signature, dated the day of delivery, specifying that the said goods have been imported with the intention of being re-exported, and stating:—

The name of the ship which has brought the goods.

The nature, marks and tonnage (weight or measurement according to the Tariff) of the goods.

The place where it is intended to keep the goods.

Failing which the said goods shall be deemed to be imported into the island and shall pay according to Section II. of this Ordinance without right to reimbursement.

10.—Every person re-exporting goods which shall have been imported in accordance with Article 9, and who desires to be reimbursed the duty on the said goods, shall deliver at the Supervisor's Office, before the said goods are re-exported, a solemn declaration made before the Royal Court by two witnesses, stating:—

The name of the ship which brought the goods to the Island.

The date of the declaration made in accordance with Article 9.

The name of the ship upon which the goods have to be loaded and her destination.

The nature, marks and tonnage (by weight or measurement according to the Tariff) of the said goods.

And specifying that the said goods are in the same state and in the same packages as they were when imported into the island.

Failing which the duty on the said goods shall not be reimbursed.

11.—The words "Supervisor of the Harbour" employed in this Ordinance, will apply as well to the said Supervisor as to the Assistant Supervisor, the Harbour-Master, the Assistant Harbour-Master and all persons employed in the Supervisor's Office for the collection of the revenue of the Harbour of St. Peter-Port.

In all cases the cubic measure of unsquared (round) wood to be reckoned according to the custom of the trade.

11. Liquids by the tun of 210 gallons, local measure..... 0 | — | 1 | 2 | 1 | 8 |

N.B.—For liquids in bottles, the tun shall be reckoned at the rate of 36 dozen wine bottles of ordinary size.

All other goods paying freight not according to weight but by measure or by the number of articles to the tun in accordance with trade custom, shall also pay duty in the same manner.

When a cargo contains goods belonging to different individuals who are not associated, the duty shall be calculated separately on the whole of the goods belonging to each individual.

Whenever a fraction of a penny occurs in the calculated amount of duty payable by an individual for his goods, that fraction shall be reckoned as a penny.

In all cases where the amount of duty payable by an individual for his goods shall not amount to one shilling and eight pence, the master of the vessel shall be liable for the payment of all of the said duty, without prejudice to his right to demand reimbursement from the consignees of the goods.

N.B.—The whole of the duty shall be refunded to the proprietor of any goods (other than cattle) imported with the desired intention of their re-exportation, on condition that such goods be re-exported in the same rate and in the same packages as when imported and that they be in quantities of 20 tons at least of the same goods.

When an importer shall declare his goods for re-exportation, a certificate of the declaration shall be delivered to him, for which he shall pay one shilling, which shilling shall form part of the Harbour revenue.

Goods being the produce of the Island of Sark, brought to Guernsey, are not liable to duty.

12.—*Importation of Spirits.* An Ordinance dated October 5, 1905, regulating the collection of the tobacco duty.

13.—There shall be paid to the collector of taxes, both on tobacco and spirits, on all goods imported into the Island, the duty has not been paid, and on tobacco and spirits hereafter introduced into the Island:

14.—Order in Council of August 10, 1905, respecting the duty on spirits, liquors, wines and sugar.

15.—The States of the Island of Guernsey are authorized to increase:

(1) The duty on spirits, liquors contained in the Island from six shillings per gallon for the same period and on the same terms and conditions as were specified in Her late Majesty's Order in Council of the 10th day of September, 1880 (47);

(2) The duty on all wines contained in the Island from one shilling to one shilling and sixpence;

and further to authorise the States to levy an import or duty not exceeding ten shillings currency per hundredweight on all sugar consumed in the Island, provided that this duty shall not be levied unless the States shall have passed some future sitting a resolution directing the levying of such duty.

16.—Provisional Supplementary Ordinance of August 25, 1905, relative to the levying of the spirit tax.

17.—From and after the 10th August, 1905, there shall be paid to the collector of taxes, on all spirits, liquors not testing more than 40 degrees in strength a duty at the rate of six shillings sterling per

gallon. All spirits imported into the Island is subject to a duty of 2d. per gallon.

## ISLE OF MAN

18.—The Isle of Man shall be deemed and taken to be part of the United Kingdom for all purposes of the Customs Acts; but nothing herein contained shall prejudice or affect, or be construed in any way, directly or indirectly, to prejudice or affect, any of the rights or privileges lawfully exercised or enjoyed by the said Isle at the time of the passing of this Act. S. 277.

19.—No foreign goods upon which a higher duty is payable on their importation into Great Britain or Ireland than on their importation into the Isle of Man shall, after the same have been cleared and delivered out of charge of the proper officers of Customs for consumption or otherwise in the said Isle, be carried or shipped, or be water-borne, or be brought to any quay, wharf, or other place to be shipped or carried, or be brought to any quay, wharf, or other place to be shipped or carried, or shall any such goods which may be brought to the said Isle, though not cleared and delivered as aforesaid, be removed or carried to be brought or taken from thence into Great Britain or Ireland until the same shall have been duly cleared for that purpose by the proper officers of Customs, nor unless reported for removal in the same ship, and in continuation of the voyage to some port in Great Britain or Ireland, and sufficient security by bond or otherwise shall have been given, in such manner and on such terms and conditions as the Commissioners of Customs may direct, for the due delivery thereof at some port or place in Great Britain or Ireland; and no British or Irish spirits shall be removed or exported from the Isle of Man to any port or place in Great Britain or Ireland; and all goods, carried, brought, shipped, removed, or water-borne to be shipped, removed, or carried contrary hereto shall be forfeited.

<b>IMPORTATION OF GERMAN, ETC., SILVER ARTICLES IN VIEW OF THE MERCHANDISE MARKS ACT.</b>		
(Communication—by the Government of India, Finance and Commerce Department, No. 400-S, R., dated the 19th January, 1904.— <i>Customs Circular</i> , No. III, of 1904.)		
This communication has under the procedure to be adopted by the Customs authorities in dealing with imported articles, which contain no silver, but which are marked as "German," "Potosi," "Nevada" or "Art" silver.		
The Government of India are of opinion that such goods, when marked as "German silver" or "Nickel-silver," may be passed without objection. Their descriptions are well known to all classes likely to be affected; and they have been in use long sufficiently long period to render it very improbable that any purchaser will be deceived thereby.		
The Government of India are not prepared to extend this ruling, however, to articles not made of silver, which are marked as "Potosi silver," "Nevada silver," "Austral silver," "Art silver," etc. They are of opinion that it would be unsafe to assume that descriptions of this nature would not deceive purchasers from the date of importation, although, if marked in this manner, should be dealt with as bearing false trade description within the meaning of the Indian Merchandise Marks Act, 1889 (No. IV of 1889).		
No objection should be taken to the use of such marks, provided that the word "silver" is omitted.		
<b>DRAWBACKS.</b>		
The Governor-General in Council has sanctioned the payment of drawback in the case of all articles re-exported by parcel post, in whatever manner imported, provided that adequate proof is produced of the payment of duty, and the identity of the articles, and of their re-export being effected within two years from the date of importation, or within such extended term not exceeding three years as the Chief Customs Authority, on sufficient cause being shown, determines in any case.—( <i>Customs Circular</i> , No. VII of 1902).		
<i>Articles exported as personal baggage.</i> —The provision of Section 50 (a) of the Sea Customs Act, No. 1 of 1875, will, in future, be waived in favour of articles exported with the owners as personal baggage. The section referred to provides that no drawback will be allowed upon goods not included in the export manifest. ( <i>Customs Circular</i> No. 8 of 1905.)		
<b>RULES FOR EXEMPTION FROM THE PAYMENT OF CUSTOMS DUTY ON RE-IMPORTED COMMERCIAL SAMPLES NOT INTENDED FOR SALE.</b>		
[ <i>Customs Circular</i> No. VIII of 1907.]		
1.—Samples of goods, not intended for sale, re-imported by commercial travellers into British India shall be passed free of duty, provided that the Collector of Customs at the port of re-importation is satisfied:—		
(i) that duty was paid on first import;		
(ii) of the identity of the articles;		
(iii) that no drawback was paid on export;		
(iv) that the ownership in the articles has not changed since its first import; and		
(v) that no more than six months have passed since the articles were exported.		
2.—In order to be able to claim the benefit of this concession, commercial travellers must observe the following procedure:		
(1) When the samples are first imported into British India, commercial travellers will be required to produce to the Collector of Customs a certificate or letter of identity from their principals, or otherwise satisfy the Collector of their eligibility for the concession. An invoice in duplicate, showing each article in detail, should be filed at the Custom House. The original will be retained by the Customs authorities. Each page of the duplicate will be stamped with the Custom House seal, and will be endorsed over the signature of a Customs officer, with a reference to the Bill of Entry on which the samples were assessed to duty. It will be returned together with a certified copy of the Bill of Entry to the traveller.		
(2) The certified copy of the Bill of Entry must, on each occasion on which the samples are exported from a port in British India, to a foreign port, be produced to the Collector of Customs of the port of export, who will endorse, after such examination of the samples as he may think necessary, the copy of the Bill of Entry with a certificate that no drawback had been paid, together with the date of re-importation. On re-importation from a foreign port the Bill of Entry must similarly be produced to the Collector of Customs, who will endorse, after such examination of the samples as he may think necessary, the date of re-importation on the Bill of Entry.		
3.—When the samples are finally exported under claim of drawback, a detailed examination shall be recorded on the certified copy of the Bill of Entry by a Customs officer, and in the presence of the necessary particulars in regard to the due utilisation of the articles and payment of duty. The certified copy of the Bill of Entry and the duplicate copy of the invoice shall be forwarded to the port of first importation.

## SOUTH AFRICAN CUSTOMS UNION

Meas. by Weights, and Measures same as Great Britain.

#### CUSTOMS TARIFF ACT No. 26 of 1914.

Enacted by the King's Most Excellent Majesty, the Senate and the House of Assembly of the Union of South Africa, as follows:—

1. Subject to the exemptions and to any suspensions, reliefs and conditions permitted or provided by or under the authority of this Act, and subject also to the provisions of any law relating to the management of customs, there shall be charged, levied, collected and paid for the benefit of the Consolidated Revenue Fund, customs duties in respect of goods imported into the Union according to the tariff set out in the First Schedule to this Act.

2. The goods described in Class V. of the said First Schedule shall be admitted into the Union free of customs duty.

3. In respect of any goods which, being grown, produced or manufactured in the United Kingdom are imported therefrom for consumption in the Union, a rebate of customs duties shall be allowed as follows:—

(a) In the case of goods charged with customs duty under Class I., in the First Schedule to this Act, the rebate shall be the amount or percentage shown in the third column thereof opposite the particular item charged;

(b) in the case of goods charged with customs duties under any other class in that Schedule, the rebate shall be as and when indicated by note at the end of the particular class;

Provided that

(i) the manufactured goods in respect of which the rebate shall be allowed shall be *bona fide* manufactured in the United Kingdom; and

(ii) in the event of any question arising as to whether any goods are entitled to any such rebate, the decision of the Minister in whom the control of the Customs department is vested shall be final.

4. Such a rebate as is provided in the last preceding section shall be allowed *mutatis mutandis* under the circumstances and conditions in that section described in respect of goods which are grown, produced or manufactured in any British Possession in which an equivalent rebate is allowed *reciprocally* in respect of goods imported into that Possession from the Union.

The particular British Possession in respect of which such a rebate may be allowed under this section shall be from time to time notified by the Administrator by proclamation in the *Gazette*, together with the date as from which the rebate will take effect.

5. A rebate of customs duty shall be allowed in respect of the following goods:—

(a) Wines and spirits for the use of the Governor-General;

(b) goods for the use of the members of His Majesty's regular naval or military forces;

(c) soap or other like substances for use in connection with the industry of wool washing.

In the case of goods mentioned in paragraph (b) an allowance per article may be made in lieu of the rebate.

6. The Governor-General may, by proclamation in the *Gazette*, declare—

(a) that when goods which have been imported into the Union are exported therefrom to a country specified in the proclamation a rebate shall be allowed or a refund made of the duty which was levied on the importation;

(b) that when any article manufactured in the Union is exported therefrom, a rebate shall be allowed or a refund made of the duty in respect of materials (whether raw, semi-manufactured or manufactured) used in the manufacture of that article;

(c) that, in respect of goods purchased by the Customs and Harbours Administration from open stocks, a rebate shall be allowed to that Administration of the duty paid by the importer on the importation of those goods or, in lieu of such rebate, that an annual payment shall be made to that Administration out of the Consolidated Revenue Fund;

(d) that there may be allowed a rebate or refund of the duty which would be payable in respect of articles (not being private wearing apparel or effects, food or drink, or tobacco in any form) for the official or private use of consuls who are subjects of the Governments represented by them and are not engaged in any other business, profession, or occupation in the Union;

(e) that, in respect of *bona fide* samples imported by commercial travellers or by representatives of foreign business undertakings, a refund shall be made of the duty paid upon the export of those samples;

(f) that, in respect of goods not intended for consumption in the Union but imported thereinto by *bona fide* tourists for their own personal use while touring therein, a refund shall be made of the duty paid upon the export of those goods.

7. For the purpose of estimating the amount of customs duty whenever levied on goods *ad valorem* and for the purpose of the declaration and duties which may, at any time be required by law or regulation in relation to such goods, the value of such goods shall be the value of such goods

#### PROHIBITIONS (OUTWARDS).

By Ord. No. 12 of 1900 the Governor is empowered to prohibit, by Proclamation published in the Government Gazette, the exportation from Ceylon of arms, ammunition, military and naval stores, and such other articles as may be made usual for the purpose of increasing the security of arms, ammunition, &c. The export of hides, ant horns of spotted deer and similar is prohibited until further notice.

shall be taken to be the true current value for home consumption in the open market of similar goods in the principal markets of the country from which, and at the time at which, the goods were imported, including carriage to the port of shipment and the cost of packing and unloading, but not including any commission when such commission does not exceed five per cent.: Provided that in no case shall the value for purposes of duty, as in this section defined, be less than the cost of the goods to the importer at the port of shipment.

8. Anything to the contrary notwithstanding in this Act contained, the following provisions shall be in force in respect of the charging, levying, collecting and payment of customs duty:—

(1) In the case of goods imported into the Union of a class or kind made or produced in the Union, if the export or actual selling price to an importer in the Union is less than the true current value for home consumption in the usual and ordinary course in the country from which they were exported to the Union at the time of their exportation thereto, there may, in addition to the duties otherwise prescribed, be charged, levied, collected and paid on those goods on importation into the Union a special customs duty (or dumping duty) equal to the difference between the said selling price of the goods for export and the true current value thereof for home consumption as defined in this Act: Provided that the special customs duty (or dumping duty) shall not in any case exceed fifteen per cent. *ad valorem*.

(2) When a bounty is granted in the country of origin on any goods, of a class or kind made or produced in the Union an additional customs duty equal to the amount of such bounty may be charged, levied, and collected upon the importation of those goods into the Union.

(3) The goods in respect of which there may be charged, levied and collected any special (or dumping) customs duty under subsection (1) or any additional customs duty under subsection (2) shall be from time to time determined by the Governor-General and notified by him by proclamation in the *Gazette*, together with the date as from which such duty shall take effect:

Provided that such date shall not be less than six weeks after the publication of the proclamation.

9. Whenever goods are imported into the Union under such circumstances or conditions as render it difficult to determine the value thereof for purposes of duty because—

(a) those goods are not sold for use or consumption in the country of origin or production; or

(b) a hiring of those goods or the right of using the same, but not the right of property therein, is sold or given; or

(c) any royalty imposed on those goods is uncertain or is not from other causes a reliable means of estimating the value of the goods; or

(d) those goods are usually or exclusively sold by or to agents or by subscription; or

(e) those goods are sold or imported in or under any other unusual or peculiar manner or condition;

the Commissioner may determine the value of those goods for purposes of duty, and the value so determined shall, unless otherwise provided, and subject always to the right of appeal to the Minister, be the value upon which the duty on those goods shall be computed and levied.

10. (1) Notwithstanding anything contained in this Act or any other law, the customs duties prescribed in this Act in respect of the importation of goods into the Union shall not be payable in respect of the goods imported into or through the port of settlements of Walvis Bay.

(2) The port of settlement of Walvis Bay shall be deemed to be a foreign port in respect of the goods imported or exported thereto of all goods which are not grown, produced or manufactured in the Union.

11. The Government of the Union may enter into an agreement with the Government of any territory in South Africa, being a portion of the British Dominions or under the protection of the Crown, providing—

(a) that goods grown, produced or manufactured in that territory shall be admitted into that territory free of customs duty, and that goods grown, produced or manufactured in that territory shall be admitted into the Union free of customs duty;

(b) that one party to the agreement shall collect on behalf of the other party the customs duties imposed in respect of goods which, having been imported into its territory, are removed into the territory of the other party;

(c) that the territory of the other party shall provide that in the event of a reciprocity treaty being imposed on any goods grown, produced or manufactured in the Union or imported thereto, a corresponding duty or tariff shall be levied on like goods, which, having been grown, produced or manufactured, are imported into the territory of the other party to the agreement, are imported into the Union.

12. The annual licence duty authorised by law in respect of a warehouse appointed and licensed under section 174 of the Customs Act, 1913, or any amendment thereof shall be twenty pounds, and so much

of any other law as prescribes a different amount as licence duty in respect of such a warehouse is hereby repealed.

13. (1) All the provisions of the Customs Management Act, 1913, shall be deemed to be incorporated in this Act and in the interpretation of section twenty-two of that Act as read with this Act and the regulations made thereunder, "an agreement for the sale or delivery of an article" shall include an agreement for the hiring of that article and the expressions "seller" and "purchaser" shall correspondingly be construed as including the person by whom and the person to whom the article is hired.

(2) Any expression to which a meaning has been assigned in and for the purposes of the Customs Management Act, 1913, shall, when used in this Act or any regulations made thereunder bear that meaning, unless the context otherwise requires.

14. The Governor-General may make regulations, not inconsistent with this Act or any other law, as to all or any of the following matters, namely:—

(a) the conditions under which goods the duties in respect whereof are suspended under the authority of this Act may be imported into, or removed from one place to another within the Union;

(b) the conditions under which rebates which may be allowed or refunds which may be made by or under the authority of this Act shall be allowed;

(c) the conditions under which removal from or into the Union may take place of goods which are subject to any agreement made under this Act with the Government of any territory;

(d) the conditions under which the transit through the Union may take place of goods the importation of which into the Union is prohibited or restricted under any law,

and generally for the better carrying out of the objects and purposes of this Act.

The regulations may provide penalties for the contravention thereof or failure to comply therewith not exceeding the penalties mentioned in section one hundred and sixteen of the Customs Management Act, 1913, incorporated in this Act.

15. The laws specified in the Second Schedule to this Act are hereby repealed to the extent set out in the fourth column thereof.

I, \_\_\_\_\_, the supplier (manufacturer) of the articles included in this invoice have the means of knowing, and do hereby certify that the said invoice from myself to \_\_\_\_\_ and amounting to \_\_\_\_\_ is true and correct: and that all the articles included in the said invoice are *bona fide* the growth, produce or manufacture of \_\_\_\_\_; and that portion of the labour of that country has entered into the production of every manufactured article included in the said invoice to the extent in each article of not less than one-fourth of the value of every such article in its present condition ready for export to the Union.

(Signed) \_\_\_\_\_ 19\_\_\_\_

Dated this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_

When this certificate is signed by some person on behalf of a manufacturer or supplier, such person must state that he is duly authorised to do so.

Certificates to be endorsed on postal packages not exceeding 10*l.* in value, the contents of which are not merchandise for sale.

Every article included in the export of such packages one-fourth of its present value is *bona fide* the produce or manufacture of the \_\_\_\_\_

Dated at \_\_\_\_\_ 19\_\_\_\_

In the presence of \_\_\_\_\_ Postal Officer.

Under a Proclamation, dated 3rd July, 1914, issued under section 6 of the "Customs Tariff Act, 1914," it is provided that, from the above-mentioned date, the following rebates and refunds of duty will be allowed, under certain prescribed regulations, on:

- (a) Goods, in respect of which duty has been paid on importation into the Union, on removal to South-West Africa, and to the Belgian Congo;
- (b) Raw, semi-manufactured, or manufactured materials used in the manufacture of dynamite and like explosives, on its export from the Union;
- (c) Boxes, wooden, imported into the Union in pieces or in shooks, packed together therein and re-exported as the containers of Union produce or manufacture;
- (d) Goods (not being private wearing apparel, or effects, food or drink, or tobacco in any form) imported for the official or private use of all Consuls who are subjects of the Government represented by them and are not engaged in any other business, profession or occupation in the Union;
- (e) Samples imported by commercial travellers or representatives of foreign business undertakings, on re-export from the Union;
- (f) Goods (not for consumption in the Union) imported by tourists for their own personal use, on the export thereof.

The Regulations which have been prescribed with regard to the rebates and refunds of duty allowed on various articles on importation into, or removal from, the Union are laid down under Government Notice No. 1084, dated 7th July, 1914, as follows:—

REBATE OF THE CUSTOMS DUTIES ORIGINALLY PAID ON GOODS WHICH ARE SUBSEQUENTLY REMOVED TO OTHER PLACES.

(Section 6, of Act No. 26, of 1914.)

1. When a remover, at a place where Customs officers are stationed, desires to remove and obtain a rebate of duty on any goods in respect of which duty has been paid at any place in the Union, he shall deliver to the Principal Officer of Customs, at the place whence the goods are to be removed, an application for rebate, in the prescribed form, in triplicate specifying:—

- (1) the name of the importer;
- (2) the place from which the goods were imported;
- (3) the name of the country of growth, manufacture, or production;
- (4) the particulars of nature, quantity and original value of the goods;
- (5) the description of the packages;
- (6) the original marks and numbers;
- (7) the amount of duty paid;
- (8) the date and place of payment of duty;
- (9) the name and address of the consignee;
- (10) the route and mode of carriage.

2. The goods shall not be removed until they have been examined, weighed and forwarded invoices and the application for rebate, by the proper Customs officer, so that he can give a certificate of accuracy.

The examination can only be allowed to take place before the hour of 9 a.m. or after the hour of 4.30 p.m.

3. The applicant must pay the expenses of the Customs officer at the rates approved by regulations governing attendance of officers of Customs.

4. The packages must be sealed prior to dispatch.

5. A declaration signed by the consignee in the country of destination and countersigned by the proper officer of Customs therein, that the goods have actually been received by him, must be produced.

# REFUND OF DUTY ON RAW, SEMI-MAUFACTURED, OR MANUFACTURED MATERIAL.

(Section 6, of Act No. 26, of 1914.)

1. A refund of the duties originally paid on raw, semi-manufactured or manufactured materials used in the manufacture of explosives within the Union shall be made when such explosives are exported to a place outside the Union, provided the following conditions are complied with:—

The applicant for a refund of such duties shall furnish the Commissioner of Customs with—

- (a) the quantity and value of the materials originally imported;
- (b) the name of the importing vessel, and the number and date of the entry on which duty was originally paid;
- (c) the quantity and value of material used in the explosives manufactured;
- (d) the name of the explosive manufactured, and the quantity thereof; and
- (e) proof of the due export thereof.

and shall make and subscribe to a solemn declaration as to the correctness of the information supplied.

The applicant shall also keep proper books showing the proportions of dutiable ingredients used in the making of the different kinds of explosive compounds manufactured, and such books shall be open to the inspection of the Commissioner of Customs, or his deputy, at all times.

The Commissioner of Customs may require that imported articles on which it is proposed to claim a refund of duty, shall be separately stored.

2. A refund of the duties originally paid on boxes, wooden, imported into the Union, or in shooks, put together therein, and re-exported as the containers of Union produce or manufactures, shall be made provided the following conditions are complied with:—

The applicant for the refund of duty shall furnish the Commissioner with—

- (a) the name of the importing vessel, and the number and date of the entry on which duty was originally paid;
- (b) the separate numbers, sizes, and values of the boxes as represented in the number of pieces or shooks originally imported, and the separate numbers, sizes, and values of the boxes exported as containers of Union produce or manufactures;
- (c) the name of the exporting vessel and the number and date of the export bill of entry;
- (d) proof of shipment.

## REBATE OF DUTY ON GOODS IMPORTED BY CONSUL.

(Section 6, of Act No. 26, of 1914.)

All goods (not being private wearing apparel and effects, food or drink, or tobacco in any form) for the official or private use of Consuls shall be admitted into the Union under a rebate of the full duties payable thereon, on a certificate under the hand of such Consul that the goods on which the exemption from duty is claimed are solely for his official use (as the Consul may declare) and upon an undertaking by him that, if the goods are sold or otherwise disposed of in the Union, the duty related will be forthwith paid to the Commissioner of Customs.

## COMMERCIAL TRAVELLERS: REFUND OF DUTY ON SAMPLES RE-EXPORTED.

(Section 6, of Act No. 26, of 1914.)

In order to obtain a refund of the duty originally paid on *bona fide* travellers' samples on the re-export thereof, the following conditions must be complied with:—

- (a) The samples in question must be re-exported within twelve months of the date of importation.
- (b) Due notice must be given of the intended shipment to the Collector of Customs at the port of export.
- (c) The original invoices, bearing the date-stamp of the Customs officer who verified the importation of the samples in question must be produced and every facility for the examination of the goods shown thereon must be given. The containing packages shall therefor be sealed by the Customs officer.
- (d) A certificate must be produced from the proper officer of Customs to the effect that the packages have been duly shipped and that the Customs seals were intact.

## TOURISTS: REFUND OF THE DUTY PAID ON PERSONAL EFFECTS, FIREARMS, MOTOR CARS, ETC., OF.

A refund of the duty originally paid will be made on all articles not intended for consumption in the Union imported by *bona fide* tourists for their use, convenience or comfort while in the Union, under the following conditions:—

- (a) The goods or articles must be re-exported within a period of six months from the date of importation.
- (b) Due notice must be given to the collector of customs at the port of shipment of the intention to re-export the articles on which a refund of duty will be claimed, and at the same time the owner must produce proof of the original payment of duty.
- (c) A certificate must be produced from a proper officer of Customs that the goods referred to therein have been duly shipped.

## WINES AND SPIRITS FOR THE USE OF THE GOVERNOR-GENERAL.

(Section 5, of Act No. 26, of 1914.)

A rebate of the full duty shall be allowed on wines and spirits imported by or taken out of bond for the use of the Governor-General.

## REBATE OF DUTY ON ARTICLES IMPORTED BY THE COMMANDER-IN-CHIEF OF HIS MAJESTY'S IMPERIAL MILITARY FORCES STATIONED IN THE UNION.

(Section 5, of Act No. 26, of 1914.)

A rebate of the full duty payable thereon shall be allowed any article imported by or taken out of bond for the personal use of the Commander-in-Chief of the Imperial Military Forces stationed in the Union, on production of the following certificate:—

I, \_\_\_\_\_, the Commander-in-Chief of His Majesty's Imperial Military Forces stationed in the Union of South Africa, do hereby certify that the articles as enumerated hereunder are intended solely for my personal use, and I undertake, if any of those articles are sold or otherwise disposed of in the Union, to forthwith pay the duty thereon to the Commissioner of Customs.

## ALLOWANCE IN LIEU OF A REBATE OF DUTY TO MEMBERS OF HIS MAJESTY'S MILITARY FORCES.

(Section 5, of Act No. 26, of 1914.)

An allowance at the rate of £5 per annum for each member thereof stationed in the Union shall be paid to the approved representative of His Majesty's Regular Military Forces, in lieu of a rebate of duty on goods imported or taken out of bond (not being Public Stores, the property of the Imperial Government) for the use or consumption of such members, on a certificate under the hand of the Commander-in-Chief that the total number of such members were actually in garrison in the Union during the period for which the allowance is claimed.

## REBATE OF DUTY ON GOODS FOR MEMBERS OF HIS MAJESTY'S NAVAL FORCES IN THE UNION.

(Section 5, of Act No. 26, of 1914.)

A rebate of the full duty shall be allowed on all goods and articles imported by or taken out of bond by, members of His Majesty's Naval Forces when intended for use or consumption on board of any of His Majesty's ships. The members importing or taking out of bond any goods or articles shall declare them to be for consumption or use on board the ship he is serving on, and shall undertake not to land the same without the permission of the Collector of Customs, and the payment to him of the duty levied thereon.

## REBATE OF DUTY ON SOAP AND OTHER LIKE SUBSTANCES USED IN CONNECTION WITH THE INDUSTRY OF WOOLWASHING.

(Section 5, of Act No. 26, of 1914.)

The soap or other like substance on which the rebate will be claimed shall on first entry thereof or on delivery from the bonded warehouse, be fully duty paid, and the wool-washer shall at the same time subscribe to a declaration to the effect of entry clearly setting forth that the soap or other like substance is entered for and to be used exclusively in connection with the industry of woolwashing, and that no portion of such soap or other like substance shall be used for any other purpose whatsoever. The soap or other like substance shall be removed direct from the ship's side, or warehouse, to the wool-washer, and shall be stored in a separate room. The wool-washer shall provide and keep a stock book showing clearly all receipts and deliveries and details in connection with the use of such soap or other like substance, and such book and the stock of soap or other like substance on hand shall be open at all times to the inspection of a duly authorised officer. The rebate of duty claimed shall not be allowed until notice has been given to the satisfaction of the Commissioner of Customs that the soap or other like substance has been used exclusively for the purpose for which it was entered and declared.

## THE REMOVAL OF PROHIBITED GOODS AND GOODS ON WHICH THE DUTY MAY BE SUSPENDED.

(Section 14, of Act No. 26, of 1914.)

Goods that are prohibited to be imported into the Union, and not prohibited to be imported into any territory outside the Union, and goods upon which the duties may have been suspended in the Union, shall be removed to any such territory in bond, and be subject to the regulations framed under Act No. 9 of 1913, regarding the removal of goods in bond.

## REMOVAL OF GOODS BETWEEN THE UNION AND RHODESIA.

Regulations are also prescribed in much detail, regarding the removal of goods between the Union of South Africa and the Territories of Northern and Southern Rhodesia.

## REVISED CUSTOMS BILLS OF 1915.

Under a further Government Notice (No. 1085) of 27 July, 1914, certain Bills of Entry prescribed in accordance with the provisions of Section 118 of the Customs Management Act, 1913, and of Government Notice No. 194 of 1913, are revised, with effect from the above-mentioned date.

Act No. 16, of 1907, to Prohibit the Export of Ostriches and Ostrich Eggs.

[Promulgated on 29th August, 1907.]

(The Cape of Good Hope Government Gazette Extraordinary of 29th August, 1907.)

[NOTE.—The provisions of the above Act are likewise applicable to Natal, Orange Free State and Southern Rhodesia.]

Whereas it is desirable to prohibit the exportation of ostriches and ostrich eggs from this Colony: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and the House of Assembly thereof, as follows:

1.—Act No. 24 of 1884, intitled the "Ostrich Export Duty Act, 1884," is hereby repealed.

2.—It shall not be lawful to export any ostrich or ostrich egg, except as hereinafter provided, to any place beyond the limits of this Colony or to any country separated therefrom by sea, provided, however, that this prohibition shall not apply to the export of any ostrich or ostrich egg to any neighbouring Colony or State which shall, by its own Legislature, have similarly prohibited the exportation of ostriches and ostrich eggs, subject to the aforesaid exemption to any neighbouring Colony or State, and under a penalty not less than that provided by the Act.

3.—Every person who shall contravene the provisions of this Act by exporting any ostrich or ostrich egg (except as hereinafter excepted), shall on conviction be liable to imprisonment with or without hard labour for any term not less than twelve months nor more than two years.

4.—All penalties under this Act may be enforced in the Court of the Resident Magistrate of the District in which the offence was committed.

5.—This Act may be cited for all purposes as the "Ostrich Export Duty Act, 1907."

## NORTHERN RHODESIA

## CUSTOMS PROCLAMATION No. 58, OF 1911.

## FIRST SCHEDULE.

## BASIS OF THE CONGO.

This basin is bounded by the watershed (or mountain ridges) of the Congo basin, namely, in particular, those of the Niari, the Ogoué, the Sangha, and the Nile, on the north; by the Eastern watershed line of the Affluents of Lake Tanganyika on the east; and by the watershed of the basins of the Zambezi and the Loge on the south. It therefore comprises all the regions watered by the Congo and its affluents, including Lake Tanganyika with its eastern tributaries.

(1) The Protectorate there shall be paid to the Commissioner the duties set out in Schedule I, hereof, provided that such duties shall not be levied or payable on any goods which are imported as are brought to a Transit Station or are declared to be in Transit and in respect of which the revenues hereinafter contained as to Goods in Transit are duly observed.

(2) In the case of Distilled and Alcoholic Liquors the Import Duties shall be those of the British Central Africa Liquor Ordinance, 1901, and in the case of liquors containing any substance in liquor hereafter enacted in this Ordinance, and the duties and charges, in so far as they relate to Customs matters, shall be read as one with this Ordinance and all the provisions of the said Ordinance shall apply thereto.

(3) The Commissioner may by notice in the *Gazette* or otherwise require, in respect of any particular importation or exportation of goods or classes of goods, and any grant rebates, drawbacks or otherwise may be made in respect of such goods, and all such rebates, drawbacks, concessions, and variations shall take effect subject to disallowance by the Commissioner of any claim in respect of such goods, and the Commissioner shall order.

(4) In respect of all goods lawfully imported into the Protectorate there shall be paid for Road and River Duties, Wharfage, Docks, Distraction Fees, Re-impatriation Certificates, Licences to import and charges other than Import and Export Duties the fees set out in Schedule II, hereof.

(5) The Commissioner shall have the like powers, exercisable in the like manner of possession, revocation, amendment and variation of the said Schedule as are exercisable by him under Section 22 hereof in respect of Schedule I.

(6) Where any exemption is claimed from payment of any Customs Duties or other fees or charges in respect of any goods, the person claiming exemption by or under this Ordinance, the burden of proof shall be upon him to show to the satisfaction of the Commissioner that he is entitled to such exemption.

#### IMPORTATION AND WAREHOUSING.

(1) It shall be lawful to import within the Protectorate any goods the importation of which is not prohibited by or under Section 22 hereof and to warehouse the same, without payment of duty on the first entry thereof; provided always that the duties on such goods as the Commissioner may from time to time direct shall be paid on the first importation thereof and such goods shall not be warehoused other for home consumption or exportation.

(2) No goods shall be deemed to be imported from any particular place unless they are imported direct from such place, and shall have been there when on board the importing ship, other as the first shipment of such goods or after the same shall have been actually landed at such place.

(3) The importation of any of the following goods is prohibited, whether for home use or consumption or in course of transit, that is to say:

(a) False or counterfeit coin, or even not the established standard in weight or fineness, or counterfeit banknotes, postal orders or money orders, bonds and the like;

(b) Indecent or obscene prints, paintings, photographs, books, cards, lithographs, or other engravings, or any other indecent or obscene articles;

(c) Provisions which are unfit for human food;

(d) Any seeds or plants the importation of which is prohibited by or under any Regulations, Ordinances or Rules now in force or hereafter enacted;

(e) Any goods the importation of which is for the time being prohibited by any proclamation made by the Commissioner for the protection of the public health or for other purposes of public policy;

(f) Articles of foreign manufacture bearing the name, address, or trademark of any manufacturer or of a dealer in such articles resident in the United Kingdom or in any British possession or Protectorate, or in Cyprus, or bearing the name of any place in the United Kingdom or in any British possession or Protectorate, or in Cyprus, and calculated to import to them a special election of British manufacture;

(g) Machine-guns, breech-loading rifles, revolvers, magazine-guns, or other firearms and their cartridges, bullets, shot, or other ammunition: Provided that the Commissioner may by notice authorize any person to import, whether for home use or in course of transit, any specified arms or ammunition. Such license shall be in the form and shall be granted on payment of the stamp duty, for the time being, on the conditions and in the form which the Commissioner may prescribe, and may be revoked, varied, or suspended by the Commissioner whenever he may think fit.

(4) Any person importing goods in breach of this section or being in any way concerned in such importation, shall be liable to imprisonment for any period not exceeding three months, or to a fine not exceeding £50, or to both, and the goods in respect of which the offence was committed may be forfeited.

#### V.—GOODS IN TRANSIT.

(1) Subject to the Rules as to Goods in Transit hereinafter provided all Goods in Transit shall be free from Import and Export Duties, but there shall be paid to the Commissioner as full compensation for expenditure in the interests of trade the fees set out in Schedule IV, hereof and the Commissioner shall have the like powers exercisable in the same manner of possession, revocation, amendment and variation of the said Schedule as are exercisable by him under Section 22 hereof in respect of Schedule I and Export Duty: Provided always that the Commissioner may from time to time by notice in the *Gazette* direct that such goods as are in such notice specified shall be exempt from payment of all or any of the fees set out in the said Schedule.

#### SCHEDULE I.

##### A.—IMPORTS.

(1) Save as hereinafter provided a duty of 10% *ad valorem* shall be charged on all goods imported into the Protectorate.

(2) The goods *ad valorem* shall be taken to refer to the value of goods as they bear at the port of shipment, and not to the trade discount and not to the net value after charges.

(3) Un-distilled liquors there shall be paid the following import duties, that is to say:

(a) On all distilled liquors with the exceptions hereinafter mentioned there shall be paid import duty at the rate of fifteen shillings per gallon proof spirit as ascertained by the sales hydrometer and so on in proportion for any greater or less degree of strength or any greater or less quantity.

(b) On scents, perfumes and other similar mixtures containing any alcohol, water and essential oil or after there shall be paid import duty at the rate of 10% *ad valorem*.

#### THE EAST AFRICA LIQUOR ORDINANCE, 1902. (No. 27 of November 12, 1902.)

1. From and after the date hereof, no distilled or alcoholic liquors shall be imported into or sold or dealt in within the Protectorate otherwise than in accordance with this Ordinance.

2. Distilled liquor may be admitted for the use of the non-native population only.

#### Importation.

3. No person shall import any distilled or alcoholic liquors into the Protectorate for the purposes of sale without a licence.

4. (1) Licences to import distilled or alcoholic liquors into the Protectorate for sale may be granted by such licensing authority and upon such terms and conditions as the Commissioner may by rules prescribe, provided that the fee for such licence for the period of one year shall not exceed 1,000 rupees. (2) No person shall be entitled to demand a licence as of right.

5. Distilled and alcoholic liquors may be imported into the Protectorate without licence for the purpose of being consumed by the importer; but in the event of any such liquor being retained as to the character of any importation of such liquors, it shall be deemed to be an importation for the purposes of sale unless and until the contrary is proved.

6. The Commissioner may make rules for the bonding of any distilled or alcoholic liquors, and for the testing of any distilled liquors imported into or manufactured in the Protectorate.

#### UGANDA PROTECTORATE.

#### AN ORDINANCE ENACTED BY THE ACTING GOVERNOR OF THE UGANDA PROTECTORATE.

(No. 6, Dated May 25, 1903.)

Enacted hereby as follows:—

1. This Ordinance may be cited as "The Customs Tariff Ordinance, 1903."  
2. On and after the publication of this Ordinance there shall be raised, levied, collected and paid unto His Majesty, his heirs and successors, for

the use of the Government of the Uganda Protectorate upon goods imported into and exported from the Uganda Protectorate, the several duties of customs as the same are respectively inserted, described, and set forth, in the first and second tables of duties of customs to this Ordinance annexed.

Provided that:

(1) It shall be lawful for the importer or exporter if he so desires to pay the import or export duty leviable on goods imported or exported by him in kind if the nature of such goods permit of such payment.

(2) Goods received in payment of duty shall be sold by public auction or otherwise disposed of as the Chief of Customs shall direct, and the sum received therefor credited to the revenue of the Protectorate.

3. The goods enumerated and described in the third table to this Ordinance annexed shall and may be imported free of duty.

4. (1) The value of goods upon which duty is leviable *ad valorem* shall, for the purposes of this Ordinance, be deemed to be the cash price for which the goods are capable of being sold in the Customs House without profit or loss to the importer or exporter at the time and place of importation or exportation, as the case may be, without any abatement or deduction whatever, except (in the case of goods imported) the amount of duties payable on the importation thereof.

(2) The Chief of Customs may, with the approval of the Governor, fix a scale or scales or percentages to be added to the first cost of goods to be valued to cover any charges which should be taken into consideration in estimating the cost at which such goods can be delivered at the place of importation and which are difficult to ascertain.

5. Nothing in this Ordinance contained shall be deemed to affect the provisions of "The Uganda Customs Consolidation Ordinance, 1904," Section 16.

6. "The Customs Ordinance, 1904," and Sections 6 and 7 of "The Uganda Liquor Ordinance, 1903," are hereby repealed.

## TARIFF.]

MONEY, WEIGHTS AND MEASURES.—1 Dollar = 100 cents.

Weights and measures same as Great Britain, with the exception that the cwt. equals 100 lbs. and the ton equals 2,000 lbs. avoirdupois.  
For goods subject to drawback, see Schedule B; prohibited goods, Schedule C. For the dumping clause and regulations respecting the surtax, see Appendix.

For lists of goods enjoying the benefits of the intermediate rate and a special rate of duty under the Convention respecting the commercial relations between Canada and France, see 109 of Tariff.  
For list of goods the origin of Belgium, the Netherlands, and Italy enjoying the benefits of the intermediate tariff, see p. 75.

## AN ACT RESPECTING THE DUTIES OF CUSTOMS.

As amended by various Orders in Council with effect from Feb. 12, 1915.

His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:

1. This Act may be cited as *The Customs Act*, 1907.  
2. In this Act, and in any other Act relating to the customs, unless the context otherwise requires—

- (a) "M. ft." represents and has the meaning of the words "one thousand feet board measure";
- (b) "n.o.p." represents and has the meaning of the words "not otherwise provided for";
- (c) "gallon" means an Imperial gallon;
- (d) "ton" means two thousand pounds avoirdupois;
- (e) "proof," "proof spirit" or "proof spirits," when applied to wines or spirits of any kind, means spirits of a strength equal to that of pure ethyl alcohol compounded with distilled water in such proportions that the resultant mixture shall at a temperature of sixty-two degrees Fahrenheit have a specific gravity of 0.9187 as compared with that of distilled water at the same temperature;
- (f) "gauge," when applied to metal sheets or plates or to wire, means the thickness as determined by the Imperial Standard Gauge;
- (g) "in diameter," when applied to tubing, means the actual inside diameter;
- (h) "sheet," when applied to metals, means a sheet or plate not exceeding three-sixteenths of an inch in thickness;
- (i) "plate," when applied to metals, means a plate or sheet more than three-sixteenths of an inch in thickness;
- (j) "per centum," when used in connection with the word "duty," represents and has the meaning of the words "per centum, ad valorem";
- (k) "free" in any one of the said tariff columns means that the goods opposite which the word appears, and to which the tariff in the said column applies, may be imported and taken out of warehouse for consumption in Canada, without duty;
- (l) "iron" includes "steel";
- (m) "rolled iron" or "rolled steel" means iron or steel hot rolled only.

2. The expressions mentioned in section 2 of *The Customs Act*, whenever they occur herein, or in any Act relating to the customs, unless the context otherwise requires, have the meaning assigned to them respectively by the said Section 2; and any power conferred upon the Governor in Council by *The Customs Act* to transfer dutiable goods to the list of goods which may be imported free of duty or to alter the rates of duty on dutiable goods is not hereby abrogated or impaired.

3. Subject to the provisions of this Act and of *The Customs Act*, there shall be levied, collected and paid upon all goods enumerated, or referred to as not enumerated, in Schedule A to this Act, when such goods are imported into Canada or taken out of warehouse for consumption therein, the several rates of duties of Customs, if any, set opposite to each item respectively or charged on goods as not enumerated, in the column of the tariff applicable to the goods, subject to the following conditions, viz.:—

- (1) The rates of customs duties, if any, set forth in column 1 of British Preferential Tariff, shall apply to goods the produce or manufacture of the following British countries when imported direct from any British country:—  
the United Kingdom;  
the British colony of Bermuda;  
the British colonies commonly called the British West Indies, including the following:—  
the Bahamas;  
Jamaica;  
Turks and Caicos Islands;  
the Leeward Islands (Antigua, St. Christopher, Dominica, Montserrat and the Virgin Islands);  
the Windward Islands (Grenada, St. Vincent and St. Lucia);  
Barbados;  
Trinidad and Tobago;  
British Guiana;  
British India;  
Ceylon;  
Straits Settlements;  
New Zealand;  
Cape of Good Hope;  
Natal;  
Orange Free State;  
Transvaal;  
Southern Rhodesia;  
Swaziland;  
Basutoland;  
Bechuanaland Protectorate;  
Northern Rhodesia;  
Kyasaland Protectorate;  
Uganda Protectorate;  
East Africa Protectorate;  
Protectorate of Northern Nigeria;  
Protectorate of Southern Nigeria;  
Gold Coast;  
Sierra Leone;  
Gambia;  
Somaland Protectorate;  
Federation Malay States;  
British North Borneo;  
Sarawak;  
Brunei;  
Mauritius and Dependencies;  
Seychelles;  
St. Helena;

Ascension;  
Friedrich and Tonga Islands;  
Fiji;

Falkland Islands;

British Honduras;

and any other British colony or possession or protectorate to the benefit of the British Preferential Tariff in Canada, in the manner hereinafter provided;

(2) The rates of customs duties, if any, set forth in column 2 of Intermediate Tariff, shall apply to goods the produce or manufacture of any British or foreign country to which the benefits of such Intermediate Tariff shall have been extended in the manner hereinafter provided, when imported direct from such foreign country or from a British country;

(3) The rates of customs duties, if any, set forth in column 3, General Tariff, shall apply to all goods not entitled to admission under the Intermediate Tariff or under the British Preferential Tariff;

(4) Proof of origin, as prescribed by the Minister of Customs, shall be furnished by the bill of entry at the time of importation, and the decision of the Minister of Customs shall be final as to the tariff or surtax applicable in any case to imported goods by reason of their origin;

(5) Goods for which entry is claimed under the Intermediate Tariff must be bona fide the produce or manufacture of a country which has been admitted to the benefits of the Intermediate Tariff;

(6) Every manufactured article to be admitted under the British Preferential Tariff must be bona fide the manufacture of a British country entitled to the benefits of the British Preferential Tariff, and a substantial portion of the value of the manufactured article must have been produced by labour in one or more of such countries.

4. The Governor in Council, may, by order in Council—

(a) extend the benefit of the British Preferential Tariff to any British country not named in paragraph (1) of Section 3, and from and after the publication of such order in the *Canada Gazette*, the British Preferential Tariff shall apply to goods the produce or manufacture of such British country, subject to the provisions of this Act;

(b) withdraw the benefit of the British Preferential Tariff from any British country (other than the United Kingdom) which has received the said benefit, and from and after the publication of such order in the *Canada Gazette*, the General Tariff or the Intermediate Tariff, as mentioned in the said order, shall apply to goods the produce or manufacture of such British country subject to the provisions of this Act;

(c) from time to time, in consideration of benefits accorded to the Governor in Council, extend the benefit of the Intermediate Tariff, in whole or in part, to any British or foreign country the produce or manufacture of which have previously been subject to the rates of customs duties set forth in the General Tariff, and from and after the publication of such order in the *Canada Gazette*, the rates of duty set forth in the Intermediate Tariff, so far as they are mentioned in the said order, shall apply to goods the produce or manufacture of such British or foreign country, when imported direct from such foreign country or from a British country, subject to the provisions of this Act; and

(d) withdraw the benefit of the Intermediate Tariff from any country to which it has been extended, and from and after the publication of such order in the *Canada Gazette*, the rates of customs duties set forth in the General Tariff shall apply to goods the produce or manufacture of such country, subject to the provisions of this Act.

5. On and after a date to be named by the Governor in Council, in a proclamation published in the *Canada Gazette*, the British Preferential Tariff shall apply only to goods brought into Canada by ship direct to a Canadian seaport.

6. In the case of articles exported to Canada of a class or kind made or produced in Canada, if the export or actual selling price to an importer in Canada is less than the fair market value of the same article when sold for home consumption in the usual and ordinary course in the country whence exported to Canada at the time of its exportation to Canada, there shall in addition to the duties thereon established, be levied, collected and paid on such article, on its importation into Canada, a special duty or dumping duty equal to the difference between the said selling price of the article for export and the said fair market value thereof for home consumption; and such special duty (or dumping duty) shall be levied, collected and paid on such article, although it is not otherwise dutiable.

Provided that the said special duty shall not exceed fifteen per cent. ad valorem in any case.

Provided also that the following goods shall be exempt from such special duty, viz.:—

- (a) goods whereon the duties otherwise established are equal to fifty per cent. ad valorem;
- (b) goods of a class subject to excise duty in Canada;
- (c) sugar refined in the United Kingdom;
- (d) binder twine or twine for harvest binders manufactured in New Zealand hemp (stale or tannin fibre, sisal grass or ramie, or a mixture of any two or more of them, of single ply and consisting not exceeding six hundred feet to the pound).

Provided further that excise duties shall be disregarded in estimating the market value of goods for the purpose of special duty when the goods are entitled to entry under the British Preferential Tariff.

(7) "Export price" or "selling price" in this section shall be held to mean and include the exporter's price for the goods, exclusive of all charges thereon after their shipment from the place whence exported directly to Canada.

(8) If at any time it appears to the satisfaction of the Governor in Council, on a report from the Minister of Customs, that the payment of the special duty by this section provided for is being evaded by the shipment of goods on consignment without sale prior to such shipment, the Governor in Council may in any case or class of cases, or any of them the same special duty as if the goods had been sold by an importer in Canada prior to their shipment to Canada.

(9) If the full amount of any special duty of customs is not paid on goods imported, the customs entry thereof shall be amended, and the deficiency paid up, at the demand of the collector of customs.

7) The Minister of Customs may make such regulations as are deemed necessary for carrying out the provisions of this section and for the enforcement thereof.

(4) Such regulations may provide for the temporary exemption from special duty of any article or class of articles, when it is established to the satisfaction of the Minister of Customs that such articles are not made or sold in Canada in substantial quantities and offered for sale to all purchasers on equal terms under like conditions, having regard to the custom and usage of trade.

(7) Such regulations may also provide for the exemption from special duty of any article when the difference between the fair market value and the selling price thereof to the importer as aforesaid amounts only to a small percentage of its fair market value.

7. (a) That goods the product or manufacture of any foreign country which treats imports from Canada less favourably than those from other countries may be made subject by Order in Council in the case of goods already dutiable to a surtax not exceeding 20% *ad val.*; and in the case of goods not dutiable to a rate of duty not exceeding 20% *ad val.*

That goods the product or manufacture of any foreign country imported into Canada in vessels registered in such foreign country, may if such foreign countries and higher duties of customs upon goods imported into such country in vessels of such country, be made subject to the same duties of customs as goods imported in Canada than upon the importation of such goods in vessels of such country, be made subject by order in Council in the case of goods already dutiable to a surtax not exceeding 20% *ad val.* and in the case of goods not dutiable to a rate of duty not exceeding 20% *ad val.*

8. Notwithstanding anything in this Act, fish and other products of the fisheries of Newfoundland may be imported into Canada free of customs duty until otherwise determined by the Governor in Council, by order published in the Canada Gazette.

9. Fish caught by fishermen in Canadian fishing vessels, and the products thereof carried from the fisheries in such vessels, shall be admitted into Canada free of duty under regulations by the Minister of Customs.

10. On the materials set forth in Schedule B to this Act, when used for consumption in Canada for the purpose specified in that schedule, there shall be paid, out of the Consolidated Revenue Fund, the several rates of drawback of customs duties set opposite to each item respectively in that schedule, under regulation by the Governor in Council.

14. The importation into Canada of any goods enumerated, described or referred to in Schedule C to this Act is prohibited; and any such goods imported shall therefore become forfeited to the Crown and shall be destroyed or otherwise dealt with as the Minister of Customs directs; and any person importing any such prohibited goods, or causing or permitting them to be imported, shall for each offence incur a penalty not exceeding one hundred dollars.

[illegible]

(2) Whenever the Governor in Council seems it to be in the public interest to inquire into any conspiracy, combination, agreement or arrangement alleged to exist among manufacturers or dealers in any article of commerce to unjustly promote the exportation of the manufacturers or dealers in such article at the expense of the consumers, the Governor in Council may commission or empower any judge of the Supreme Court, or of the Exchequer Court of Canada, or of any superior court of equity, court in Canada, to hold an inquiry in a summary way and report to the Governor in Council whether such conspiracy, combination, agreement or arrangement exists.

3) The judge may compel the attendance of witnesses and examine them under oath and require the production of books and papers, and shall have such other necessary powers as are conferred upon him by the Governor in Council for the purpose of such inquiry.

9) If the judge reports that such conspiracy, combination, agreement or arrangement exists in respect of such article, the Governor in Council may admit the article free of duty, or so reduce the duty thereon as to give to the public the benefit of reasonable competition in the article, if it appears to the Governor in Council that such disadvantage to the consumer is facilitated by the duties of customs imposed on a like article.

3. Nothing in this Act shall affect *The French Treaty Act, 1894*, or Chapter 3 of the Statutes of 1896, intitled *An Act respecting Commerce with the United States affecting Canada*.

4. *The Customs Tariff*, Chapter 19 of the Revised Statutes 1906 is hereby amended to read as follows:

5. All orders in council placing articles on the free list or reducing rates of duties, and all other orders in council and departmental regulations inconsistent with any of the provisions of this Act, are repealed.

5. This Act shall be deemed to have come into operation on the  
fifteenth day of November, one thousand nine hundred and six, and to  
apply and have applied to all goods imported or taken out of warehouse  
consumption on or after that day, and to have also applied, secondly

§ 1. The Act (No. 56 of 1908) provides that no proprietary or patent article shall be manufactured, imported, exported, sold or offered for sale in the Dominion, if it contains cocaine or any of its salts or preparation.

Under the Act of May 19, 1911, it is provided that every person who without lawful or reasonable excuse, imports, manufactures, sells, offers for sale, has in his possession, or takes or carries from any place in Canada to any other place in Canada, or to any other country, any substance or medicinal purposes, shall be guilty of a criminal offence, and shall be liable to a fine not exceeding \$500 and costs or to imprisonment for one year.

Under the Franco-Canadian Convention of 1907, provision is made for a special duty of 25 % ad val. on all medicinal etc. preparations, other than dry and not containing alcohol—the produce of France and certain other countries.

## THE DUMPING CLAUSES.

For Provisions of the Customs Tariff, 1907, in regard to Special Duty or Dumping duty, see Article 6 of the Act preceding the tariff.

Regulations or Order in Council and by the Department of Customs respecting Invoices, Entries and Special Duty:—

1. Invoices in duplicate properly certified shall be delivered at the Custom House with the bill of entry for all imported goods.
2. Every such invoice shall contain a sufficient and correct description of the goods, and in respect of goods sold by the exporter shall show in one column the retail price at which the articles have been sold to the importer, and in a separate column the fair market value of each article as sold for home consumption in the country of export.
3. The "price" and "value" of goods in every case aforesaid are to be stated as in condition packed ready for shipment at the time when, and at the place where, the goods have been exported directly to Canada.
4. When the value of goods for duty purposes is determined by the Minister of Customs under the provisions of the Customs Act, by reason of the goods being exported or imported under unusual conditions, the value so determined shall be held to be the fair market value thereof.
5. In making the entry the "Special Duty" may be shown by itself in the "net duty" column of the entry on the line below the article subject to special duty or on the line below continuous numbers of articles subject to special duty.
6. Goods of a class or kind made in Canada are subject to special duty, when sold for export to Canada at a less price than for home consumption in the country of export, where such goods be otherwise free of duty or subject to specific or ad valorem duties—with the exceptions stated in Clause 6 of the Tariff as herebefore intimated.

7. By Regulations in force from May 1st, 1907,—Under the Special Duty provisions of the Customs Tariff, the special duty is not to apply in the following cases, viz:—

- (a) In respect of iron and steel, rolled, drawn or polished when the difference between the fair market value and the selling price of such iron and steel to the importer in Canada does not exceed 5% of their fair market value;
- (b) In respect of iron and steel tubing, threaded and coupled or not, 4 ins. or less in diameter, when the difference between the fair market value and the selling price of such tubing to the importer in Canada does not exceed 3% of its fair market value;
- (c) Provided that special duty or dumping duty under the Customs Tariff, 1907, shall without exemption allowance apply to iron and steel tubing, threaded and coupled or not, over 4 ins. in diameter, such tubing being of a class or kind made in Canada.
- (d) In respect of other goods when the difference between the fair market value and the selling price of the goods to the importer in Canada does not exceed 7½ of their fair market value.

Provided that the whole difference shall be taken into account for special duty purposes when exceeding 4 ins. or less in diameter, and when exceeding 7½ in other cases.

8. *Bona fide samples*, admitted without Special Duty.—Articles of mail, merchandise for use bona fide as samples for sale of similar goods are to be admitted without special duty (subject, however, to ordinary duties as heretofore).

9. *Advance in Market Value after purchase of goods by importer not subject to Special Duty.*—The amount of any advance in the market value of goods between the time of their purchase by the importer and the date of their exportation to Canada shall not be subject to special duty after the 9th November, 1901, provided the goods have been exported in the usual course and the actual date of purchase established to the satisfaction of the collector by contracts or other sufficient documents produced by his inspection and attested to.

Provided, however, in respect of goods subject to an ad valorem duty, that the *ad valorem duty* shall be collected (as heretofore) on the fair market value of the goods as at the time of their direct exportation to Canada under the provisions of section 95 of the Customs Act.

10. *Rule to be observed for Special Duty purposes when in compliance with the Fair Market Value.*—In computing the difference for Special Duty purposes between the "Fair Market Value" in the country of export and the "Selling Price to the importer in Canada," the fair market value of goods is to be estimated on the usual or fit basis, except when the article is universally sold in the course of export for cash only, in which case the fair market value is to be ascertained on a cash basis. Provided that a *bona fide* discount for cash not exceeding 2½, when allowed and indicated by the exporter on his invoice may be taken in estimating the fair market value of goods for duty purposes.

## Examples:—

- (1) Hats sold for Home Consumption at \$100 on Credit, subject to 2% Cash discount, would be liable to special duty if sold to a purchaser in Canada on usual credit at \$92, and not liable to special duty if sold to a purchaser in Canada for \$92 cash.
- (2) Machinery sold for Home Consumption at \$100 on Credit, subject to 2% Cash discount, would not be liable to special duty if sold to a purchaser in Canada for \$94 Cash, as the 2% difference does not exceed 2½ after raising the Cash price (\$94) by 2½ to \$96.75, the equivalent.

SCHEDULE C. (continued).

## THE EXPORT ACT.

Extract from Chapter 59 of the Revised Statutes, 1906.

## Section 5.

to export of two carcasses, or parts thereof, of any deer, except as authorized by regulation of the Governor in Council made under the authority of the Customs Act; and (c) wild turkeys, quail, partridge, prairie fowl and woodcock; and hereby declared unlawful and prohibited, and any such article attempted to be exported may, on reasonable excuse of suspicion of intention to export, be seized by any officer of customs, and, if such intention is proved, shall be dealt with as for breach of the Customs Laws. Provided, that this section shall not apply to the exports under such regulations as are made by the Governor in Council, of any carcasses or part thereof of any deer raised or bred by any person, company or association of persons upon his or their own lands.

## Section 6.

Any person exporting or attempting to export in the carcasses, or parts thereof, any deer, wild turkeys, quail, partridge, prairie fowl or woodcock, contrary to the provisions of this Act, shall for each such offence incur a penalty of one hundred dollars, and the article so exported or attempted to be exported shall be forfeited and may be seized by any officer of customs.

## AMENDED CERTIFICATES OF ORIGIN ON INVOICES.

## (1) BRITISH PREFERENTIAL TARIFF.

The following regulations have been made and established by Order in Council of 17th December, 1909:—

"That each article on this invoice is *bona fide* the produce or manufacture of a country entitled in Canada to the benefits of the British Preferential Tariff and specified on the invoice as its country of origin, and that each manufactured article on the invoice in its present form ready for export to Canada has been finished by a substantial amount of labour in such country, and not less than one-fourth the cost of production of each such article has been produced through the industry of one or more British countries."

"A certificate of origin as hereinafter set forth is prescribed to be written, printed or stamped on the invoice as its country of origin, and that each manufactured article on the invoice in its present form ready for export to Canada has been finished by a substantial amount of labour in such country, and not less than one-fourth the cost of production of each such article has been produced through the industry of one or more British countries."

"Each certificate shall be made and signed by the exporter personally, or on his behalf by his manager, chief clerk or other principal official having knowledge of the facts to be certified to, and shall contain the following statement of facts, viz.:—

## B.

"That each article on this invoice is *bona fide* the produce or manufacture of a country entitled in Canada to the benefits of the British Preferential Tariff and specified on the invoice as its country of origin, and that each manufactured article on the invoice in its present form ready for export to Canada has been finished by a substantial amount of labour in such country, and not less than one-fourth the cost of production of each such article has been produced through the industry of one or more British countries."

[NOTE.—Goods for entry under the British Preferential Tariff are to be invoiced separately from other goods.]

The invoice forms for entry under the British Preferential Tariff in Canada remain as heretofore prescribed, except as to the above certificate, the surtax certificate being, however, dispensed with on Preferential invoices.

The following is the full form combining the certificate of value and of origin prescribed to be written, printed or stamped on invoices of articles for entry under the British Preferential Tariff in Canada, when the goods have been *sent by the exporter prior to shipment*.—

## FORM M.—B.

I, the undersigned, do hereby certify as follows:—

(1) That I am the (1) exporter of the goods in the within invoice mentioned or described;

(2) That the said invoice is in all respects correct and true;

(3) That the said invoice contains a true and full statement showing the price actually paid for or to be paid for the said goods, the actual quantity thereof, and all charges thereon;

(4) That the said invoice also exhibits the fair market value of the said goods at the time and place of their direct exportation to Canada, and as when sold at the same time and place in like quantity and condition for home consumption in the principal markets of the country whence exported directly to Canada, without any discount or deduction for cash, or on account of any drawback or bounty, or on account of any royalty actually payable thereon when sold for home consumption, but not payable when exported, or on account of the exportation thereof, or for any special consideration whatever;

(5) That no different invoice of the goods mentioned in said invoice has been or will be furnished to any one; and

(6) That no arrangement or understanding affecting the purchase price of the said goods has been or will be made or entered into between the said exporter and purchaser or by any one on behalf of either of them, either by way of discount, rebate, salary, commission or in any manner whatsoever other than as shown in the said invoice.

"That each article on this invoice is *bona fide* the produce or manufacture of a country entitled in Canada to the benefits of the British Preferential Tariff and specified on the invoice as its country of origin, and that each manufactured article on the invoice in its present form ready for export to Canada has been finished by a substantial amount of labour in such country, and not less than one-fourth the cost of production of each such article, has been produced through the industry of one or more British countries."

Dated at this day of 19 (signature).....

The following is the full form, combining the certificate of value and of origin, prescribed to be written, printed or stamped on invoices of articles for entry under the British Preferential Tariff in Canada when the goods have been *shipped on consignment prior to sale by the exporter*.

(5) That no different invoice of the goods mentioned in said invoice has been or will be furnished to any one; and

(6) That no arrangement or understanding affecting the purchase price of the said goods has been or will be made or entered into between the said exporter and purchaser or by any one on behalf of either of them, either by way of discount, rebate, salary, commission or in any manner whatsoever other than as shown in the said invoice.

"That each article on this invoice is *bona fide* the produce or manufacture of a country entitled in Canada to the benefits of the British Preferential Tariff and specified on the invoice as its country of origin, and that each manufactured article on the invoice in its present form ready for export to Canada has been finished by a substantial amount of labour in such country, and not less than one-fourth the cost of production of each such article has been produced through the industry of one or more British countries."

Dated at this day of 19 (signature).....

The following Regulations have been made and established by Order in Council of 17th December, 1909:—

"That each article on this invoice is *bona fide* the produce or manufacture of a country entitled in Canada to the benefits of the British Preferential Tariff and specified on the invoice as its country of origin, and that each manufactured article on the invoice in its present form ready for export to Canada has been finished by a substantial amount of labour in such country, and not less than one-fourth the cost of production of each such article has been produced through the industry of one or more British countries."

"Each certificate shall be made and signed by the exporter personally, or on his behalf by his manager, chief clerk or other principal official having knowledge of the facts to be certified to, and shall contain the following statement of facts, viz.:—

"That each article on this invoice is *bona fide* the produce or manufacture of a country entitled in Canada to the benefits of the British Preferential Tariff and specified on the invoice as its country of origin, and that each manufactured article on the invoice in its present form ready for export to Canada has been finished by a substantial amount of labour in such specified country of origin, and not less than one-fourth the cost of production of each such article has been produced through the industry of one or more British countries."

[NOTE.—The certificate of value and of origin on invoices for entry under Treaty or Convention rates may be combined as set forth in the following forms.]

The following is the full form, combining the certificate of value and of origin, prescribed to be written, printed or stamped on invoices of articles for entry in Canada, under Treaty or Convention rates, when the goods have been *sent by the exporter prior to shipment*.—

FORM M.—A.

I, the undersigned, do hereby certify as follows:—

(1) That I am the (1) exporter of the goods in the within invoice mentioned or described;

(2) That the said invoice is in all respects correct and true;

(3) That the said invoice contains a true and full statement showing the price actually paid for or to be paid for the said goods, the actual quantity thereof, and all charges thereon;

(4) That the said invoice also exhibits the fair market value of the said goods at the time and place of their direct exportation to Canada, and as when sold at the same time and place in like quantity and condition for home consumption in the principal markets of the country whence exported directly to Canada, without any discount or deduction for cash, or on account of any drawback or bounty, or on account of any royalty actually payable thereon when sold for home consumption, but not payable when exported, or on account of the exportation thereof, or for any special consideration whatever;

(5) That no different invoice of the goods mentioned in said invoice has been or will be furnished to any one; and

(6) That no arrangement or understanding affecting the purchase price of the said goods has been or will be made or entered into between the said exporter and purchaser or by any one on behalf of either of them, either by way of discount, rebate, salary, commission or in any manner whatsoever other than as shown in the said invoice.

(a) Name of party subscribing to this declaration.

(b) City or town and country.

(c) A member of the firm of, giving the name of the firm when the shipment is made by a firm, or an officer, director or manager of, giving the name of the corporation, when the shipment is made by a corporation.

(d) Name of consignee.

(e) Insert the word partner, manager, chief clerk or principal official, giving rank as the case may be.

(A) That each article on this invoice is *bona fide* the produce or manufacture of the country specified on the invoice as its country of origin;

That each manufactured article on the invoice in its present form, ready for export to Canada, has been finished by a substantial amount of labour in such specified country of origin, and not less than one-fourth the cost of production of each such article has been produced through the industry of the said country.

Dated at this day of 19 (Signature) .....

The following is the full form, combining the certificate of value and of origin, prescribed to be written, printed or stamped on invoices of articles for entry in Canada, under Treaty or Convention rates, when the goods have been shipped on consignment prior to sale by the exporter:

## FORM N.—A.

(To be attested to in British countries before a Collector of Customs, Notary Public or other official authorized to administer Oaths; and in other countries before a British or other Consul, Notary Public or other official authorized to administer Oaths.)

(A) I do solemnly and truly declare as follows:—

(1) That I am (a) the owner of the goods shipped on consignment to (b) at (c) in Canada, and described in the annexed invoice;

(2) That the said invoice is a complete and true invoice of all the goods included in this shipment;

(3) That the said goods are properly described in the said invoice;

(4) That there is included and specified in the said invoice the true value of all cartons, cases, crates, boxes and coverings of any kind, and all charges, on expenses incurred in placing the said goods in condition packed ready for shipment to Canada;

(5) That none of the said goods have been sold by or on behalf of the owner aforesaid to any person, firm or corporation in Canada;

(6) That the said invoice contains a just and faithful valuation of such goods at their fair market value as sold for home consumption in the principal markets of the country whence the same are exported directly to Canada, and that such fair market value is the price at which the said goods are freely offered for sale in like quantity and condition by me or by dealers therein to purchasers in said markets in the ordinary course of trade at the usual credit, without any discount or deduction for cash, or on account of any drawback or bounty or on account of any royalty actually payable thereon, or payable thereon when sold for home consumption, but not payable when exported, or on account of the exportation thereof, or any special consideration whatsoever;

(7) That in the value for duty of any goods as stated in this invoice is other than the cost thereof as above specified, such value for duty has, to the best of my knowledge and belief, been fixed and determined under the authority of the Customs Act at the value stated in said invoice; and

(8) That no different invoice or account thereof has been or will be furnished to any one by me or on my behalf.

(A) That each article on this invoice is *bona fide* the produce or manufacture of the country specified on the invoice as its country of origin.

That each manufactured article on the invoice in its present form, ready for export to Canada, has been finished by a substantial amount of labour in such specified country of origin and not less than one-fourth the cost of production of each such article has been produced through the industry of the said country.

this Colony from countries making such changes or reduction in their tariff with respect to fish, the produce of fish, or other articles exported from this Colony to such countries.

16 In addition to the duties herebefore provided to be raised, in and on all goods, wares and merchandise imported into this Colony, there shall be raised, levied, collected and paid on the goods, wares and merchandise hereinafter in this section mentioned, imported into this Colony from countries the fishermen of which enjoy the privilege of taking codfish upon all parts of the coast of Newfoundland and its dependencies, and in which no duty is or hereafter shall be levied upon or the produce of the fisheries, exported from this Colony or its dependencies to such countries, the following rates, *viz.*: Flour per barrel, 75 cents; pork per barrel, 75 cents; butter per lb., 75 cents; tobacco per 100 lbs., 50 cents; kerosine oil, 25 cents; oats per bushel, 25 cents; potatoes per bushel, 25 cents; turnips per bushel, 25 cents; cabbages per dozen heads, 40 cents; mennerated vegetables *ad val.*, 30 per cent. Provided always, that the Governor in Council may, at any time when it shall be made to appear to him to be for the benefit of the Colony, by proclamation to be published in the *Royal Gazette*, suspend the operation of the clause for the limited period, the duration of such period to be stated in the said proclamation, in respect of all or any of the above-mentioned articles.

17 In case of any country now imposing, or which may hereafter impose, an import duty on herrings exported from this Colony and imported into such country, and in vessels of such country, when such herrings may be imported into such country in vessels belonging to the same free of duty, the Governor in Council may by proclamation impose an export duty equal to the amount of duty so imposed by such country aforesaid on herrings exported from this Colony in vessels belonging to such country where such import duty is imposed.

18 It shall be lawful for the Governor in Council to direct the appropriation of the duties collected on coal in the port of St. John's to the St. John's Municipal Council, and in the case of Harbor Grace, Carbonear, Placentia and Bell Island, at which places duties are at present collected on coal imported for domestic and other purposes, it shall be lawful for the Governor in Council to appropriate to such duties collected on coal at such places, for the use of the said coal, such amount as may be in the opinion of the Governor in Council be equal to the whole of the duties collected at the said place on coal imported and used for domestic purposes; the said amounts shall be paid to such towns as shall be determined by the Governor in Council for the use of said towns respectively.

19 At the time of entering neat cattle, subject to an *ad valorem* duty by this Act, the importer or known agent thereof shall, at the time of such entry, pay a sum as duty to be calculated upon the valuation of forty dollars for each of such cattle: Provided always, that within fourteen days after the landing of such cattle the importer or his authorized agent shall, if he is the merchant, the same shall have been realized by public auction or private sale, produce the original account for such thereof, and answer all such questions respecting the same as the Minister of Finance and Customs, Assistant Collector, or other proper officer, may propose, on oath (if required), which oath the said officers are hereby authorized to administer; and if the amount of value exceeds shall appear to the importer or his authorized agent to be more than the amount for which the said cattle were first entered, the importer or known agent shall then pay by post entry the amount of duty that may exceed the original duty paid on the same; or if the value should be less, the importer or known agent shall be returned by certificate of the said importer or known agent shall refuse to produce the account sales at the time aforesaid, or produce any other than the true account, or alter the same, or refuse to answer upon oath such questions as aforesaid, or to answer them truly, or to pay the additional duty (if any) due as aforesaid, such importer or known agent shall forfeit in any case as aforesaid, such sum of four hundred dollars; and should the said cattle not have been disposed of within the time aforesaid, or appraised as hereinafter provided, the duty already paid upon them shall be detained, and deemed to be true duty: Provided also, that one day's notice in writing of the time of the landing of such cattle, also, as aforesaid, be given to the Minister of Finance and Customs, Assistant Collector, or other proper officer: Provided, further, that when the said cattle so imported are not intended for immediate sale, the duty payable thereon shall be ascertained at the time of landing by appraisal at their value in the place where imported, one appraiser to be appointed by the Minister of Finance and Customs, and one by the importer or his or other proper officer, and if the said parties disagree, they shall appoint a third appraiser, the appointment of any two of whom shall be final and binding; and in the event of said importer or agent neglecting or refusing to appoint an appraiser at the time aforesaid, the Minister of Finance and Customs, Assistant Collector, or other proper officer, or other proper officer, to appoint an appraiser to act for the said importer, or agent shall be bound, and shall also be subject to the same regulations and penalties as herebefore provided; or the said importer or known agent shall, at the time of entry aforesaid, deposit with the Minister of Finance and Customs, Assistant Collector, or other proper officer aforesaid, the sum of six dollars to meet the expenses of appraisal aforesaid, any part of which said sum unexpended shall be returned to the said importer or known agent.

20 The duty imposed upon neat cattle by this Act shall be a *val.*, collected and paid upon the gross value of said appearing upon the produce of the original account sales, when such cattle shall have been sold, or upon the appraised value as herebefore provided, after deducting the amount of freight of any such cattle in either case.

21 Coverings, inside and outside, used in covering or holding goods imported therewith shall be subject to the following provisions, *viz.*:  
(a) *Canal coverings*, containing goods capable of holding liquids, containing goods subject to specific duty only, *ad val.* Free  
(b) *Canal coverings* containing goods subject to any *ad val.* duty when not included in the invoice value of the goods they contain, *ad val.* 30%  
(c) *Canal coverings*, containing goods, when not included in the invoice value of the goods they contain, and not charged separately on the invoice, shall be subject to the same rate of duty *ad valorem* as the goods they contain, and may be combined with the goods for valuation and duty on the 4th entry;

(d) *Provided further*, that receptacles capable of holding liquids, when containing goods subject to a specific duty, shall be charged with a duty of 30% *ad valorem*.

The value for duty of all coverings and receptacles shall be determined in manner to be prescribed by regulations made by the Minister of Finance and Customs.

(e) *Provided further*, that usual coverings designed for use other than for the *boat* for transportation of goods they contain, shall be charged with the rate of duty to which the same would be subject if imported separately;

(f) *Provided also*, that the term "coverings," in this section shall include packing boxes, crates, cases, cartons, wrapping, sacks, burlap, twine, straw or other articles used in covering or holding goods imported therewith, and the labor and charges for packing such goods, subject to regulations made by the Minister of Finance and Customs.

22 All sums of money payable under this Act as duties, penalties or forfeitures, shall be paid in and on the dollar, and are hereby declared to be in dollars and cents Newfoundland currency, and shall be received, taken and paid in such currency, and all such duties shall be paid and received according to the imperial weights and measures by law established in this Colony; and in all such cases where such duties are imposed, according to any specific quantity or value, the same shall apply in like proportion to any greater or less quantity or value.

23 The several duties imposed in Schedule A of this Act shall be paid by the importers of such articles respectively, and shall be collected and secured by means of and under the regulations and penalties, and in the manner provided by any Act or regulation of the General Assembly of this Colony, for collecting the revenue of this Colony and its Dependencies.

24 In the case of all wines, spirits or alcoholic liquors, subject to duty according to their relative strength of proof, such strength shall be ascertained either by means of Sykes hydrometer or of the specific gravity bottle, as the Minister of Finance and Customs may direct; and in case any relative strength of proof is not currently ascertained by the direct use of the hydrometer or gravity bottle, it shall be ascertained by the distillation of a sample, and the subsequent test in like manner of the distillate.

25 All medicinal preparations, whether chemical or other, usually imported under the name of the manufacturer, shall have the true name of such manufacturer or the place where prepared, and the word "non-alcoholic" permanently and legibly affixed to each parcel by stamp, label or otherwise; and all medicinal preparations imported without such names and word so affixed may be forfeited.

26 Any person who, without lawful excuse, the proof of which shall be on the person accused, sends or receives, or attempts to send or receive, by the Colony, has in his possession any bill-heading, or other paper appearing to be a heading or blank, capable of being filled up and used as an invoice, and bearing any certificate purporting to show, or which may be used to show, that the invoice which may be made from such bill-heading or blank, is correct or authentic, is guilty of an offence and liable to a penalty of five hundred dollars, and to imprisonment for a term not exceeding twelve months, in the discretion of the Court, and the goods entered under any invoice made from any such bill-heading or blank shall be forfeited.

27 With respect to goods imported for manufacturing purposes that are admissible for any specified purposes at a lower rate of duty than for other purposes, chargeable, or exempt from duty, the importer claiming such exemption from duty, or proportionate exemption from duty shall make and subscribe to the following affidavit or affirmation before the Collector of Customs at the port of entry, or before a Notary Public or a Commissioner for taking affidavits:

"I, the undersigned, importer of the goods or articles mentioned in this entry, do solemnly (swear or affirm) that such (names of the goods or articles) are imported by me for the manufacture of (names of the goods to be manufactured) in my own factory, situate at (name of place) and that the same will be used for any purpose or disposed of until so manufactured."

28 Whenever the Governor in Council has reason to believe that with regard to any article of commerce there exists any trust, combination, association, or agreement of any kind among manufacturers, importers, or dealers therein, to unduly enhance the price of such article, or articles or dealers therein, to unduly enhance the price of such article, or to promote the advantage of the manufacturers or dealers at the expense of the consumers, the Governor in Council may commission or empower any Judge of the Supreme Court to inquire in a summary way into and report to the Governor in Council whether such trust, combination, association or agreement exists.

29 The Judge may call the attendance of witnesses and examine them under oath, and require the production of books and papers, and shall have such other necessary powers as are conferred upon him by the Governor in Council for the purposes of such inquiry.

(3) If the Judge reports that such trusts, combinations, associations or agreements exist, and if it is found by the Governor in Council that such trusts, combinations, associations or agreements are to the disadvantage to the customers, is facilitated by the Inties of Customs imposed on a like article when imported, then the Governor in Council shall place such article on the free list, or so reduce the duty on it as to give to the public the benefit of reasonable competition in such article.

30 Whenever it shall be made to appear to the Governor in Council that it is desirable for the purpose of promoting the importation of potatoes for seed, to abrogate or reduce the duty upon potatoes for such purpose, it shall be lawful for the Governor in Council by order published in the *Royal Gazette* to abrogate or reduce such duty.

31 Upon the importation of any goods or articles, the duty paid shall be allowed to the supplier upon the production to the Assistant Collector of the necessary evidence.

32 The duties on coal imported into any port or place in this Colony other than St. John's, Harbor Grace, Carbonear, Placentia and Bell Island shall be remitted and such coal shall be free from entry upon the production to the Collector or other proper officer by the importer of a satisfactory affidavit setting forth that such coal is intended exclusively for domestic use; and on such importer entering into a sufficient bond with sureties that such coal or any part thereof shall not be sold or used for other than domestic purposes.

33 Upon the entry, by an authorized surveyor, of lumber imported into this Colony, for ascertaining the quantity therein upon which duty is to be collected, the surveyor shall furnish to the Customs House a certificate setting forth that he has surveyed a cargo of lumber imported in a certain ship, stating name and master, and the quantity of such cargo, and particulars of its origin, the kind of wood, and the kind and description of the logs, plank, dressed or undressed, timber, lathe, or shingle, may constitute such cargo; such certificate of survey must be delivered

to the proper officer of Customs, twenty-four hours after the landing of the cargo, under a penalty of twenty dollars, to be collected in a summary manner upon complaint before a Justice of the Peace. For every certificate of survey so obtained by an authorized surveyor, he shall be entitled to receive the sum of fifty cents.

33. On such articles of machinery, implements or materials as are necessary to the initiation and installation of any manufacture or industry in this Colony, or in connection therewith and used therein, there shall be levied and collected such less duties than the rates prescribed as to the Customs Act, and such duties shall be paid to the Officer in Council: Provided that such order may prescribe such conditions and regulations concerning the said importations as he may deem wise.

34. Upon oleomargarine, butterine, or similar substitutes for butter, and upon tobacco, imported into this Colony, being reported at the Customs House and before being entered for consumption, the packages in which such article is contained shall be stamped or marked by a Customs officer with the name of the article or with some distinguishing mark.

35. The importation of any such article into consumption before the package containing it is marked as aforesaid is hereby prohibited, and any such goods so imported shall become forfeited to the Crown, and may be sold by a Customs officer and sold either by stamping or marking, one-half the proceeds being paid to the informer and seizing officer, one moiety to each, the other half being paid to the consolidated revenue.

36. It shall be unlawful to manufacture oleomargarine, butterine, or a similar substitute for butter, or to manufacture tobacco, cigars and cigarettes, except under the license of the Minister of Finance and Customs, who may grant such license, upon application, without charge to the applicant.

37. Each factory of oleomargarine, butterine and similar substitutes for butter, or of tobacco, cigars and cigarettes, shall be, for the purposes aforesaid, a bonded warehouse; the products manufactured therefor shall be for the purpose thereof, under the control of the Minister of Finance and Customs, and such officers as he may appoint, from the time of its production in the factory until the packages containing it have been duly stamped or marked and the excise duty paid thereon.

38. It shall be unlawful for any person to take from such factory, or from the part thereof under the control of the officer aforesaid, any product of the factory not contained in packages marked or stamped by the excise officer with the name of the article or with some other stamp or mark whereby the product of the factory may be distinguished, except by permission of the Minister of Finance and Customs.

39. The excise duty levied and collected upon oleomargarine, butterine, or similar substitutes, and upon tobacco, cigars and cigarettes, shall be paid in advance from time to time to the Minister of Finance and Customs, or such persons as he may appoint, before a permit shall be granted for the entry of such products into consumption; the excise duty so collected being from time to time paid into the consolidated revenue.

40. Any person who contravenes the provisions relating to excise, a complaint may be made before a Stipendiary Magistrate or two Justices of the Peace, and the offender, upon conviction, shall be liable to a penalty not exceeding five hundred dollars, or, in default of the payment thereof, to imprisonment for a period not exceeding six months. If the person convicted be the holder of a license, or if it be proven that he was party to the offence, his license may be forfeited, and he shall thenceforth be incapable of procuring a license.

41. All articles and ingredients, except butter, imported into bond for use and to be used in the manufacture of tobacco, cigars, cigarettes, oleomargarine, or similar compounds, shall be admitted free of duty and exempt from taxation.

42. The Revenue Act, 1901, and the Acts 2 Ed. VII., cap. 26, 3 Ed. VII., cap. 15, 4 Ed. VII., cap. 18, in amendment thereof are hereby repealed, and shall be deemed to have been repealed on this sixth day of June, one thousand nine hundred and five: Provided always, that all bonds given and payments made under the said Acts or any of them are hereby confirmed and made valid.

43. This Act shall be held to have come into operation on the sixth day of June, one thousand nine hundred and five, at the hour of 9.30 a.m.

#### CUSTOMS REGULATIONS AS TO INVOICES.

Every invoice of goods imported shall be certified in writing as correct by the person, firm or corporation consigning the goods, and shall show the actual value of the goods in the currency of the country whence the goods have been exported, and the quality and description of such goods, and the marks and numbers on the packages, in such a manner as to indicate the quantities and values of the articles comprised in each importation package.

#### FORM 6.

DECLARATION prescribed to be made by an owner, or exporter, not resident in this Colony, before the collector or the mayor or other chief municipal officer at the place in the United Kingdom, or other place in any foreign port, to which the goods are to be shipped, or to be shipped, (the name of party subscribing to this declaration), of (city, or town and country), do solemnly and truly declare that I am a member of the firm (giving the name of the firm when the shipment is made by a firm), or an officer, director or manager of (giving the name of the corporation), and that the goods are to be shipped, or to be shipped, on consignment to (name of consignee), at (place) in Newfoundland, and described in the annexed invoice; that the said is a complete and true invoice of all the goods included in this shipment; that the said goods are properly described in the said invoice; that there is included and specified in the invoice the true value of all articles, cases, boxes and coverings of any kind, and all charges and expenses incident to placing the said goods in condition packed ready for shipment to Newfoundland; if prior to our shipment to Newfoundland the said goods, or any of them, have been sold to any person or firm or corporation in Newfoundland, that such sale or sales in the said invoice be stated, and the price or prices actually received be intended to be charged to such person, or firm, or corporation.

And the said goods as in condition packed ready for shipment at the place (name, bond, etc.) exported and consigned to the importer in Newfoundland after deducting such cost, ocean freight, from place of shipment direct to destination, and all Newfoundland import duties and charges (if any) included in the price of the goods as aforesaid; and that the said goods are to be shipped to Newfoundland the said goods, or any of them, have not been sold to any person, or firm, or corporation in Newfoundland, that the invoice contains a just and faithful valuation of such goods at their actual value when sold for home consumption in the principal markets of the United Kingdom, or other place in which they were sold, and that such fair market value is the price at which the said goods are sold, or offered for sale, in like quantity and conditions by me or by others, at the principal or principal markets in the ordinary course of

trade at the usual price without any discount or deduction for cash, or on account of any drawback or bounty, or on account of any royalty actually payable thereon, or payable thereon when sold for home consumption, but not payable when exported, or on account of the exportation thereof, or of any special consideration whatever; or that if the value for duty of any goods as stated in this invoice is other than the value thereof as above specified, such value for duty has, to the best of my knowledge and belief, been fixed and determined under the authority of the Customs Act at the value stated in said invoice; and that no different invoice or account thereof has been or will be furnished to any one by me or on my behalf.

And the following are included, viz. —

### CHARGES EXCLUDED FROM VALUE FOR DUTY.

Outside packages (including zinc linings and tarred paper) in which goods are ordinarily imported; agents' charges; bank exchange; postage or inland commission, being a charge made to the importer by the buying or inland agent for services rendered, and not an allowance made by the manufacturer to the agent; brokerage; dock dues; export duty; inspection fees; insurance—over-sea; interest; postage and duties; sea freight—over-sea; stamp duty on bill of lading.

In all cases import duty is chargeable in Australia for not less than the rate at which similar quantities of the goods could be bought by any *wholesale purchaser for home consumption* at the date of the invoice relating to such goods, plus the charges enumerated above as included in the value for duty and plus the statutory 10% referred to above. Any special discounts allowed, or reduced prices charged, to branch houses or to agents purely by reason of agency existing, and any discounts or reductions in price allowed for export and not for home consumption, are therefore not recognized by the Department in determining the value for duty.

## DECLARATIONS AS TO VALUE OF GOODS FOR HOME CONSUMPTION.

1 Invoices for goods dutiable at an *ad valorem* rate of duty from all countries, except China and Japan, for which entry is made after the first day of January, 1919, shall show the fair market value for home consumption in the country of export, at the date of invoicing to Australia, of similar goods in similar quantities.

2. The heading to the column in the invoice in which the particulars required by the last preceding sub-regulation shall be shown shall be as follows:—

Domestic value f.o.b. (here insert "Port of Export" or "Factory," or as the case may be) at date of invoicing to Australia, subject to % discount for cash and in excluding cost of domestic outside casing.

3. The particulars, required by sub-regulation 1 of this regulation shall be supported by a declaration in accordance with Form 90 in the Schedule, which shall be written, stamped, type-written or printed on the back of the invoice.

4. In the case of goods exported direct from the United Kingdom to Australia for which the benefit of the United Kingdom Preferential Tariff is claimed a declaration in accordance with Form 90 in the Schedule shall be made.

## FORM 90.

## DECLARATION AS TO GOODS EXPORTED TO AUSTRALIA WHICH ARE NOT THE PRODUCE OR MANUFACTURE OF THE UNITED KINGDOM.

I, ....., (here insert manager, chief clerk, or as the case may be, of .....) (here insert name of firm or company), of ....., (here insert name of city and country), the manufacturer or supplier of the goods enumerated in this invoice, amounting to ....., (here insert value), have the means of knowing and do hereby declare

1. That the said invoice is in all respects correct and true;
2. That the said invoice contains a true and full statement showing the prices actually paid or to be paid for the said goods, the actual quantity thereof, and all charges thereon; or
3. That the said invoice contains a true and full description of the goods, the actual quantity thereof, the amount added therefor, and all charges thereon to free on board of full of shipper as known up to the date of invoice;
4. That the price shown in the invoice in a separate column represents the actual price at the date of this declaration of equal quantities of essentially similar goods to any purchaser for home consumption in this country;
5. That no different invoice of the goods mentioned in the said invoice has been or will be furnished to anyone; and

\* Substitute this clause in the case of goods covered by an invoice being on consignment (not an outright sale).

ORDER IN COUNCIL, DATED 18TH APRIL, 1906, RELATING TO DRAWBACK OF DUTY ON GOODS EXPORTED FROM NEW ZEALAND.

(New Zealand Gazette, 26th April, 1906.)

In pursuance and exercise of the powers and authorities conferred on him by section 3 of "The Customs Duties Consolidation Act, 1882," and section 9 of "The Customs and Excise Duties Act, 1888," and of all other powers and authorities enabling him in this behalf, His Excellency the Governor of the Colony of New Zealand, acting by and with the advice and consent of the Executive Council of the said colony, doth hereby revoke, as on and from the 1st day of July, 1906, all Orders in Council made under the above-revoked sections with respect to drawback of duty on goods exported from New Zealand, and in lieu thereof doth order that on and after the said 1st day of July, 1906, there shall be allowed on all goods exported from New Zealand (except as otherwise specified in this Order in Council) a drawback of duty as set forth hereunder, viz:—

## CLASS A.

1.—On goods exported from New Zealand which have paid duty upon importation, either *ad valorem* or according to specific rates, and whether in original packages or repacked: The full duty paid upon importation.

2.—On goods exported from New Zealand which are partially composed of materials upon which duty was paid upon importation, either *ad valorem* or according to specific rates: The full duty paid on such materials.

## CLASS B.

On sugar contained in jam manufactured in New Zealand:	£ s. d.
For every ton, net weight, of such jam exported:	2 6 8
On sugar contained in preserved fruit manufactured in New Zealand: For every ton, net weight, of such preserved fruit:	0 19 5
On sugar contained in candied peel manufactured in New Zealand: For every ton, net weight:	2 6 8
On sugar contained in preserved milk manufactured in New Zealand: 3d. per lb., computed on the proportion of 432 lb. of sugar for each one doz. 1 lb. tins of milk.	

No drawback shall be paid in respect of any entry made for the exportation of New Zealand manufactured jam, or preserved fruit, or candied peel, unless the quantity exported at any one time amounts to or exceeds 3 cwt. net weight, or, in respect of any entry made for the exportation of New Zealand manufactured preserved milk, unless the quantity exported at any one time amounts to or exceeds 350 lb. net weight.

## CLASS C.

There shall be allowed on the exportation of New Zealand brewed beer in bottles, a drawback of the excise duty paid thereon, if the collector is satisfied that the claim for drawback is genuine: Provided that no drawback shall be allowed on less than four cases containing each six dozen reprinted pints, or the equivalent quantity in reprinted quarts, in any one shipment.

And, with the like advice and consent as aforesaid, the Governor doth hereby approve of the following regulations and conditions under which the drawbacks herebefore provided for may be allowed, that is to say:

1.—Written notice of not less than six clear working hours shall be given of intention to export goods for drawback, and exporters shall pay to the Collector a charge of 1s. 6d. per hour, or any portion of an hour, for the time an officer is employed under these regulations, whether in respect of goods in original packages or repacked, together with any expenses incurred by the Collector, and no certificate shall be passed for payment until such expenses have been paid.

2.—No drawback shall be paid on goods exported for ships' stores (excepting New Zealand brewed beer as specified under Class C) and stores for workshops which cannot be conveniently obtained out of a bonded warehouse; nor shall any drawback be paid upon second-hand goods, or upon such goods as are deburred from drawback of duties under any of the Customs Acts (1).

3.—No drawback shall be allowed on any repacked goods which are not entered for export within three years of the date of their importation.

4.—In the case of private parcels exported by parcel post, a drawback bond shall not be required.

5.—The drawback on repacked goods subject to *ad valorem* rates is to be calculated to the nearest penny, e.g.:—

Drapery, invoice value £165. 8d. + 10 per cent. = £415s. 1d. at 30 per cent. = drawback 19s. 1d.

6.—The drawback claimed on any tariff item must on any one entry amount to or exceed one shilling. Claims for less than one shilling cannot be recognised.

7.—The following goods may, at the discretion of the Collector, be admitted to drawback:

(1) Goods which are intrinsically of the same value as when imported, but which are found to have no market within New Zealand;

(2) Goods which have been set up solely for the purpose of inspection or of temporary exhibition.

(3) Extract from Section 9, "Customs Duties Consolidation Act, 1882":

"No drawback of duty shall be allowed on spirits, cordials, liquors, betters, tobacco, cigars, cigarettes, snuff, opium, wine, coffee, tea, chicory, spices, perfumery, and jewellery; nor shall drawback be allowed on any goods which shall be of less value than the amount of drawback claimed in respect thereof."

8.—Drawback shall only be allowed upon articles covered by Class A, when the same are goods known to have been produced or manufactured outside of the Colony of New Zealand or of its dependencies.

9.—At the time of passing export entry for drawback on goods included in Class A the proper officer may at his discretion require a summary, in such form as he may demand, of the particulars appearing on the invoices connected with any entry, and shall also require to be produced the invoice or invoices which were produced at the time when the goods were entered for duty, except (1) when the amount of drawback on any one item on any entry amounts to less than one pound sterling, or (2) where the goods have changed hands in New Zealand or otherwise lost their identity with the invoice produced upon importation; in which cases the Collector may at his discretion dispense with the production of such invoice or may require such evidence of quantity or value, or such summary of particulars as he may deem necessary.

10.—In respect of goods manufactured in New Zealand upon which drawback is allowed, the following certificate shall be made upon the export entry by the examining officer:

"I hereby certify that I have examined the goods specified in this entry, and find that it contains a true account of the said goods, and that they are to the best of my knowledge and belief, goods of New Zealand manufacture, and that the claim for drawback made in respect thereof is genuine."

11.—The debenture for payment of drawback shall be in the form numbered 10 in Schedule A to "The Customs Laws Consolidation Act, 1882," and shall be made out in duplicate, signed, declared to, and presented to the Collector for payment by the person entitled to the drawback.

12.—No debenture shall be paid until the expiration of seven days after the departure from New Zealand of the vessels upon which the drawback goods were shipped, nor unless the proper officer has in every case satisfied himself, and certified on the entry for drawback, that such goods are of

the number, quantity, or value set forth in the entry, and that the laws and regulations in respect thereof have been duly complied with.

13.—Upon completing the packing of goods for drawback of duty the packages shall be secured and sealed by an officer of Customs, and be forthwith conveyed to the place of shipment by a carrier licensed under the Customs Acts, there to be shipped in the presence of the proper officer, or, if not so forthwith conveyed and shipped, the packages shall be removed to some place of security approved by the Collector.

14.—For the purposes of this Order in Council goods cleared from the warehouse for home consumption shall be deemed to have been duty paid on importation.

15.—Nothing in this Order in Council shall be deemed to authorize any allowance of drawback upon any goods which are of less value than the amount of drawback claimed in respect thereof, or to allow any drawback in excess of the amount of duty paid.

MONEY, WEIGHTS AND MEASURES. Same as Great Britain.

1. This Ordinance may be cited for all purposes as "The Customs Duties Ordinance, 1912," as amended by the Customs (Extra Duties Ordinance (No. 7 of 1916)).

2. On and after the commencement of this Ordinance the Customs Duties contained in the Schedule hereto shall be collected and paid in lieu of the Customs Duties heretofore payable under the above repealed Ordinance.

3. Where any article subject to specific duty is imported in any bar, box, tin, jar, bottle, or any other package intended for retail sale and marked or labelled or commonly sold as containing a specific quantity of such article, such article shall be deemed as against the importer to contain such specific quantity.

4. In all cases where any duty is imposed on the value of goods, such value shall be understood to be the value as ascertained in accordance with the provisions of the "Customs Regulation Ordinance, 1881," with 10% *ad val.*

## TURKS AND CAICOS ISLANDS

## MONEY, WEIGHTS AND MEASURES.—Same as Great Britain.

An Ordinance of the Legislative Board of the Turks and Caicos Islands to repeal the Tariff Ordinance, 1884, and to make other provision in lieu thereof.

Whereas it is desirable to make provision for the payment of duties of Customs on goods imported into the Turks and Caicos Islands, other than that now in force:

Be it enacted by the Legislative Board of the Turks and Caicos Islands as follows:—

1. This Ordinance may be cited as "The Customs Tariff Ordinance, 1906."

2. So much of the Tariff Ordinance, 1884 (No. 8 of 1884), as has not already been repealed is hereby repealed:

Provided that such repeal shall not affect any act or omission that has already taken place, or any right, liability or right of procedure, civil or criminal, or any proceedings commenced or to be taken in respect of any such act or omission.

3. On and after the coming into operation of this Ordinance there shall be raised, levied, collected and paid unto His Majesty, his heirs and successors, for the use of the Government of the Turks and Caicos Islands upon the several articles imported into the said dependency and enumerated in Schedule 1. to this Ordinance, the several duties therein set forth.

The several articles enumerated in Schedule II. to this Ordinance shall, on importation into this dependency, be admitted free of duty.

All and every article or part or parts thereof not enumerated in either Schedule I. or Schedule II. to this Ordinance as subject to any other rate of duty, or declared free from duty by this or by any other Ordinance or regulation for the time being in force, and not being articles or goods, the importation of which is by any Ordinance, regulation or Government notice prohibited into this dependency, shall on importation be subject to and pay a duty of ten pounds sterling (£10) on every one hundred pounds sterling (£100) in value, and after these rates for any greater or less quantity of such goods imported respectively.

4. Every package or covering, whether containing goods liable to Customs duty or not, apparently designed for use other than in the importation of the goods contained therein, shall be subject to the same rate of duty as would thereon be levied if imported empty, or separate from the goods contained or imported therein.

5. Whenever it shall appear to the Commissioner that the interests of the dependency may be advanced thereby, he may, by regulation, publish as a Government Notice the consent of the Governor-in-Chief, exempt from the payment of duty, either in whole or in part, any article or articles which may be imported and retained for exclusive use in connexion with any local industry, or in the preparation of any native product or otherwise, subject nevertheless to such conditions and for such period as the Commissioner may see fit.

\* Ordinance No. 8 of 1902, assented to 25th September, 1902, to reduce the import duties on sugar and all other analogous products containing, in a notable proportion, sugar artificially incorporated.

1. This ordinance may be cited for all purposes as "The Sugar Law Ordinance 1993."

2. From and after the coming into operation of this Ordinance, not withstanding anything in the Tariff Act, 1896, or any other Act or Ordinance to the contrary contained, there shall be paid into the Treasury of the United States, by the importer of any refined sugar (other than for the use of the Presidency as duties of customs upon refined sugar) and upon refined sugar, the sum of one penny for every 100 lbs. or 25¢ per lb. and upon unrefined sugar the sum of one shilling and eightpence for every 100 lbs. or 20¢ per lb. and upon sugar products such as preserves, chocolate, sugar biscuits, condensed milk, and all other analogous products containing, in a notable proportion, sugar artificially incorporated the sum of 2¢ per lb.

4. This Ordinance came into use again on the first day of October, 1993.

## LEeward ISLANDS—MONTserrat.

[illegible]

Regulations have been issued for the purpose of governing the entry of goods under the British Preferential Tariff. The regulations, including forms of certificates of origin, are generally similar to those issued for other West Indian Colonies, which see under British Guiana, p. 117.

The Preferential Tariff for goods the produce or manufacture of the United Kingdom, Canada and Newfoundland is four-fifths of the duties imposed on similar goods the produce of other countries.

AN ORDINANCE TO FIX A TARIFF OF DUTIES ON GOODS IMPORTED

(No. 1. - Assented to 25th March, 1912.)

26. It enacted by the Governor, with the advice and consent of the Legislative Council of Saint Lucia, as follows:—

This Ordinance may be cited as the Customs Tariff Ordinance, 191

2.- In this Ordinance unless the context otherwise requires - "Goods" and "Articles" include any live stock, goods, wares, merchandize or

3.—There shall be raised, levied, collected and paid unto His Majesty, for the use of this Colony, the several duties set forth in the first Schedule to this Ordinance upon all goods enumerated in the said Schedule which shall be imported into this Colony or which may be warehoused at the time of

boats, charcoal, church furniture, and articles intended to be used in the building and fitting up of churches and mosques, and vestments and other articles necessarily used for religious services, and certified to be so intended or used, as the case may be, by the proper ecclesiastical authority. Coals, empty casks and sacks, fresh fish, gold bullion and specie, ice, lime, medicines, and medical appliances, pitch and tar, printed books, sawdust, manures and fertilizers, guano, bone dust, and all chemical manures and preparations to be used as manures, silkworms' eggs, sponges taken by licensed boats, stationery, printing paper (whether white or coloured), printing ink, printers' type and printing materials, resin, sulphur, wheat, barley, oats, vetches, flour, bran, chopped straw, cotton seed, fodder for cattle, and all mechanical appliances for use in the manufacture and examination of wine; sulphur syringes, tombstones and memorial tablets, and tools and implements used in agriculture and handicraft; machinery and parts of machinery and their fittings, connections and gearing; dutiable articles that have previously been exported from Cyprus, provided they are re-imported not later than one year after exportation; hospital appliances and equipments certified under the hand of the chief medical officer to be imported for the use of any hospital; motor cars, parts of motor cars and their fittings.

#### IMPORTATION OF DYNAMITE.

Order of the High Commissioner in Council, No. 415, dated June 22, 1906, respecting the importation of Gunpowder, Explosives and Ammunition. (The "Cyprus Gazette" No. 853 of June 29, 1906.)

Gunpowder, shot, percussion caps, cartridges (ball and shot), dynamite, nitro-glycerine, gun-cotton, blasting powder, fulminate of mercury or other metals, and every other substance or preparation used or manufactured for explosive or pyrotechnic purposes, fog signals, rockets, fireworks, fuses, detonators and ammunition of all descriptions, including empty cartridge cases, may be imported at the Port of Famagusta by such person or persons as may be authorized in that behalf by special permission of the High Commissioner given under the hand of the Chief Secretary to Government, and subject to such limitations as to quantity as the High Commissioner may see fit to impose; and upon such importation the said articles shall be landed at

such place and in such manner as the Commissioner and Principal Officer of Customs of the District of Famagusta shall appoint.

#### IMPORTATION OF FIREARMS.

By Law No. VII. of 1891, it is provided that from and after the passing of this law it shall not be lawful for any person to import into Cyprus any firearms unless he shall have previously obtained a special licence under the hand of the Chief Secretary to the Government authorizing him to import such arms.

Provided always that no licence shall be given to any person under the provisions of this clause unless he shall be in the opinion of the Commissioner of the district in which he resides a fit and proper person to import firearms.

#### DRAWBACK.

A drawback of the full duty paid is allowed on all articles of food, wine, spirits, malt liquors and cigars supplied for the use of any mess on board any of H.M. ships of war.

#### PROHIBITIONS.

By an order in Council, dated 9th February, 1901, orders were made prohibiting or restricting the importation of certain goods, and making additions to those in force at the time. The list reads—

"The importation of silver and copper coins, pre-Victorian sovereigns and half-sovereigns, light sovereigns and half-sovereigns, hashish and salt (other than table or rock salt) is prohibited absolutely, whilst firearms, &c., gunpowder, shot, percussion caps, cartridges (other than ball cartridges), silencers, dynamite and kindred substances, cattle, horns, hoofs, bones, fodder, litter, dung, hides, skins, and rugs are subject to certain restrictions. From and after 1st December, 1903, the importation into this Island of old or used clothes for the purposes of sale or commerce is absolutely prohibited.

By order dated 16th March, 1901, it is provided that all direct arrivals from any port in the Persian Gulf be subjected to five days' quarantine at Larnaca; the importation from Persia of very susceptible goods, such as rugs, worn clothing and empty used sacks is prohibited. (This latter prohibition also applies to Turkish goods.)

Ordonnance of 1904, relating to the Treatment in Sudan of gum, ostrich feathers, ivory, rhinoceros horn, India rubber and gutta-percha.

(Official communication dated September 13, 1904.)

The Sudan Gazette for September contains an Ordinance levying further duties on gum, ostrich feathers, ivory, rhinoceros tusks, India rubber and gutta-percha, coming from any part of the Sudan or imported into the Sudan.

These duties are as follows:

Gum, ostrich feathers, India rubber and gutta-percha.... *ad val.* 20 %  
Ivory and rhinoceros horn ..... 15 % |

The Governor-General is authorized, on giving previous notice, to modify the rates of the foregoing duties, but the same shall in no case exceed 20% or be less than 10%.

For the purposes of the collection of these duties the Governor-General will cause to be duly published valuation tables for the above mentioned goods.

The duties shall be paid in cash and at certain specified stations.

The exportation of the goods in question shall only take place in packages bearing the Government Seal.

NOTE.—The system of notification of the arrival in Egypt of consignments of wheat and flour is abolished, and all wheat and flour cleared from Customs before 1st June, 1920, shall be free of import duty.

## SUDAN

#### CUSTOMS ORDINANCE, 1913.

Subject to certain special provision of this Ordinance, the Customs duties specified below are to be collected on goods imported into or exported from the Sudan and on the transshipment of goods in the Sudan:—

Goods, the products of the Italian Colony of Erythra, or of the Uganda Protectorate, or of the Belgian Colony of the Congo, or of the French Congo, or of Abyssinia, on which, if produced in the Sudan, a royalty or tax is levied .....	
but in no case less in amount than the Customs duty levied on the import into the Sudan of other products of those countries respectively.	

Ordinance No. 3 of 1914, establishing a duty on alcoholic beverages as follows:—

Beer and stout .....	10 % ad val.
Champagne and sparkling wines .....	25 % "
All other wines .....	15 % "
Spirits and liquors .....	40 % "

EXPORT AND TRANSHIPMENT DUTIES.—All goods exported from the Sudan or transhipped in the Sudan, except as otherwise provided in this Ordinance. 1 % ad val.

The Royalty on Sukaran Order, 1918, provides that on and after May 1, 1918, royalty shall be collected on sukaran in whatever form exported at the rate of 10 %.

NOTE.—Goods exported from the Sudan to a destination in Egypt or transported by sea from one place to another in the Sudan are exempt from export duty (subject to special regulations laid down in this Ordinance).

If goods of foreign origin not similar to goods of Sudan origin, and capable of being easily identified, and re-exported, they shall be exempt from export duty provided that they are identified to the satisfaction of the Chief Customs Officer by the production of the detailed receipt for the import duties (*keshi*), proving the identity of the goods, and the date of the payment of the import duty thereon, or by such other means as the Chief Customs Officer may consider sufficient, but this exemption shall not extend to goods upon which drawback is allowed.

The following goods are exempt from the payment of import or export duties:—

- (a) the personal apparel, articles of toilet and similar effects of travellers visiting the country, including new articles of apparel and the like brought in their personal luggage and intended for their personal use, if they are duly declared; but not including bicycles, phonographs, gramophones, sewing machines and other such articles;
- (b) samples, provided they are not such as can be sold as merchandise;
- (c) samples of the products of the soil of the Sudan, or Egypt, provided the value of the whole consignment does not exceed £500;
- (d) gold or silver money (except coins of any metal which are no longer current in any country and have a value greater than their nominal face value by reason of their rarity or antiquity);
- (e) gold or silver bullion;
- (f) provisions and stores consigned from abroad for shipment on board of some particular ship in a Sudan harbour and intended for use or consumption on board the same ship elsewhere than in the Sudan;
- (g) printed books, pamphlets, magazines, newspapers, and other printed documents;
- (h) wrecked goods are also exempt from the payment of import and export duties under certain conditions, as also (subject to special regulations) are foreign goods which are transhipped in the Sudan, or which

pass in transit through the Sudan to a destination outside Egypt and the Sudan. Exemption from import duties is also accorded in respect of certain personal effects of persons who come to the Sudan for the first time for the purpose of establishing a residence there.

Subject to certain regulations, goods imported into the Sudan from Egypt are exempt from import duty.

If goods, of which the country of origin is Egypt or the Sudan, after being exported to a foreign country are brought back into the Sudan, they shall be subject to import duty like goods of foreign origin, unless it is proved by the production of a certificate from the Customs authorities of the port to which they were originally consigned that they have not been taken out of bond there. If any goods are exported abroad without any drawback or refund of the duties already paid (if any) being obtained, and be there repaired or altered, and notice of such exportation be given at the time thereof to the Director of Customs, then upon re-importation such goods shall be liable to import duty, on the cost of the repairs or alterations together with freight and all charges inward and outward.

**Valuation of Goods for Tariff purposes.**—The Ordinance empowers the Director of Customs to cause the value of the principal articles of commerce imported at the various Customs stations to be from time to time determined, and such valuations from time to time to be revised, and for that purpose it shall be lawful for him, from time to time to summon a conference of such of the principal merchants engaged in the trade of the said articles as he may think fit in order that they may consult with them for the purpose of settling or revising a tariff of the value of the said principal articles. When settled, such tariff shall be official and published, and shall come into force and be binding on all persons and all other persons, provided always that no such tariff shall remain in force for more than twelve months from the date of its official publication.

**Declarations on import and export.**—The Ordinance contains provisions respecting the form of declaration which must be presented on the import into and export from any Customs station of any goods, whether liable to duty or not, and gives particulars as to the contents of such declarations and the various documents (invoices, assurance policies, bills of lading, &c.) which must be presented with the declaration. The value of the goods, to be stated in the Customs declaration, is the price of the goods at the place of purchase, with the addition of the cost of transport to the Customs station, the charges for insurance, and all other charges and expenses. Goods included in a Valuation Tariff shall be described in the declaration by the name given them in such Tariff. The Customs Department shall not be bound to accept the value of goods as shown by the invoices, &c., and, in case of uncertainty as to the true value, the goods may be valued by the Customs officers. If the merchant refuses to pay on the Customs valuation, the Department is empowered to take the duties in kind, if such a course is not impracticable. Consignees are allowed to examine the contents of packages consigned to them before presenting their declarations in respect of such packages.

**Drawback.**—When any foreign goods are brought into any Customs station, which have been paid to the Sudan Customs on import, are re-exported abroad, the difference between the amount of the import duties already paid on the goods and the amount of the export duties which would be payable if the goods were of native origin shall be repaid, provided that the re-exportation be effected within six months from the date of the portation as shown by the records of the Customs Department.

- An Ordinance to amend and consolidate the Customs tariffs on Imports and Exports (No. 3, assented to 15 April 1913).
- Be it enacted by the Governor in Council of Seychelles with the advice and consent of the Legislative Council thereof, as follows:—
1. The law mentioned in Schedule A hereto appended are hereby repealed.
  2. Instead of the Customs Import and Export duties payable under the laws referred to in the preceding Article, there shall be levied the several Customs duties set forth in Schedules B, E, and F hereto appended.
  3. The goods enumerated in Schedule C of this Ordinance shall be exempted from Customs duties.
  4. (1) For the purpose of levying the *ad valorem* Customs duties on the value of goods coming from countries in which a gold standard of currency prevails, the rate of exchange with regard to the value of such goods expressed in the currency of such countries shall be fixed as set forth in Schedule D.
  2. (Provided that it shall be lawful for the Governor in Executive Council on or before the 31st December in every year, by Proclamation to amend Schedule D of this Ordinance and to alter the rate of exchange at which the value of goods coming from any or all of the countries in which a gold standard of currency prevails, shall be declared for the purpose of levying the *ad valorem* Customs duty thereon in virtue of and under this Ordinance or any Ordinance hereafter to be passed.
  5. (1) It shall be lawful for the Governor in Executive Council, upon the report of the Collector of Customs, to remit or refund the whole or any portion of the duties set forth in schedule B of this Ordinance in case of any goods imported under special circumstances, or for any object or enterprise beneficial to the Colony.

- (2) Provided that whenever any goods upon which the whole or any portion of the Customs duties have been remitted or refunded under the preceding section shall be sold the person selling the same shall be bound under penalty of a fine not exceeding one thousand rupees (Rs. 1,000) to appraise the Collector of Customs of the quantity, weight, description, and value of such goods at the same time, pay into the hands of the Collector the amount of Customs duties leviable or remaining due on the sale price of the said goods.
6. The Governor in Executive Council may by notice published in the Gazette add to or amend Schedules B, C, E and F of this Ordinance.
7. Provided that any such addition or amendment shall be laid before the Legislative Council at its next meeting who may by way of resolution confirm, amend or disallow the same.
8. All export duties, royalty and Harbour dues shall be paid to the Treasurer and Collector of Customs, and no vessel containing any of the substances mentioned in Schedule E hereto appended shall receive a clearance until such duties have been paid, unless otherwise authorized by the Governor.
8. This Ordinance may be cited as "The Customs Tariff Revision Ordinance, 1913."

## CUSTOMS DUTIES ENACTMENT, 1898.

(Federated Malay States Government Gazette—Extraordinary  
of Dec. 29, 1910, No. 52.)

1.—On and after January 1, 1911, duties are imposed upon the articles specified in Table A and Table B appended to this notification at the rates therein severally specified, provided that no such articles which have paid import, export or excise duty in any other State of the Federated Malay States shall be liable to pay duty under this notification unless brought into or conveyed through the State in contravention of the provisions of the rules, if any, from time to time made in that behalf by the Resident.

2.—For the purpose of assessing the amount of *ad valorem* export duty payable under this notification, the value of articles shall be ascertained as follows :

(1) Gold—

(a) The value of gold obtained by any cyanide process shall be taken at the time of payment of duty to be £2 per ounce, and if the amount of duty so paid exceeds or falls short of 2½% of the true value as evidenced in such manner as the Resident may approve, such excess shall be refunded to or such deficit paid by the exporter, as the case may be;

(b) The value of gold obtained otherwise than by a cyanide process shall be taken at the time of payment of duty to be £1 per ounce, and if the amount of duty so paid exceeds or falls short of  $2\frac{1}{2}\%$  of the value as declared in a written certificate from a bank or other authority approved by the Resident, such excess shall be refunded to or such deficit shall be paid by the exporter, as the case may be.

(iv) Tin and tin ore —

The value of tin shall be taken at the time of payment of duty thereon at the latest ascertained market price of tin in Singapore, and the value of tin-ore shall be calculated upon such latest ascertained market price.

(iii) Other articles

The value of any other articles shall be taken at the time of payment of duty to be the value fixed by notification in the *Gazette*, provided that, with the approval of the Resident, the value of sugar may, when the year's crop has been sold by contract, be taken to be the price payable under such contract.

AN ENACTMENT TO PROHIBIT THE IMPORTATION OF OPIUM AND TO VEST IN THE GOVERNMENT THE SOLE RIGHT OF IMPORTING AND DEALING IN CHANDU.

(No. 11 of 1910. —Passed by the Federal Council on November 3rd, 1910.)

It is hereby enacted by the Rulers of the Federated Malay States in Council as follows:—

1. (i) This Enactment may be cited as "The Opium and Chand Enactment, 1910," and shall come into force on January 1, 1911.

2. In this Decree and in all rules, notifications and orders made thereunder the following terms shall, unless the context otherwise requires, have the meanings assigned to them respectively in this section.

"Opium" means any kind of opium not prepared for smoking, chewing or swallowing, and includes the coverings in which opium has been

"Chunda" means any preparation of opium or any preparation in which opium forms an ingredient which preparation is used or intended to be used for smoking, chewing or swallowing, and includes chanda dross, but does not include any of the alkaloids or salts of alkaloids of opium.

\* 'Chandu dross' means the refuse of chandu which has been used for smoking whether or not prepared for use or not.

3. Subject to the exceptions specified in section 24 no person shall import into or have in his possession in any State any opium.

4. Subject to the exceptions specified in section 24 no person other than a Superintendent shall import into any State any chandu or have in his possession in any State any chandu other than Government chandu; provided that it shall not be an offence for any person to bring into any State or to have in his possession in any State Government chandu lawfully acquired by him in any other State.

21. (i) Nothing in this Enactment shall apply to the importation, preparation, sale or possession of opium or charoan for medical purposes only by or on behalf of the Government or by any person licensed to sell poisons under any Enactment to regulate the possession and sale of poisons or deleterious drugs.

The importation, manufacture or possession of sand-crackers is prohibited.

### CUSTOMS DUTIES ENACTMENT, 1908.

(Federated Malay States Government Gazette—Extraordinary of Dec. 29, 1910, No. 52.)

1.—On and after January 1, 1911, duties are imposed upon the articles specified in Table A and Table B appended to this notification at the rates therein severally specified, provided that no such articles which have paid import, export, or excise duty in any other State of the Federated Malay States shall be liable to pay duty under this notification unless brought into or conveyed through the State in contravention of the provisions of the rules, if any, from time to time made in that behalf by the Resident.

2.—For the purpose of assessing the amount of ad valorem export duty payable under this notification, the value of articles shall be ascertained as follows:

- (a) Gold—
- (i) The value of gold obtained by any cyanide process shall be taken at the time of payment of duty to be 2½ per ounce, and if the amount of duty so paid exceeds or falls short of 2½% of the true value as evidenced in such manner as the Resident may approve, such excess shall be refunded to or such deficit paid by the exporter, as the case may be;
- (ii) The value of gold obtained otherwise than by a cyanide process shall be taken at the time of payment of duty to be \$ 4 per ounce, and if the amount of duty so paid exceeds or falls short of 2½% of the value as declared in a written certificate from a bank or other authority approved by the Resident, such excess shall be refunded to or such deficit shall be paid by the exporter, as the case may be.
- (b) Tin and tin-ore—
- The value of tin shall be taken at the time of payment of duty thereon at the latest ascertained market price of tin in Singapore, and the value of tin-ore shall be calculated upon such latest ascertained market price.

(c) Other articles—

The value of any other articles shall be taken at the time of payment of duty to be the value fixed by notification in the Gazette, provided that, with the approval of the Resident, the value of sugar may, when the year's crop has been sold by contract, be taken to be the price payable under such contract.

"ORDINANCE NO. 10, ASSENTED TO APRIL 12, 1913; AS AMENDED BY ORDINANCE NO. 21 OF 1917.

Be it enacted by the Governor of Trinidad and Tobago with the advice and consent of the Legislative Council thereof as follows:

1. This Ordinance may be cited as the Customs Duties Ordinance, 1913.
2. There shall be raised, levied, collected and paid, for the public use of this Colony, the several duties set forth in the First Schedule to this Ordinance, upon all goods, wares, and merchandise, enumerated in the said Schedule, which shall be imported into this Colony, or taken out of bond for consumption in this Colony.
3. There shall be raised, levied, collected and paid, for the public use of this Colony, upon all goods, wares, and merchandise not enumerated in the First Schedule to this Ordinance, and not hereinafter exempted from the payment of duty, which shall be imported into this Colony, or taken out of bond for consumption in this Colony, an *ad valorem* duty of 10% of the actual cost of such goods, wares, and merchandise.
4. The goods, wares, and merchandise, enumerated in the Second Schedule to this Ordinance, which shall be imported into this Colony, or taken out of bond for consumption in this Colony, shall be exempted from the payment of duty.
5. (1) The cost of goods, for the purpose of ascertaining the amount of the *ad valorem* duty payable thereon shall be calculated, if the goods have been purchased by the importer or consignee thereof, on the price charged for the said goods by the vendor thereof as verified by the genuine invoice of such goods, and, if procured otherwise than by *bona fide* purchase, calculated on the actual market value or wholesale price of such goods at the time of exportation to this Colony in the principal markets of the Country whence such goods were imported: Provided always that the Collector of Customs or the proper Officer is satisfied in the case of goods alleged to be purchased of the fact of purchase, that the entries in such invoice are true, and that the invoice is genuine in every particular, and also in the case of such goods or of goods obtained otherwise than by purchase that the price charged for the said goods as represented by the invoice aforesaid or by the entry appears to be a fair market value for such goods, at the place and at the time that the same were purchased by the importer or consignee thereof.

(2) No discounts or deductions from the value of any goods chargeable with *ad valorem* duty shall be allowed unless such discount or deduction be clearly shown to the satisfaction of the Collector or other proper Officer on the original invoice or unless the same be verified by the signature of the manufacturer, or merchant, or person from whom the goods set forth or described in the invoice were purchased, and by whom such discount or deduction has been or purports to have been actually allowed.

6. When any invoice for goods purchased in a foreign Country expresses the value of such goods in the coinage of that Country, such value shall be assessed by the Customs authorities in the Colony at the constant exchange value (based on the relative values of the precious metals) of such foreign coinage for sterling money, and the importer shall pay duty, when duty is payable at an *ad valorem* rate, on the amount calculated at such value.

7. If any article subject to the payment of specific duty is imported in any bag, box, tin, jar, bottle, or any other package intended for retail sale and marked or labelled or commonly sold as containing or commonly reputed to contain a specific quantity of such article, such bag, box, tin, jar, bottle, or any other package as aforesaid, shall be deemed, as against the importer, to contain such specific quantity. In all cases where such package is not so marked or labelled or commonly sold or reputed, the duty, if payable on weight, shall be calculated on the gross weight of such package and its contents.

8. Goods not prohibited to be imported into the Colony composed of any article liable to duty as a part or ingredient thereof, shall be chargeable with the full duty payable on such article, or, if composed of more than one article liable to duty, then with the full duty payable on the article charged with the highest rate of duty.

9. (1) No liquor containing more than 42% of proof spirit as verified by Sykes' Hydrometer, or as certified by the Government Analyst, shall be deemed wine, and no liquor containing more than 20% of proof spirit as verified by Sykes' Hydrometer or as certified by the Government Analyst, shall be deemed malt liquor. All liquor, with the exception of medicinal spirits admitted as such by the Collector of Customs, containing more than 42% of proof spirit as verified or certified as aforesaid and all liquor other than such medicinal spirits containing more than 21% of proof spirit as verified as aforesaid shall be deemed spirits.

<sup>a</sup> Certificates of origin are generally similar to those issued for other parts of the Indian Colonies, for which see under British Guiana, p. 117.

(Ordinance No. 16, of 1908.)

1. This Ordinance may be cited for all purposes as "The Firearms, Ammunition, Gunpowder, and Munitions of War Ordinance, 1908."

## IMPORTATION AND EXPORTATION.

2. All firearms, ammunition, and gunpowder imported by sea shall be deposited at the cost, risk, and peril of the person or persons importing the same in such public warehouse or warehouses as shall be appointed by the Governor by proclamation for that purpose.

3. It shall not be lawful to introduce into the Colony or Protectorate, or land any firearms, ammunition, or gunpowder from neighbouring countries in which His Majesty has no jurisdiction, but the Governor may on special request grant licences for the introduction by land of specified firearms, ammunition, or gunpowder.

(a) To persons affording sufficient guarantees that the firearms, ammunition, or gunpowder in question will not be given, assigned or sold to third persons.

(b) To travellers provided with a declaration of their Government stating that the firearms, ammunition, or gunpowder are destined exclusively for their personal defence.

If such firearms, ammunition, or gunpowder are not exported from the Colony within one week after reaching the coast, they shall be deposited in a public warehouse as prescribed in the preceding section and be subject to all the provisions of this Ordinance.

4. Any person contravening the provisions of either of the two preceding sections shall on summary conviction before a Magistrate who may order the firearms, ammunition, or gunpowder to be forfeited to His Majesty be liable to a penalty not exceeding £100 or to imprisonment with or without hard labour for any period not exceeding twelve months.

5. It shall be lawful for the Governor by proclamation to prohibit the exportation of all or any of the following articles: Arms, ammunition, military and naval stores, and other articles which the Governor shall judge capable of being converted into or made useful in increasing the quantity of arms, ammunition, or military or naval stores, to any country or place therein named whenever the Governor shall judge such prohibition to be expedient in order to prevent such arms, ammunition, military or naval stores being used against His Majesty's subjects or forces, or against any person or persons with whom any he engaged in military or naval operations in co-operation with His Majesty's forces.

6. If any person shall export or attempt to export any of the articles mentioned in the last preceding section in contravention of such proclamation, such article or articles shall be forfeited to His Majesty, and the person so acting shall be guilty of an offence and be liable upon conviction before a Magistrate to a penalty not exceeding £100 or to imprisonment with or without hard labour for a period not exceeding twelve months.

## PROHIBITIONS.

## PROHIBITIONS.

By "Customs (Munitions of War) Ordinance, 1902" (No. 2 of 1902), assented to 19th February, 1903, the Governor may, by Proclamation, prohibit the importation or exportation of "munitions of war" and prohibited goods.

The importation, sale or manufacture of white or yellow phosphorus matches.

## "Sale of Firearms and Gunpowder Ordinance, 1912."

This Ordinance empowers the Superintendent of Police or any Travelling Commissioner to issue a permit, in prescribed form, to purchase or otherwise obtain firearms or gunpowder to any person applying for the same.

No person may purchase or otherwise obtain firearms, ammunition or gunpowder in Gambia without having previously obtained the requisite permit, nor may any person sell or transfer such firearms &c. to any person, other than a licensee or permit holder.

An Ordinance to make provision for giving effect to a Convention signed March 5, 1902, in relation to Sugar.

(No. 5.—Passed and assented to on May 11, 1909.)

Whereas, His Majesty the King and divers foreign powers have entered into a Convention signed March 5, 1902, in relation to sugar; and it is expedient to give effect to that Convention in this Colony and in the Protectorate.

Be it enacted by the Governor of the Colony of the Gambia, with the advice and consent of the Legislative Council thereof, as follows, viz.:

1. All sugar imported or brought into the Colony or Protectorate from any place outside the same shall be accompanied by such evidence of origin as hereinafter required; and all such sugar imported or brought into the Colony or Protectorate not accompanied by such evidence shall be deemed to be so imported or brought in contrary to a restriction contained in Section 41 of the Customs Ordinance, 1882, and subject as hereinafter provided, shall be dealt with accordingly, as if the same were goods enumerated and described in the table to the said Section.

2. All sugar shall be accompanied by a Certificate of Origin indicating (a) the kind and quantity of the sugar; (b) the kind, number, and marks of the packages; (c) the country of production, of origin, or of manufacture, and the country of destination of the goods; and (d) the mode of carriage by land or water.

3. The Certificate must be signed, and issued, by the fiscal authority having jurisdiction in the country of production, of despatch, or of transformation, such fiscal authority being only empowered for that purpose by the Government of the State.

4. When the country of origin of any sugar the subject of a Certificate is a State not party to the Convention of the 5th of March, 1902, the Certificate must, in addition to the particulars required above, state if the goods are derived from a factory which works sugar coming from one of the countries mentioned in the schedule hereto, or added thereto as hereinafter provided or any particular description of sugar therein specified in respect of any such country, and if so the name of such country; and any such Certificate must, as a guarantee of the signature and issue, be visé by the proper British Consul or Vice-Consul.

5. No Certificate is to be deemed valid after the expiry of twelve calendar months from the date of its issue, or such less time (if any) as may be mentioned in the Certificate by the fiscal authority issuing the same.

6. Inasmuch as it is possible that sugar may occasionally reach the Colony before the arrival of the Certificates of Origin relating to the same, and it would be inconvenient and expensive to importers if such sugar were not delivered from Customs charge until the arrival of the Certificates, it shall be competent for the Collector of Customs to authorise the delivery of such sugar, on the security of a deposit of such amount, or of a bond in such penalty as he may think fit, for the due production of the necessary Certificate within a prescribed period, provided that he sees no reason for suspecting that the sugar emanates from a country in respect of which such sugar is mentioned in the schedule hereto, and is intended to be imported into a country a party to the Convention of the 5th of March, 1902.

7. When the Governor shall be informed through one of His Majesty's principal Secretaries of State that any direct or indirect bounty is granted in any foreign country on the production or export of sugars, the Governor may, by Order-in-Council, add the name of such country, and the description of sugar in respect of which such bounty is granted, to the schedule hereto, and may when so informed that any bounty has ceased to be granted by any country delete therefrom the name of such country or description of such sugar in respect of which such bounty has ceased to be granted.

8. Nothing in this Ordinance shall apply to molasses, glucose, or sugar-sweetened products.

9. The Collector of Customs shall be the fiscal authority for the purpose of signing and issuing Certificates of Origin of sugar exported from the Colony or Protectorate.

10. The Sugar Convention Ordinance, 1901, is hereby repealed.

11. This Ordinance may be cited for all purposes as "The Sugar Convention Ordinance, 1909."

## II.—PROCLAMATION No. 6, of 21st FEBRUARY, 1901, PROHIBITING THE IMPORTATION AND SALE OF SPIRITUOUS LIQUORS IN THE INLAND REGIONS OF THE SOUTHERN NIGERIA PROTECTORATE.

This Proclamation, which came into operation on the 1st April, 1901, prohibits the importation and sale of spirituous liquors (1) in the inland regions (2) of the Protectorate, except as provided in the following Sections V., VI. and VII. thereof:

V.—Government officials, civil and military, missionaries, traders, travellers and other persons, not being natives, may import reasonable quantities of spirituous liquors into the inland regions for consumption by themselves and their agents, companions and subordinates (not being natives), on making a declaration thereof at a liquor declaration port (3) before the Customs officer (4), and obtaining a certificate of approval in the form "A."

VI.—Every importer shall produce such declaration and certificate for examination by a Customs officer, when so required, from time to time.

VII.—Any person authorised under a permit from the Secretary to the Government of Northern Nigeria to import into the said Protectorate wine and spirituous liquors for his own use or for the purpose of sale under licence to persons other than natives, on producing the said permit, and where the permit authorizes the importation for the purpose of sale and licence, the licence of the High Commissioner of Northern Nigeria, may import wine and spirituous liquors (except liquors known as "trade liquor") into inland regions for transit to Northern Nigeria.

## RESTRICTION OF THE IMPORTATION OF SPIRITS.

Southern Nigeria Spirit Licence Amendment Proclamation which came into operation on 1st January, 1903. This Proclamation provides that no person, other than the holder of a Southern Nigeria spirit licence granted under the "Spirit Licence Proclamation of 1901," shall import spirits into the Protectorate of Southern Nigeria.

## FURTHER PROHIBITIONS.

The "Uniforms Proclamation, 1903" (No. 16 of 1903) prohibits the importation into the Protectorate of Southern Nigeria of uniforms for sale in the Protectorate to be worn by or for the use of any persons, other than persons who belong to H.M. Military or Naval Forces, or to the Marine or Military Forces or Police or Civil Service of the Protectorate.

(1) "Spirituous liquors" include rum, brandy, gin, whisky, port, liqueurs and all other distilled liquors.

(2) "Inland regions" means all places in the Protectorate north of the junction of the River Niger and the River Anambra, which was formerly under the jurisdiction of the Royal Niger Company, Chartered and Limited.

(3) "Liquor Declaration Port" means any Customs Station or Port of Entry.

(4) "Customs Officer" means a Commissioner or the Senior Customs Officer in charge of any Customs Station.

The following prohibitions shall, as regards all parts of such uniforms except belts, come into operation from the date of the publication of this Proclamation in the "Gazette," and shall, as regards belts, come into operation from the 1st day of January, 1905.

Proclamation No. 2 of 13th February, 1905. The exportation of cotton seed from the Protectorate of Southern Nigeria is prohibited as from the 1st March, 1905.

Not in force since Oct. 19, 1908. Notice is hereby given to the public that the importation, sale and delivery of every kind of firearm, ammunition and powder to natives, will be suspended from the 15th day of February, 1909.

Under an order, No. 27, of 24th July, 1913, the importation of the following articles is prohibited:

"Skins of seals taken in contravention of the Order of His Majesty in Council (referred to) The Seal Fisheries (Tropical Colonies and Protectorates) Order in Council, 1913."

Gold, silver, false money or counterfeit sterling, such of the realm, or any money purporting to be such, not being of the established standard in weight or fineness; all coins or forms of native currency which may be prohibited by the Governor in virtue of the powers conferred on him by any order of His Majesty in Council in force for the time being; obscene or obscene prints, paintings, books, cards, lithographic or other engraved or printed matter or obscene articles; infected cattle, sheep or other animals, and hides, skins, horns, hoofs, or any other part of cattle or other animals which the Governor may by order prohibit in order to prevent the introduction of any contagious distemper; provisions, meat, and vegetables unfit for human food—these, if imported, shall be destroyed or otherwise disposed of as the Governor may direct; armed or precision firearms, guns, ammunition, cartridges, filled or unfilled, percussion caps and powder except in conformity with "The Firearms and Ammunition Proclamation, 1901"; explosives, except such as may be imported with the sanction of the Governor; spirituous liquors and wines, except in conformity with "The Liquor Prohibition Proclamation, 1901"; folded or woven goods, unless folded and marked in compliance with "The Folded Woven Goods Proclamation, 1901"; matches made with white (yellow) phosphorus; uniforms, except in conformity with the uniforms proclamation; cowries; raw or prepared opium; gold coin current in the United Kingdom, provided that any person arriving in Nigeria having in his possession any such coin shall, if on his arrival he declares and delivers the same to the Collector of Customs, be entitled to receive current silver coin in exchange at the rate of twenty shillings to the £ sterling; raw cocoa.

### "THE EXPLOSIVES PROCLAMATION, 1912."

This proclamation, which came into force on July 1, 1912, provides that no explosive shall be landed within or imported, or brought into, or sold in the Protectorate without the written permit of the Governor or any person authorised by him for that purpose.

The Governor is empowered to make rules and regulations for the landing, conveyance and storage of explosives and the sale thereof, and for the further or better carrying into effect the purposes of this Proclamation.

The term "explosive" is held to mean nitro-glycerine, dynamite, gun-cotton, blasting powder, fulminate of mercury or other metals, and every other explosive substance being any compound of, or having any ingredients in common with any of the above, and not being gunpowder, percussion caps, rockets or fuses.

† The following will be considered as yarns prepared for retail sale: (a) Yarns made up in various small ways, (e.g., on cardboard, discs, reels, bobbins, star shaped pieces of cardboard, yarns arranged or packed in cardboard boxes or fancy paper, including the weight of these packages); yarns in small hanks and in balls. (b) Hanks of yarn, put up in more elaborate fashion than that necessary for merely weaving, with loose transverse threads running through them, which do not fasten the hanks tightly but keep them together by means of knots. In such a way that if the knots are pulled the hanks fall into small independent hanks. The fact of two or more yarns in hanks being knotted in a more elaborate manner than the skeining necessary for weaving, does not form any reason for the application of the rates of No. 188. Nevertheless Customs Houses with full customs powers are empowered to levy duty on made-up yarns if the same are made up in such a way that they are evidently prepared solely for industrial purposes, (e.g., for the manufacture of lace and trimmings or for covering ropes, &c.), and the importer declares himself in writing on the invoice, as ready to permit temporary official inspection of his factory for the purpose of proving the actual use of the yarn (&c.).

See Note 1 to No. 192.

‡ Note to Nos. 189 to 192.—In the case of tissues of which are alternating open and close woven, duty will be calculated upon the average total number of threads. The average total number of threads will be obtained by counting the threads of both warp and weft between two regularly recurring points in the design (counting from repeat to repeat, and by reducing the number of threads so obtained to an average per square of 5 millimetres, adding together the product for warp and weft, in the case of tissues of which the threads are of different thickness, the single strands should be counted. No account is taken of fractional parts, establishing the net result of the calculation (&c.).

† Under this heading are included all flat-stitched tissues (even dyed, printed or woven in colours, without regard to the condition or quality of the yarns used for their manufacture), worked with figures resembling embroidery on which the weft threads of the pattern lie flush with the rest of the texture, at least altogether on one side and partly on the other. They are distinguished from other tissues by the fact that the figure-threads always bind the same threads of the foundation-tissue when the figure is turned over and appear to be woven with it, which is not the case with embroideries. Flat-stitched tissues of which the foundation-tissue is made of yarn of No. 100 or less, may be assessed for duty according to the rates of the foundation-tissue. Tissues of which the figure threads have been removed from the cutting required for the assessment of the weight of the main tissue (&c.).

‡ Note 1.—Strips serving for tying up packages, not more than 5 mm. wide, made of cotton threads stuck together, even of different coloured threads, are included under ribbons for advertisement purposes. They may have the name of the firm, &c., printed on them (&c.).

§ Note 2.—Mercerized tissues or tissues made wholly or partly of mercerized yarn, as also velvet and ribbons of the same kind, are subject to a duty of 18 kronen per 100 kilos, (i.e. 7½ p. cent.), in addition to the duties to which they are already respectively liable (&c.).

¶ Note 3.—The duty of 18 kronen also applies to the conventional tariff, in calculating the conventional surtax, the conventional rates applying to the different tissues are to be taken into consideration.

§ Note 1.—Tulle and netted materials resembling tulle figured with lace-like designs are dutiable as lace. Note 2.—Tulle worked with lace-like designs, similar to the samples deposited on the occasion of the signing of the Treaty, is dutiable, not as lace, but as figured tulle under No. 196 (&c.).

AUSTRIAN-HUNGARIAN TERRITORIES.

1. Note 1.—Women's hats and girls' hats, shaped and finished in the same way as hats for men and boys, are to be dutiable as the latter (C. 1, No. 2).

2. Note 2.—For the purpose of classifying untrimmed women's hats (No. 1), the following are to be taken into consideration: (a) The material, e.g., straw, felt, etc., wire (wrapped round with yarn or not), attached to the crown of the hat, above or below, or sewn on to the latter either (b) directly, to give effect to the crown and eventual shape, or (c) indirectly, to trim the crown and the brim.

3. Note 3.—Women's hats shaped and trimmed like men's and boys' hats will be dutiable as the latter (see Note 1 to No. 26b).

4. Note 4.—Caps and similar head gear, except "fez," are to be dutiable as hats, if they are made of the same material as hats and are not hat caps.

5. By trimming is meant fitting with lining, aede, cord and the like, or with simple cording with or without material, cord and the like, or with only one of these components.

6. Note furnished with ordinary buckles, buttons, and tassels, are to be regarded as ornamented (G).

## General Notes to Class XXXVIII.

1.—For the purposes of this tariff malleable (wrought) iron includes steel, soft cast iron and cast steel.

2.—"Worked" articles as opposed to "rough" are divided into three classes as regards iron wares.

These divisions are considered to be as follows so far as in the case of special numbers in this class separate degrees of working are not expressly named nor other exception filed:—

(a) The following are considered as being *ordinarily worked*:—all articles scoured, pierced, bored, or with cut screw threads, and all articles wholly or partly filed, or with the rough cut off, or turned, sand-papered, planed, smoothed or roughly painted; and all iron parts rivetted, screwed and subsequently put together in a similar manner, so far as they are not included under (b) and (c) by reason of further working.

On the other hand the removal of casting or moulding seams by chiselling, filing, or knocking off, smoothing broken surfaces, removing runners, knobs, &c., due to casting, and, in the case of cast-steel, roughly securing for the purpose of testing for freedom from flaws, are not to be considered as working.

Cast steel roughly scoured for the purpose of testing for freedom from flaws, is treated as casted steel only when it is proved that the scoured side requires still another process before the completion of the article.

3. Note to Nos. 484-486.—Gilt or silvered iron wares, expressly named in Class XXXVIII. (iron and iron wares), and all specially mentioned articles which on account of their combination would come under one of the three above mentioned Nos., but are liable to duties of at least 38, 100, or 240 kronen per 100 kilos, respectively, will be treated according to their special number (6).

This proof may take the form:—(a) of a defacing of the scoured side (by chiselling or by reduction of a transverse section) such that a further process of manufacture is manifestly indispensable; (b) of official investigation.

In the absence of proof, roughly scoured cast steel is only to be admitted as crude on the ground of permission for admittance for use in machine factories or machine workshops.

(b) The following are considered as being *finely worked*: all articles wholly or partly coated with tin, zinc, copper or brass oxidised, finely coated, varnished, lacquered, painted, bronzed, or enameled.

(c) The following are considered as being *most finely worked*: all articles polished, engraved or nickelled, or plated with copper, copper alloys, or aluminium.

So far as special regulations do not apply in the tariff, *most finely worked* articles are liable to a surtax on the duty leviable on the articles concerned of 35 per cent. for polished wares, and 60 per cent. for engraved or nickelled wares and for wares plated with copper, copper alloys, or aluminium. If in the case of the articles concerned special rates are provided for ordinary and fine working, the 60 per cent. surtax is to be calculated on the rate provided for the fine working.

In calculating the surtaxes in the case of conventional treatment, the duties under convention are to be taken as basis.

[The whole of Note 2 is conventionalized by the Treaty with Germany.]

\* In the case of the separate importation of component parts of the dynamos and electric motors, &c., mentioned in No. 539, those finished component parts which, on account of their construction can suitably be recognised as forming part of such machines, may be tariffed according to that number (539), and even under sub-divisions (b) to (e), if the proof necessary for determining that these parts belong to a machine coming under the sub-head (b) to (e) is afforded by the persons interested. If such proof be not afforded, duty will be levied under sub-head (a).

Other part of such machines, &c., to be tariffed separately, are to be treated as separately imported parts of machines under Class XL, as far as they are expressed as separate component parts of machinery, but otherwise according to the nature of the material.

Component parts of other apparatus and electro-technical appliances (belonging to this class, so far as they are not specially mentioned), will be tariffed as the apparatus, &c., to which they belong, if they are shown by their construction to be finished parts of such apparatus, &c.; other component parts (pieces) shall, according to the material of which made. Electric apparatus and electro-technical appliances, not specially mentioned, weighing less than 5 kilos, with mounted electrical regulating and measuring apparatus, will pay duty according to No. 540 (b).

559	Ships of iron or other base metal; steam ships.....	100 kilos, of metal	11-50

Note.—Navigating appliances (e.g., sails and yards, anchors and anchor chains, corals and small boats) will pay no extra duty so far as their quantity does not exceed what is necessary. Other fittings, including the engines of steam vessels, are subject to the duties specially laid down in the tariff.

## XLIII.—PRECIOUS METALS, PRECIOUS AND SEMI-PRECIOUS STONES, AND MINERALS MADE THEREOF; JEWELLERY AND SPECIES.

560	Gold, silver, platinum, and other precious metals, not specially mentioned, raw, also old and broken, and waste.....	Free	—
-----	--	------	---

\* On the separate importation of parts of motors, &c., for automobiles, these finished parts which on account of their construction can suitably be recognised as parts of such motors may be tariffed under this number, and even under the sub-divisions (b) to (d), should such proof not be afforded, duty will be levied under the sub-division (a). Other parts of such motors to be tariffed separately are to be treated as parts of machinery, separately imported, under Class XL, so far as they are represented as component parts of machinery; all others according to the nature of the material.

§ Carriages for electric traction may pay duty in either of the following ways, according to the desire of the persons interested:—

(a) If the motor is omitted and presented for assessment separately it is to pay duty under No. 559, and the carriage under that number under which it falls on account of its nature.

(b) If the motor is not imported unfitted, but is connected with the carriage, then the whole is to pay that duty under which the carriage falls on account of its nature, together with an addition for every 100 kilos, of the combined weight of the carriage and motor of 8 kronen (4).

clearance on entrance, the lenses with their cases may be detached and may pay duty at the "general" rate provided for No. 375 (b) 1 of the Tariff; photographic cameras without lenses, on the other hand, are dutiable at the "conventional" rate of No. 375 (c) (6).

1. Other parts for musical instruments (except strings, single-reed instruments, and flutes) are subject to be tariffed as the instrument they belong to. Sounding boards and metal frames do not pay duty as the material of which they are made.

2. All pocket watches, without regard to size, are subject to the conventional rates established under this number, including those provided for in the following rates:

(a) Complete cases for watch cases (so-called *carcasses*) are to be treated as complete cases, even if they are imported without face or backs (8).

\* The exemption from duty guaranteed to instruments of precision for scientific purposes by Art. XI, Section I, of the Customs Tariff Law, is granted not only to public establishments, but also in other circumstances, in trade with Treaty countries, when the applicant satisfies the appropriate officials, by means of certificates, that the imported instrument is intended for scientific work, and not for commercial purposes, or for use in any lucrative occupation or in trade (G).

(a) Sulphur (in lumps and sticks), also powdered or not, and flowers of sulphur; phosphorus, metallic antimony (antimony regulus); quick-silver.....

Sulphur (in lumps and sticks), also powdered or not, and flowers of sulphur.....

(b) Arsenic (metallic)..... 100 kilos.

597 Oxides and bases, specially mentioned:—

(a) Caustic potash (caustic potassium hydroxide)..... 100 kil.

Caustic soda (sodium hydroxide), solid.....

(b) Lye of caustic potash or of caustic soda.....

(c) Barium hydroxide (caustic barium); mag-

nesia, calcined (magnesium oxide, not chemically pure)..... 100 kilos.

(d) Barium superoxide.....

(e) Artificial alumina (hydrate of alumina, aluminium hydroxide)..... 100 kilos.

(f) Arsenious acid (arsenic trioxide).....

(g) Zinc white (white zinc oxide); zinc gray (gray zinc oxide)..... 100 kilos.

(h) Artificial stannic oxide (tin ashes).....

(i) Lead ashes.....

(j) Litharge in flakes and pieces (silver and gold litharge)..... 100 kilos.

(k) Litharge, ground, in the form of powder; yellow and red lead..... 100 kilos.

(m) Carbonic acid, liquefied.....

(n) Ammoniacal water, concentrate.....

(o) Spirit of sal ammoniac and of saltpetre..... 100 kilos.

(p) Ammonia, liquid (liquefied ammonia gas).....

(q) Peroxide of hydrogen.....

(r) Nitric acid; pyroboric acid, crude..... 100 kilos.

Hydrochloric acid; 1. Not concentrated.....

2. Concentrated.....

(s) Sulphuric acid; 1. Not concentrated.....

2. Concentrated.....

(t) Boracic acid; 1. Raw.....

2. Refined.....

(u) Oxalic acid (saccharic acid).....

(v) Hydrocyanic acid.....

Note.—Fertilising salts may only be imported under the prescribed regulations.

599 Potassium, sodium, and ammonium salts, specially mentioned:—

(a) Fertilising salts (potassium and sodium salts in their natural condition, so-called natural salts, also artificial mixtures made from mixtures of salts; chloride of potassium (muriate of potassium); Chile saltpetre (nitrate of sodium); raw potash (caustic potash).....

Note.—Fertilising salts may only be imported under the prescribed regulations.

(b) Borax, raw; tartar, raw; wine lees, dried.....

(c) Glauber's salt (sulphate of soda), 100 kilos.

(d) Sulphate of potassium; bi-sulphate (hydro-sulphate) of sodium and potassium; potassium of tartar.....

Potash (carbonate of potassium) containing up to 55 per cent. of carbonate of potassium..... 100 kilos.

(e) Soda (sodium carbonate), raw or crystallised..... 100 kilos.

(f) Potash containing more than 55 per cent. of carbonate of potassium..... 100 kilos.

Silicate of sodium, solid.....

(g) Soda, calcined; silicate of sodium, liquid..... 100 kilos.

(h) Sulphate and hydrochlorate of ammonia, sal ammoniac..... 100 kilos.

(i) Saltpetre (nitrate of potassium).....

(j) Bicarbonate of sodium and potassium; sulphate of sodium; bi-sulphate of sodium, solid; hyposulphate of sodium, solid..... 100 kilos.

Refined borax.....

(k) Sodium nitrite; crude manganate and permanganate of potassium and sodium; oxalate of potassium, tartar, refined; ammonium carbonate..... 100 kilos.

(l) Bisulphate of sodium in aqueous solution..... 100 kilos.

(m) Chromate of potassium and of sodium, yellow, and bichromate of potassium and of sodium, red; ammonium acetate; potassium acetate; sodium acetate..... 100 kilos.

(n) Ferro- and ferricyanide of potassium and of sodium (yellow and red blood-lye salts); ferro-cyanide of lime..... 100 kilos.

(o) Sulphate of potassium and of sodium, also liver of sulphur; sulphide of ammonium; chlorate of potassium and of sodium; phosphide of sodium..... 100 kilos.

1. Liver of sulphur, chloride of sodium and chloride of potassium.....

2. Sulphide of potassium and of sodium; sodium phosphide..... 100 kilos.

3. Ammonium-sulphide.....

Calcium, strontium, barium, and magnesium salts, specially mentioned:—

(a) Chlorate and trihydrate of lime.....

(b) Artificial carbonate of strontium; strontium hydroxide (caustic strontium), 100 kilos.

† By "Black Forest clocks" are to be understood all those in which the clock-fittings belonging to the clock-works (except bells and chains for clock-weights) are set in a wooden frame with wooden back and side walls. The absence of the dial-plate and of the more side walls does not affect the tariff classification (G).

Gilt figures and small gilt strips on the edges on metal dial-plates are without effect on the classification of such clocks. The amount of finish on the face of Black Forest clocks affects the tariff treatment only so far as the face being manufactured wholly or partly of gilt or silvered base metals may preclude the application of the "conventional" rate (G).

Clocks manufactured in the same way as Black Forest clocks are dutiable as clock-works under No. 589, when the back as well as the side walls are absent (G).

The term "wooden frames for Black Forest clocks" includes not only such as have the brass-lined gimlet-holes already present, but also those that display in a greater degree combination with one or more clock-fittings (but not clock-works fitted to them) (G).

As clock-fittings of all kinds for clocks included under No. 589 are to be regarded only the separate component parts which serve for the putting together of clock-works and clocks of the No. in question, i.e., levers, escapements, springs, hook-escapements, potences, frames, verge, pinions, main springs, pendulums, clock keys and parts thereof, dial plates with or without figures, also fittings for the control of pendulum regulators; dial-plate rings (G).

These component parts are distinguished from the watch-fittings of No. 588 of the Tariff, in so far as they are the same for both clocks and watches, chiefly by the larger dimensions, but partly also by being less delicately adjusted to their purpose. In cases of doubt, which cannot be settled by experts, especially in the case of component parts for small clocks and clock-works not otherwise mentioned belonging to No. 589, such doubtful fittings are to be classified under No. 588 of the Tariff (G).

Cases, bells, weights, weight chains, ornamental watch-chains, also ornamentally watch and clock fittings, i.e., fittings of wood, bone, glass, paper, are to pay duty according to material (G).

1. Tools, calendars, pictures (except the products of the picture printing industry belonging to No. 299), music, &c., stitched or bound in paper, cardboard, bookbinders' linen, or leather, are to be admitted duty free under Nos. 617 or 618, as the case may be. The possible presence of glass or fastenings of base metals (even gilt or silvered) does not affect

The presence of gold or silver printing, or of gold or silver edges, is without effect on the tariff classification of bound books (No. 617) and of pictures (No. 618).

pictures, &c., are placed or covered, will be tariffed separately according to the nature of the material, even when it is manifest that they belong to the books, pictures, &c., contained therein (H) (S).

The above does not apply to wrappings of rough cardboard, only serving for protection during transport, with or without labels, nor to cardboard covers of prayer books or devotional books, even though marked with metal or colored paper.

2. Children's picture sheets and other pictures of No. 229, bound, even with sister letterpress, also children's picture books, are to be treated not according to No. 648, but according to the provisions of Class XXIX. of

the tariff. Pictures bound in with books, even when the pictures intrinsically belong to No. 299, also illustrations inserted in the text of books, are without influence on the tariff treatment, and fall under No. 615 (*Q*) (*S*).

According to the nature of the material of the frame. In the case of paintings in frames (No. 619), the latter will be tariffed separately according to their nature; should separation appear impossible, duty is to be paid on half the total weight according to the nature of the frame.

## GENERAL NOTES TO THE IMPORT TARIFF

For the purpose of the classification under the tariff of wares combined with other materials (so far as such combination is not, according to the tariff to be considered as without effect, or so far as no special regulations about such combination are to be found in the tariff itself), the materials used in combination have been divided into three groups, and are distinguished in the tariff as "very fine," "fine," and "common" materials.

According to this division—

(n) "Very fine" materials are: -Ivory, tortoiseshell, mother-of-pearl, amber, jet (real or imitation); silk wares, lace, embroidery on textiles, artificial flowers and foliage, included under Nos. 261 and 262; prepared ornamental feathers; wig makers' wares and other wares of human hair; semi-precious stones; real gilt or silvered base metals (also iron or steel), real gilt or silvered "fench" wire or thread, or wares thereof; also wares of imitation "lemon" wire or thread.

(b) "Faux" materials are: Cambriche; leather; oil cloth not specially mentioned; waxed muslin; waxed taffetas (oil silk), bobkiners cloth; lace or bon; artificial materials for carving (except imitation leather); materials included under (a) ornamented, pickelled (or steel); light materials (not silk) included under (a) imitation aluminium; meesbaum; and its imitation; imitation of imitation; "leimisch" wire and thread; other textile wares (not included under (a)); repe-muslins; wares included under common materials, and coarse tissues included under Nos. 207 (a), 216 (a), and 217 (a); materials in combination with wares of embossed wares (not silk) on materials other than textiles.

(c) "Genuine" materials are:

(c) Common conditions or others which are not specially mentioned under (a) or (b).

Articles mounted with precious metals are to be treated according to the special regulations in the tariff, so far as they do not possess the character of the wares included under Class XLIII.

*Votes to the House Council: Yes*

The provisions of the "General Notes to the Import Tariff" will be modified as follows in the case of the tariff treatment of tanned:

The accessories serving for the putting together of the separate component parts of toys, such as wheels, hinges, cramps, frame, frame, string, little pieces of tissue, strips of paper, and the like, also insignificant accessories of fine or very fine materials, are without effect on the tariff treatment, except in the case of the wooden toys of No. 345 (n), which on account of such accessories, or on account of their combination with common materials fall under No. 355 (a).

In accordance with the above-mentioned provision, the following therefore, for example, are without effect on the classification:—Small strips and trailing accessories of silk or lace; occasional pieces of wire or wire of thread; occasional artificial flowers on dressed dolls; small doll-trunks; small pieces of metal, e.g. small metal buttons, bands for the ornamentation of small figures of animals; trawls, strings, and small bands for working mechanical coils; simple coils of textile threads with tassels for children's toy trumpets; braces for toy drums, etc.; small pieces of glass, e.g. keys of glass, or metal harmonicas; small wheels of iron or metal for toys; small pieces of metal, e.g. single component parts (even though ornamented or nickelled) of iron or base metals, e.g. little doors on iron cooking ranges of sheet brass or copper, etc.; small bells of nickelled sheet brass for woody animals, etc.; small pieces of iron or tin for strips of iron wire or eelichips attached to toy horses in imitation of reins; small rings and metal pieces of iron or tin for toy animals; paper shorts, even stitched together, attached to boxes of bricks; also the pictures pasted on to small boxes

Birds of wood, paper, &c., with ordinary birds' feathers, are dutiable as toys in combination with line materials.

Dolls and dolls' heads belonging to Nos. 282 (c), 299, 300 (d), 318, 343 (b), 355 (d), 388 (d), 424 (c), 426 (c), 486, and 522, in combination with imitation wig-makers' wigs of materials other than human hair acceptable at 100 kronen per 100 kilos. (£2 2s. 4d. per cwt.) (7).

Ex 27 (b) and after September 1, 1913, specific duties as shown will be levied on the goods enumerated in ex 27:			
WEARING APPAREL, LINEN, AND MADE UP ARTICLES OF ALL KINDS:			
Hosiery (1):			
(1) By Hosiery is understood any article of clothing knitted or crocheted by hand or made on stocking frames, except wares coming under the head of "lace," and meshed hosiery tissues in the piece, not cut for a special purpose and not worked up in any way.			
Wares consisting of non-elastic meshes, and, in particular, wares manufactured in net style, i.e., with wide square meshes knotted at the four corners, are not included under the heading of Hosiery.			
In determining the kind of textile regulating the classification of hosiery, no account is to be taken of the materials which, entering into the foundation stuff, do not represent more than 5% of its weight; nor is any notice to be taken of the kind and weight of the linings (notably, the linings of gloves and			

mittens), edgings, cords, tapes, belts, ribbons, passementerie, lace, embroidering or broaching threads, i.e., of all tissues, threads, and accessories employed as trimming or ornament, and which are independent of the foundation stuff, except, however, sewn-on fringes.

In applying the present provisions respecting hosiery, goat-hair, alpaca, llama, vicuña and camel-hair are to be assimilated to wool, and floss silk and artificial silk to silk.

As regards articles of hosiery subject to different rates of duty according as they are or are not ornamented, the following rules are to be observed:—

The following are considered as articles without ornaments:

(A) All plain articles, without patterns, and all figured articles, in which the pattern is produced on the same machine as that which makes the foundation stuff at the same time as the latter.

(B) All articles furnished with added ribbons, passementerie or other ornament (except guipure and lace) of any material of a value equal or inferior to that of the foundation stuff, or furnished with ordinary accessories necessary for the use of the articles (such as: stitching (*piquage*), hems, buttons, sewn button-holes, hooks, buckles, binding latches to prevent the fraying of the stuff, neckbands, ribbons and cords for fastening up, waistbands, belts of leather &c.), whatever be the material of which such accessories are composed.

The following articles are considered as un-ornamented:

(a) Shawls, scarves and fichus furnished with fringes, even sewn on;

(b) Cotton gloves simply furnished with cotton or silk points (*baguettes*), embroidered by chain stitch or otherwise, except the same gloves with non-retention points (*baguettes*) of silk;

(c) Gloves, mittens, stockings, socks, and other articles simply open-worked, either with regular spaces or with spaces forming a design, provided that the spaces are not produced by the use of a thread of special effect independent of the continuous thread constituting the foundation stuff;

(d) Underclothing of cotton or of wool simply furnished with common lace (*dentelles*), not having the character of ornaments.

The following are considered as articles with ornaments:

(a) All articles furnished with chain stitch or other embroideries (except cotton gloves with embroidered gussets points (*baguettes*), which are to be considered as without ornaments under letter (b) above), as also articles furnished with patterns produced by the use of a thread of special effect independent of the continuous thread constituting the foundation stuff;

(B) All articles furnished with guipure or lace (except underclothing of cotton or wool referred to in letter (d) above), without regard to the nature of the material of which the guipure or lace is composed;

(C) All articles furnished with ribbons, passementerie or other trimmings not coming under the category of ordinary accessories necessary for the use of the articles, when such trimmings are of a material of higher value than that of the foundation stuff.

Knitted articles with the addition of leather or of ordinary tissues are to be dutiable as hosiery, according to kind, when the knitting constitutes the principal portion in the surface and externally by the different materials occurring in the articles present.

Hosiery tissues cut out for the manufacture of gloves or mittens, but not sewn, are to be dutiable as *Hosiery articles not specially mentioned*, according to kind.

Hosiery of cotton (2):

(2) Cotton hosiery includes articles of pure cotton or of cotton mixed with other textile materials (except silk), the cotton predominating in weight:

The following are not included in this category: machine-made embroideries, shawls and scarves, corcomones and blankets (or covers), bags and gumpies, felts, carpets and tapestries, tulle and other meshed tissues, hushy tissues, elastic tissues, velvets, plushes and tissues of the <i>nappe</i> class, and trummings and ribbons.	
	4. Under this category are included bobbinets for curtains, bed covers, elder-down quilt covers, covers for sofas and other articles of furniture, except articles of this kind imported in the form of galloons, insertions, bands, or widths ( <i>laines</i> ), which are dutiable as "laine."				
	As bobbinets are considered articles produced on the bobbinet loom which have a conspicuous warp, parallel to the selvage along the whole width of the piece, or at least for the greater part of the width.				
	5. The counting of the threads is effected in the plain parts of the tissue, i.e., in the close-woven parts, each warp thread, whether single or twilled, being counted as one thread. The width of 25 mm. is measured from the centre of the space between the first counted thread and the thread which precedes it.

(1) Excluding Indian cashmere shawls and scarves.

(2) The following shall be assimilated to articles of pure wool specified in this category:

(a) Articles composed in greater part of wool and a proportion of silk not exceeding 5%, even if they contain textile materials other than wool and silk.

(b) Articles of wool mixed with textile materials other than silk, if the proportion of such textiles does not exceed 10%.

(3) Only articles containing more than 5% of silk are regarded as being mixed with silk.

By "silk" is understood silk properly so-called, floss silk and artificial silk.

(4) This category comprises shawls and scarves of mixed wool, the wool predominating in weight, not specially mentioned or included elsewhere.

(5) Including articles hemmed, bordered or furnished with fringes, plain or not.

(6) Under this head are included carpets with knotted or twisted pile, of any origin, including imitation thereof. Carpets with a "knotted" pile are those in which the threads of the pile (*pile de laine*) form a knot; those which are fixed by means of a knot; the pile is called "twisted" when the threads of wool completely surround the foundation thread.

In measuring the surface to determine the weight per square metre, only the surface occupied by the body of the carpet is taken into account, to the exclusion of the fringes.

(7) This category comprises only "Brussels" (*moquettes bruxelloises*) in which the designs or tints are obtained by printing on the warp.

(8) Covers for card and other tables manufactured in the same way as carpets, and weighing 1,200 grammes or more per square metre, shall be dutiable as carpets.

(9) Including sized, dyed, or printed tissues, and tissues manufactured wholly or in part with dyed threads.

(10) Under the head of linoleum for tapestry is included only linoleum stamped or gilded in relief, specially destined for the decoration of the walls of rooms. Linoleum with plain surface, without relief, is included under the heading "linoleum for floors," whatever be the purpose for which it is intended.

"Lacustrine" lined with tissues shall be dutiable as "linoleum for tapestry"; the same article simply lined with paper or parchment does not come under that heading.

For tapestry	100 00	
Not specially mentioned	25 00	
Ex 64 From and after July 1, 1913, the import duties on the undermentioned goods are fixed as follows:		
Tissues of wool mentioned below:		
Tissues of wool mixed with silk, not specially mentioned (1):		
Trimmings and ribbon makers' wares	100 kil.	225 00
Other articles, weighing per square metre:		
From 200 to 500 grammes exclusive	225 00	
300 grammes or more	250 00	
(1) This class includes all tissues of wool mixed with silk, the wool predominating in weight, with the exception of shawls and scarves, carpets and tapestry, and of tissues weighing less than 200 grammes per square metre.		
Only tissues containing more than 5% of silk are regarded as "mixed with silk."		
The term "silk" is applied to silk properly so-called, to floss silk, and to artificial silk. It does not, however, include artificial silk entering into the tissue only in the form of nap or "waste" incorporated in the woven fabric.		
Trimmings and ribbon makers' wares:		
Of pure wool (2)	100 kil.	50 00
Of wool mixed with other textile materials except silk	100 kil.	30 00
Felts not specially mentioned, weighing per square metre:		
Of pure wool (2):

700 grammes or more	100 kil.	25 00
Of wool mixed with other textile materials except silk:		
Less than 700 grammes	100 kil.	40 00
700 grammes or more	100 kil.	25 00
(2) Articles consisting of the greater part of wool, but also in part of silk, the latter not exceeding 5%, are subject to duty as articles of pure wool. The same regime is applicable to articles of mixed wool which do not contain more than 10% of textile materials other than wool and silk.		
The term "silk" is applied to silk properly so-called, to floss silk, and to artificial silk. It does not, however, include artificial silk entering into the tissue only in the form of nap or "waste" incorporated in the woven fabric.		
Velvets and plushes (3):		
For furniture	100 kil.	80 00
Other	100 kil.	75 00
(3) Including (tissues manufactured in the same way as velvets and plushes, and especially fine-velveted moquettes or nonquetts with curled nap ( <i>bouclées</i> ) destined for furnishing (door-curtains, curtains, furniture trimmings, &c.), as well as plushes to imitation of furs, astrakhan, ermine, and similar styles.		
Stuffs for furniture (4):	100 kil.	10 00
(4) This heading includes stuffs of close texture weighing 200 grammes or more per square metre and evidently intended for the making-up of curtains, door-curtains, furniture covers, &c., but does not include articles mixed with silk or furnished with embroidery, nor felts, velvets, plushes, carpets and tapestries.		
Tissues of pure wool, not mentioned or included elsewhere (5), weighing per square metre:		
From 200 to 350 grammes exclusive:		
Tissues of one colour having less than 40 threads in weft and warp to the square centimetre, except articles having more than 24 double threads in the same space	100 kil.	70 00
Other	100 kil.	125 00
From 350 to 550 grammes exclusive:		
Tissues of combed wool with less than 31 single threads in warp and weft to the sq. centimetre	100 kil.	60 00
Other	100 kil.	105 00
550 grammes or more:		
Tissues of combed wool with less than 31 single threads in warp and weft to the sq. centimetre	100 kil.	50 00
Other	100 kil.	85 00
In determining the number of threads, cotton threads, twisted or not, threads of wool are not counted.		
(5) To tissues of pure wool of this class are assimilated:		
1. Tissues of combed wool or of combed wool mixed with textile materials other than silk, when the proportion of these materials does not exceed 10%.		
2. Tissues of wool mixed with more than 10% of textile materials other than silk, when these tissues contain threads of combed wool in a proportion of at least 10%.		
(1) This heading includes only coarse cloths, with rough surface, of which the threads are sunk in a coating with linseed base, as well as oilcloths or only one cloth, with plain surface, presenting at most 11 spaces thread in a sq. of 5 millimetres side.		
(2) Including strong jute cloths, oilcloths, which are not oilcloths or for packing or for tapestry.		
Excluding tissues containing threads of combed wool.		

No.	Goods.	Duties, Frs. C.
	portion of at least 25 % of the total number of warp and weft threads combined;	
	3. Tissues of wool, mixed or not, containing silk in a proportion not exceeding 5 % of their weight.	
	The term "silk" is applied to silk properly so called, to <i>fil de soie</i> , and to artificial silk. It does not, however, include artificial silk entering into the tissue only in the form of an open "waste" incorporated in the woven yarns.	
	From and after Nov. 1, 1913, the import duties on the undermentioned goods are fixed as follows:	
Ex 61	Tissues of wool hereinafter specified:	
	Machine made emboîssures, weighing 200 grammes or more per sq. metre, ..... 100 kil.	Duty applicable to the un-embroidered tissue increased by 50 %
	Tissues of shoddy, weighing 200 grammes or more per sq. metre (1) ..... 100 kil.	30 00
	(1) Under this heading are dutiable only tissues containing at least 7 % of shoddy (regenerated wool, artificial wool).	
	For the purposes of the present Note, wool, which, resulting from the reduction of rags, is mixed with less than 10 % of cotton or of some other material, is regarded as shoddy. The yarn of shoddy may not contain more than 10 % of some other kind of wool, or of some other textile material, cotton excepted, nor be mixed with silk in a proportion exceeding 2 %.	
	The heading "tissues of shoddy" is not applicable to articles belonging to the category of smooth-surfaced cloths (" <i>draps à surface lisse</i> "), i.e., those which have undergone the operations of leveling and shearing.

kind, if the importers desire it.

\* Ad. Nos. 305 and 306.—The following are included in the class of  
not made up furriers' wares (No. 305): skins (whole or back pieces)  
of the squirrel or Siberian weasel, beaver, hamster, musk rat, Russian  
rat, and other similar animals (digitigrade quadrupeds), skins (whole  
or belly pieces) of the hare or rabbit, of the domestic or wild cat,  
marten, otter, &c., and those of the hare, rabbit, beaver, hamster,  
badger, opossum, ground squirrel, and Slesian rat; fox and wolf skins  
not skins of the dog, jackal, and sea-dog, North American bear, grey  
brown, or black bear, neckbeard, deer, chamois (antelope), Turanian hyena,  
wolf, ox, buffalo, ass, horse or pig.

Nos. 305 and 306 include the skins of the common otter, squirrel  
(etc.).

As fine fur skins are included in Nos. 305 and 306 (b), sable,  
astrakhan, minervas, martens, others and the like.

All prepared furs are taxed as fine furriers' wares.  
All other fur skins, dressed in imitation of skins dutiable at a higher  
rate, except Astrakhan skins, are dutiable at the rates applicable to the  
skins from which they are made, and not that of the skins which they  
imitate (A).

\* Ad. No. 306.—Fur articles with the face of other materials will be  
taxed under Nos. 445-409.

376 Lace, bullie, embroidery of cotton, pure or in combination with other vegetable textile materials, or with threads of common metals, except threads of silk, and gilt or silvered metal threads ..... 100 kilos. 600 00 350 00 B

Art. No. 376.—Tulles ("plumetie" and bobinets, English and French Tulles) are tissues with open mesh, light, transparent. They are made on bobbin or point net looms. The meshes of tulles have usually a hexagonal or other similar form, and cannot be marked. Tissues manufactured like bobinets, used for curtains and for furniture (pompures for furniture) and for other purposes are dutiable as tulles.

Stuffs known as book muslin, tarlatan, smooth crape, &c. are incorrectly called tulles, notwithstanding that the meshes are open and square, because the threads of the warp and weft may be easily unmeshed, which is not the case with bobinets. These transparent tissues are dutiable under No. 369.

378 Materials for surgical dressings ..... 100 kilos. 40 00 —

Art. No. 378.—Lint, gauze, bandages are included in this number.

General Notes to Class XXIV.

1.—Articles of cotton mixed with silk are dutiable under Category XXI, as articles of mixed silk: the addition of silk exceeds 20% of the total weight. If it does not exceed 20% of the total weight, the said articles are dutiable as articles of cotton with a surtax of 50% if the addition of silk does not exceed 10%, and of 150% if the addition of silk is more than 10% but not more than 20% (G.).

2.—Articles mentioned in this category mixed with other textiles, threads of gold or silver, or of common metals gilt or silvered, will pay duty as articles of cotton if the admixture does not exceed 10%. If the admixture exceeds 10%, they will pay as the most heavily taxed material entering into their composition (G.).

3.—The same articles when combined with silk, and also with gold or silver threads, or threads of common metals gilt or silvered, in any proportion whatever, if these materials serve as decorations to these articles, will be dutiable as articles of pure silk combined with gold or silver or gilt or silver threads.

4.—Articles of cotton mixed with metallic threads (imitation tulle) pay a surtax of 50% in addition to the duty provided in the corresponding article of the tariff.

*145.	Other kinds.....kilo. 2 00 Credit warehousing:— Entries, 25 kilos; Withdrawals, 2 kilos. <i>Note.</i> —As open goods having patterns are treated: bobbinet, tulle, and similar open-woven or knitted materials, lace, edging lace or the like, having patterns, as well as such even woven materials, in which an open interval of at least the thickness of one thread both in warp and wool can be distinguished in, or outside of a pattern woven in, seen on or otherwise applied. A material, partly open-woven and partly close-woven, having patterns, is to be considered as open.			<i>Notes.</i> —1. Artificial silk is in all cases treated as silk. 2. The admixture of india-rubber, gutta-percha, tincl, metal wire, and the like, by weaving in or similar process, does not effect any alteration in the assessment of duty, except in cases where it is specially mentioned, and, in the case of silk goods, so that the weaving or similar admixture into the latter of the materials named has the same effect as regards the application of the tariff as the weaving or admixture of other materials. Goods into which silk flock has been woven without running the whole length of the thread pay duty without reference to such admixture of silk. 3. Embroidery on textiles is considered as weaving. 4. Sewing, knitting, or edging with a material other than the chief material, the presence of single threads of such a material at corners, or of silk elastic as a subordinate part of an article, do not render goods subject to a higher duty. 5. Single threads of other materials in silk goods are treated as if of silk, when they do not form part of the pattern. Silk goods pasted together with another material are treated, so far as is not specially provided, as silk goods paying the lowest rates of duty. 6. In the case of admixtures, additions, or combinations of the materials named above, not specially provided for, and other than those for which rules are given above, the whole article is to pay duty at the rate fixed for its most highly treated component. 7. Woolen yarn and felt, when imported to be dyed, are treated as dyed only when the importer declares them to be dyed and the declaration is accepted as valid. 8. No reduction is given for the interior, etc., of button or ribbon makers' wares. 9. Textile goods, woven or otherwise worked, are to be treated as manufactured, unless the work applied causes them to fall under some other number of the tariff, e.g., "Clothing." 10. 3. Above 12 kr. per kilo .....	120

The term cigarettes, within the meaning of this Law, comprises:—Products of the tobacco leaf, whether covering of paper, maize leaves or the like, as well as other products of finely cut tobacco, the shape and nature of which correspond to cigarettes. The term cigarette coverings includes—besides the genuine finished coverings for cigarettes—cigarette paper and the like, which has been cut for cigarettes, or which by perforation, etc., has been divided or prepared in any other manner for its special purpose; and the tax is to be levied according to the number of cigarettes for which the paper, etc., is intended. The term cigarette tobacco covers the tobacco cut tobacco, which in the retail trade costs 6 kr. or more per kilo, including the duty. Finely cut tobacco is such as has smaller cut breadth than 2 millimetres. As regards imported articles, the tax is to be paid, before they are delivered by the Customs to the importer, by affixing to each package the necessary stamps. Imported articles may not be delivered from the Customs unless they are packed in completely closed packages, in accordance with regulations to be issued by the Board of Customs. So far as cigarettes and cigarette coverings are concerned, the contents of each package shall be a multiple of 5, 8, or 10. Every package shall bear a printed indication of the nature and quantity of the contents, the retail price of the goods, or the price limits of the duty-class under which they fall, and the name and domicile (or, by special permission, the brand) of the manufacturer or importer.

In cases where the required statement as to price for imported cigarettes or cigarette tobacco is not furnished, the goods in question shall be subject to duty at the highest rate, unless the original invoices are produced, in which case the duty shall be calculated according to that price per 100 on the basis of which the import duty is charged, with the addition of the import duty and 50 % of the total of these amounts.

The following articles shall be exempt from the stamp duty:

1. Cigarettes manufactured for private use from duty-paid cigarette tobacco and duty-paid cigarette coverings.
2. Cigarettes, cigarette coverings and cigarette tobacco, exported from Denmark under regulations to be laid down by the Board of Customs.

257.	Other .....	Kilo.
	Tare: Smoking tobacco, in tins, 12% or cases, 12%.	
258.	Ropes and cordage. See under "Textile goods."	
	Fish oil, fish oil lye, spent fish oil (degum), fat lye .....	Free.
	(For grease for wheels (cart grease), see No. 256.)	

Trees, bushes and plants, living; natural flowers, leaves, flower buds, tubers, etc., and other parts of plants, fresh

Nos.	Goods.	Duty. Kr. öre.
	or dried, so far as they do not fall under any other number of the tariff:	
	Natural flowers, leaves and other parts of plants, artistically prepared—dutiable as "Fancy goods."	
259.	All others .....	Free.
	Timber and wood:	
260.	A.—Bark, so far as not specially tarified; cork and cork dust; raffia; willow osiers, hoop poles, juniper stakes, twigs and cane, without having the bark removed and not split; birch and other firewood. If there is no doubt from its nature and from other circumstances that it is imported for burning: waste stumps of timber, planks and boards and the like, not more than half a metre in length; round timber of the oak and cypress that is worked or only rough hewn or hewn, or split or sawn across. ....	
	B.—Timber, so far as not mentioned above:	
	(1) Unworked or only roughly shaped with the saw or axe:	
	a.) Of conifers:	
	Round wood (trunks), timber, sleepers, planks, boards, laths, staves and the like:	
261.	When imported in decked vessels, .... per ton of space under deck .....	4 50
	*Note.—With deduction in the case of steamers of the size of the space occupied by or necessary for the motive power.	
	If the goods are also imported as deck cargo, the cubic contents of the cargo on deck are included in the measurement, and 1-50 cubic metres taken as 1 ton.	
	(If it results from the method of loading that other goods, or masts, deck houses or other fixed objects are included in the measurement, a deduction is allowed for such spaces included.)	
	The preceding method of assessing duty is applied in the following cases:—	
(1)	When the cargo space below deck is entirely occupied by the dutiable kinds of wood named, alone or in conjunction with other goods laden with them—in the latter case, however, only if, so far as can be judged, the goods laden with the wood do not occupy more than one-fourth of the cargo-space below deck. A rebate according to the space occupied is allowed up to one-fourth of the cargo-space for the goods laden with the wood, 1-50 cubic metres being reckoned as 1 ton. If owing to the nature of the goods, they cannot be measured, their cubic content is calculated from their weight, number, or the like, in accordance with the Rules issued on this subject by the Customs Administration.	
(2)	When, on a fully-laden vessel, the goods laden with the wood appear to occupy more than one-fourth of the cargo-space below deck, provided the cargo is discharged at a place where there is no Customs house, or the importer desires to pay duty according to the tonnage of the vessel. In both these cases, however, the rebate in respect of goods laden with the wood may be granted only up to one-fourth of the capacity of the cargo-space.	
(3)	When the cargo-space of the vessel is not fully occupied, provided the cargo is discharged at a place where there is no Customs house, or the importer desires to pay duty according to the tonnage of the vessel. In both these cases duty is to be paid without any rebate for the unoccupied cargo-space or the cargo-space occupied by other goods.	
(4)	When the wood is imported in railway truck loads, and the importer desires this method of paying duty to be applied. In this case the cubic contents of the truck loads are to be measured together and converted into tons at the same rates as determined above for deck cargoes on vessels. No rebate is allowed for other goods packed with the wood.	
(5)	Conversions from cubic metres to tons are to be expressed in decimal fractions, to one place; when the next figure should be 5 or more, the first decimal is increased by 1.	
	Credit warehousing:	
	Entries, 6 tons; Withdrawals, 1 ton.	
	(In the case of withdrawals or of examining the contents of the warehouse, 1½ cubic metres are to be taken as the equivalent of a ton.)	
262.	In other cases .....	2 00
	(b.) Of native foliferous trees:	
263.	Round wood (trunks) and timber, only rough-hewn or hewn, and split wood—all so far as not included under No. 260; sleepers, even if sawn .....	1 65
	*Note.—If the above named goods are imported in decked vessels or in railway truck loads, they may, at the option of the importer, be charged with duty at the rate of 2 kr. per ton, in which case the rules laid down under No. 261 as to assessing duty are to be applied.	
264.	Timber, planks, boards (thick), and squares, all sawn; hewn or sawn staves and other wood for coopers, and parquet staves; straight wood, hewn or sawn, not finished, for furniture makers and carriage builders .....	2 30
	(c.) Of fine exotic woods:	
265.	Round wood (trunks), blocks and timber, all only roughly hewn; sleepers, even if sawn .....	2 00
266.	Timber, planks, boards and squares, all sawn; staves and other wood for coopers, hewn or sawn, not finished, also similarly treated straight wood, for furniture makers and carriage builders .....	3 00
	2. Further worked:	
	(a.) Of conifers:	
267.	Boards, planks and laths, planed or tongued, but not further worked or prepared (such as for house-building and other purposes) together with other similar rough carpenters' work; cut house-shingles .....	3 00

## §2.

Besides the articles designated in the preceding tariff as duty free, the following are also to be exempt from import duty:—

- (a.) All goods, which are shown to be manufactured in the *Færø Islands, Iceland, or in the Danish settlements in Greenland* from products of those lands and are imported directly therefrom.
- (b.) *Travellers' effects*, i.e., articles of clothing and other travelling requisites accompanying passengers, provided that the Customs Administration considers in view of their quantity and nature that they are imported for the passenger's own use. Such travellers' effects are, on arrival, to be declared, and if the said effects do not accompany the passenger himself, the Customs Administration may further require from him a written declaration, on his word of honour, that the articles are his travelling effects and destined only for his own use.
- (c.) *Articles of furniture and other household effects*, which belonged to natives of Denmark who have died outside the Customs limits, provided the articles are deemed to have been used.
- (d.) *Tools, instruments, appliances and the like*, which travelling workmen or artists use for the exercise of their handicraft or art, if such articles are deemed by the Customs to have been used.
- (e.) *Recreational means (e.g., i.e., furniture, bedding, cooking utensils and other household effects, musical instruments, agricultural implements, tools, machines and other appliances*, which appertain to the method of livelihood of the importer, as well as other similar goods, if the owner readily consents from abroad to act on behalf of Denmark, if the articles in question bear traces of use, and if they are imported on account and for the use of the persons who have already made use of them. A written declaration as to these points on word of honour is to be delivered to the Customs.
- (f.) *Articles for packing*, which are imported with goods for their preservation, and cannot, in the opinion of the Customs Administration be regarded as independent articles of trade; also used packing materials, such as receptacles made of sheet metal, bottles, barrels, boxes, chests, trunks, and baskets, if imported without goods, provided such articles cannot in the opinion of the Customs be regarded as articles of trade.
- (g.) *Models and samples of goods otherwise* dutiable, if they are considered unfit for other purposes.
- (h.) *Natural history specimens* for scientific collections.
- (i.) *Works of art, antiquaries, ethnographic objects and the like*, for public collections or other public uses.
- (k.) *Arms, ammunition, etc.*, imported by the military service for their use.
- (l.) *Ships' utensils and articles of equipment for vessels*, which are brought from abroad or from a free port or place by native or foreign vessels for use on board, provided that they are reported to the Customs in view of their description and quantity to form part of the vessel's equipment. Otherwise they are treated according to the general provisions of the Tariff.
- (m.) *Provisions*, which are brought from abroad or from a free port or place by native or foreign vessels, provided such provisions either remain on board the vessel, or are warehoused or consumed on arrival, are exported later by the same vessel or otherwise. Similarly, provisions and other requisites for vessels which are consumed or used on board the vessel which brought them from abroad or from a free port, whilst it remains in Denmark, are exempt from duty, provided the persons concerned observe the regulations laid down by the Customs to prevent fraud.

Provisions which persons on board shipwrecked vessels retain for their own consumption are duty free.

- (n.) *Offices with corpses and arms, such as skeletons of cremated bodies*.

The Customs Administration shall be authorized to admit under such control as may be necessary the duty-free importation:—

- (a.) Of antiquities, ethnographic objects and the like for private scientific collections.
- (b.) Of statuary, which from their nature are evidently works of art.
- (c.) Of small articles which are imported as gifts or presents to indigenous persons, and similarly other articles which are imported as donations for the use of benevolent establishments or institutions. Also of articles forming part of marriage outfits, provided they are intended for foreigners, or for Danes who have been living abroad for at least two years, and returning to Denmark because of a marriage or a person residing in the Customs territory. Articles of food and drink, unmanufactured yarn and textile goods, as well as other products for further manufacture and all kinds of raw materials, are excepted from this exemption from duty.
- (d.) Of insignificant articles which enter over the land frontier for the importer's own use, provided the total amount of duty payable does not exceed 15 ore.
- (e.) Of articles which, as shown by certificate from the Court concerned, are imported for use in connection with judicial enquiries, provided that the articles in question belong to Denmark, are re-exported after the enquiries are ended.
- (f.) Of native goods, or of foreign goods which have passed the Customs, which whilst being conveyed from one inland place to another have passed through foreign territory, or which after being exported are re-imported because they were not sold, or for any other cause.
- (g.) Of articles imported for markets, and exported again unsold.
- (h.) Of such articles as are not intended to remain in Denmark, but are to be exported after being exhibited or used, e.g., industrial or natural products for public exhibitions, wares, furniture, paintings and the like; theories and freights properties, as well as table requisites, tennis, warts and the like, for use in dramatic plays and public entertainments; also of railway vehicles hired abroad and imported for temporary use by railways in Denmark.
- (i.) Of articles imported for repair, washing, bleaching, hair-dressing, and the like, which are to be re-exported, also of articles which, after being exported for the above named purposes are returned; but if such articles are on re-importation included under a tariff heading paying a higher rate of duty than on exportation, they are liable to the difference of duty, and in other cases to duty according to the Tariff for any new portions which may in the course of repair be attachable to the goods.
- (j.) Of articles (for packing, which after being filled in Denmark are to be exported as the receptacles for the contents packed therein; also of sacks of vegetable materials, and of such sacks as new

or used, if accompanied by a declaration on the importer's word of honour that they are to be used only for packing goods, as well as of materials imported under the same conditions to be used in sewing such sacks.

- (k.) Of the goods named in § 2 (a), if they have had to be transhipped or reworked, owing to unforeseen circumstances.
- (l.) Of goods which have been destroyed by accident before they left the custody of the Customs or before they were examined by the Customs; also if the accident occurred whilst the goods, after being delivered, were under Customs seal, or in a private warehouse, or in transit as unexamined goods.
- (m.) Of the printed matter referred to in No. 206 of the Tariff.
- (n.) Of the product of their own catch of oysters which Danish oyster-fishers bring in Danish vessels from the open sea.

## §4.

Sugar and spirituous liquid, shown to be manufactured in the islands of the Danish West Indies from the produce of those islands, and imported directly therefrom, are subject to a rate of import duty equivalent to the taxes imposed on such goods when manufactured in Denmark, but with deduction of the amount of the West Indian export duties, such deduction not to exceed, however, 5% of the value of the goods. All other goods shown to be produced in the islands of the Danish West Indies, and to be manufactured therein from the produce of those islands, and imported directly therefrom, are allowed a rebate of 33 1/3% of the duties as fixed by the present Law.

## §5.

Goods imported from countries which treat Danish vessels or goods from the Kingdom of Denmark less favourably than vessels or goods of other countries, may so far as Treaty stipulations permit, be charged by Royal Decree with a surtax on the tariff rates of duty up to 40% thereof, for a period not exceeding 40 weeks, or, in case the goods are duty free, with duty not exceeding 10% of *value* or 1 ore per kilo. A Royal Decree of this kind may be issued only once in the course of three years as regards the same country and the same goods.

#### RULES FOR THE APPLICATION OF THE TARIFF, a. General Regulations.

If liquid or other goods, for which different rates of duty are fixed in the Tariff, or which are partly duty free and partly dutiable, are mixed together, the whole mixture, so far as it does not fall as such under any one clause of the Tariff, is to pay duty as the most highly taxed article in the mixture. If the mixed article consists of articles which fall under different numbers of the Tariff and are imported packed together, should be assessed for duty as a single article, the duty is similarly to be calculated according to the most highly taxed of the articles packed together.

## §7.

An article which does not consist of one mixture, such as that referred to in § 6, but is otherwise composed of different constituents, and does not in its composite condition fall under any of the clauses of the Tariff, is to pay duty as a whole as the component part which, in the opinion of the Customs, gives the article its character, even if such part cannot be said to be the chief part.

In such cases, this rule is not considered by the Customs to be properly applicable, the whole article is to pay duty as "Unspecified goods."

## §8.

When an article is dutiable *ad valorem*, the importer has to state the purchase price, with the addition of insurance, freight and other costs incurred, in addition to the value, as far as possible be attested by the production of the invoice, bill of lading, or the like. If these are not produced, or the inspecting Customs officers question the correctness of the value as given in these documents or stated by the importer, the value is then either to be fixed by the Customs officers according to the current price, duty paid, in Denmark at the time, by deducting therefrom the duty or to be determined by the Customs by adjudication, as initiated at the request of the Customs by the chief authority in the town where the duty is to be paid, and to be carried out in the presence of the Customs officials by experts appointed for the purpose by such authority. The duty in such cases is to be charged on the value determined by adjudication, and the importer is not entitled to require satisfaction with the value fixed by the Customs by adjudication, but that the value be determined by adjudication, according to the above rules, and in case the value found by adjudication, which is to form the basis of the assessment of duty, is more than 10% below that fixed by the Customs officials, the expenses of the adjudication are to be borne by the State, and the importer is not to be charged by the importer.

If anyone is found to have defrauded or to have sought to defraud the Customs by the production of incorrect invoices, bills of lading or the like, he shall, besides having as already stated to bear the costs of the adjudication of value and to pay duty according to the real value thus determined, be liable to a fine of 10 times the amount of the duty, or the amount of which the Customs has been defrauded, or of which he attempted to defraud the Customs, as well as being subject to prosecution according to the general provisions of law.

The duty on shipwrecked goods is calculated, provided they are sold by public auction after being brought to land, on the amount realized at the auction, less the fee and other cost of the auction being included, which the buyer has to bear in addition to his bid, but with a rebate of the amount corresponding to the duty, if they are sold at duty paid, otherwise the duty is leviable according to the value fixed by the Customs after the goods are brought to land.

## §9.

The weighing, measurement, gauging, and other like examination of the quantity or nature of goods is carried out by the Customs authorities, but the labour required has to be paid for by the importer.

## §10.

Fraction of ore are to be reckoned with in special calculations of duty according to the present Law, and in totals.

Cheques issued by banks, and endorsed bank bills may be accepted in payment at all Customs houses.

Bills of exchange will not in future be accepted, as they have been in the past, in payment of duties.

## §11.

Regulations are fixed by the Crown as to the conditional exemption from duty which is accorded as a matter of custom, either to the representatives of Foreign Powers in Denmark.

As regards the importation, manufacture, and use of playing cards, the Proclamation of June 9, 1847, remains in force, except as regards the amount of the import duty and of the stamp tax, which latter is fixed at 5 c. for each pack of cards.

#### b. Regulations as to Tare.

When, according to the Tariff, goods are dutiable according to weight, net weight thereof is to form the basis for the calculation of duty.

#### § 11.

By net weight is to be understood as a rule the actual weight of the goods without any packing.

The following envelopes and wrappings or articles for the preservation of goods are, however, to be included in the net weight:

- (a.) Glass flasks, bottles, glasses and other glass receptacles and jugs.
- (b.) Single envelopes of paper, bladder, camellion tissue, tin-foil and the like immediately surrounding the separate articles, with view of oil, wax, and the like.
- (c.) Linen bags and the like round clothes and similar articles.
- (d.) Straw envelopes round articles of glass, but this is not to be understood as including the loose straw in which glass goods may be packed.

Boxes containing cotton, linen or woollen yarn, as well as such envelopes and round clothes or wrappings which are usually sold with the goods in retail trade, and for which tare is not specially fixed in the Tariff, *e.g.*, boxes for chocolate, toys, matches, perfumery, steel nibs and the like; cartilage paper, containing chimney, tobacco, *e.g.*, small packages for pomade, soap, brushes, etc.; bottles containing paint, tobacco, etc.; paint boxes, shells, glasses and cups containing paints; cases for instruments, gunmakers' wares, fancy goods, etc.; boxes, glasses, jugs, etc., with combs and the like.

(e.) Internal layers, *e.g.*, of wool, cardboard, or paper, in shoe goods; reek on which yarn, and the like are woven; pieces of paper between gold and silver leaf; wool, cardboard, and similar articles on which certain goods are fastened, and other similar objects.

The removal of the objects named in this paragraph as being included in the net weight, before the goods reach which they are imported are not to be made, but the removal of cardboard or similar thick paper coverings round silk tissues, as well as boxes containing textiles, shall be permitted before weighing, except in the cases expressly mentioned above.

It may be determined by Royal Decree that certain additions shall be made to the ascertained weight of articles which are usually imported in the form of pieces, wrappings and packages specified in (a) to (f), if the latter are absent on importation.

#### § 12.

The net weight is ascertained either by actually investigating the weight of the goods, with the view to a deduction from the gross weight the rates of tare set forth below (§§ 16 to 18).

In cases in which the note "according to investigation" appears in the tariff column in the Tariff, it is to be understood that the net weight is to be determined by actual investigation, with due regard to the provisions laid down in § 11; the Customs Administration may, however, permit in the case of goods whose nature admits of such a proceeding, or which are offered for Customs examination in similar packages in bulk, such a degree of laxity in examination as may be convenient.

The results of investigations already made may, after they have been taken sufficiently often, be recognized by the Customs Administration as a provisional guide instead of investigating every single case.

#### § 13.

When goods are presented in packages other than those mentioned in the tariff provisions of the Tariff, or when the Tariff contains no tariff provisions for an article, and it is not expressly laid down that an investigation of the goods is to be made in place of § 13, the following general rule is to be allowed according to the nature of the packing, except so far as the latter has, as a result of § 11, to be included in the net weight, viz.:

- |   |     |                      |
|---|-----|----------------------|
| (a.) For barrels and boxes  | 16% | of the gross weight, |
| (b.) .. metal receptacles   | 12% | " " "                |
| (c.) .. straw mats  | 4%  | " " "                |
| (d.) .. linen, gauze, cotton, muslin, bust and the like             | 2%  | " " "                |
| (e.) .. woollen furs, paper or the like being provided for the ends | 3%  | " " "                |

If barrels, boxes, or baskets have a single or multiple covering of linen, mats or the like, the tare as fixed is to be increased 2%.

Except in the cases in which tare is expressly fixed for double packing, tare is only allowed, in the case of double packing, for double packing, for a single packing, namely for the packing which gives the greatest tare. The importer may, however, remove the outer packing before weighing, and tare is then allowed for the internal packing.

#### § 14.

No tare is allowed for other articles used in packing, *e.g.*, cords of rope, reek, paper, waxcloth, straw, moss, seaweed, and the like, but the importer is free to remove such objects before weighing, unless they are included in accordance with § 11 in the net weight; if the importer considers that the packing material is entirely homogeneous, a trial weighing of the material may be allowed if circumstances render it advisable.

#### § 15.

In the case of casks containing brands dutiable at net weight, 1½ times the tare is allowed if the cask is less than three-quarters full, and twice the tare if it is less than half full.

In other cases leakage or deficiency of contents is not taken into account in calculating tare. It is, however, open to the importer to fill up the casks before the duty is calculated.

#### § 16.

No reduction of weight is to be allowed on account of the moisture in goods being by accident greater than usual, or for dirt and the like, which goods may be moved, or for deterioration.

In the case, however, of deterioration or breakage, the importer is allowed to separate the damaged or broken goods before weighing, but 2½% of three-quarters must be thrown away or destroyed in the presence of the Customs officials, unless on account of their nature they can be used for other purposes. The Customs Administration may allow goods mixed duty free as waste. The Customs Administration may allow goods for the requisite control, before their weight is determined for the assessment of duty.

#### § 20.

Deviations from the rates of tare fixed in the present Law are allowed only if an actual investigation of the net weight takes place. Such investigation may be demanded by the Customs authorities as well as by the importer. If the goods are unpacked on the demand of the Customs, the tare ascertained shall serve as basis for the duty only if it is at least 20% lower or is greater than the legal tare. If investigation is required by the importer, the tare ascertained is taken into account only in cases where it is at least 10% greater or is less than the legal tare.

In cases where the Customs have the right of the right accorded to them by § 15 to determine a rate of tare as provisional guide, the tare thus determined is to be considered as the legal tare.

Notwithstanding these provisions, the Customs may always require the goods to be unpacked, when they consider it necessary for the examination of the goods, and in such cases the tare ascertained is taken as the basis for the duty.

#### § 21.

When goods for which different rates of duty or tare are laid down, are packed together, the net weight is to be ascertained by actual investigation.

#### § 22.

The preceding provisions as to tare are applicable, not only when the goods are assessed for duty immediately on importation, but also when they are entered for, or withdrawn from, credit warehousing, or are exported with refund of duty; the following provisions are, however, to be observed when goods are exported from credit warehousing or with refund of duty:

(a.) If tare in accordance with the Tariff is calculated in the declaration, it must be seen that the packing corresponds to the similar original packing in which the goods are actually imported with the Tariff, if the Customs officials have any doubts on this head, the net weight is to be investigated.

(b.) As regards internal layers of wood and the like in piece goods and the wrappings, etc., which in virtue of § 11 are included in the net weight, the importer (declarant) has in making his declaration to state on his word of honour that the weight of such layers or wrappings in proportion to the weight of the goods corresponds to the method in which the goods were packed as originally imported; in cases of doubt investigation is to be made by the Customs.

(c.) If the goods are provided with double or multiple packings and no tare for such packings has been expressly provided (§§ 14 and 16), the outer packing is to be removed before weighing, unless the importer (declarant) declares himself satisfied that the legal tare on the heaviest portion of the packings be doubled.

(d.) The packing materials for which no tare is allowed in view of § 14, are also to be removed before weighing, unless the importer (declarant) is satisfied with the weight as determined by the Customs in accordance with their appraisement.

#### c. Regulations as to Credit Warehousing.

#### § 23.

Only those articles for which an amount for credit warehousing is stated in § 1 may be received into a credit warehouse.

The Customs and the Administration are authorized to allow credit warehousing of other goods, both in general and in particular places, when experience may show that necessity therefor exists, and to supplement when necessary the ordinary measures of control which the protection of the Treasury may require.

#### § 24.

On the entry of goods to credit warehousing the person interested is allowed credit for the duty in force at the time when settlement is made on him for the consignment entrusted to him. Besides the ordinary quarterly settlement, the person interested may, at each time the date of quarterly settlement is admitted to credit warehousing is altered or abolished, and the stock of such articles which is found to exist on inspection by the Customs immediately after the alteration comes into force is treated in accordance with the new stipulations as to duty, whilst on the other hand the portion of the warehoused goods which is found on inspection to be in stock, is treated in accordance with the former stipulations as to duty.

The surtax referred to in § 5 is leviable immediately the goods are warehoused.

#### § 25.

In the case mentioned in the preceding paragraph, the duty on the warehoused goods which are not to be in stock on inspection before the end of the year, and the last amount of \$200 of the Customs Ordinances of Feb. 1, 1917, regarding the settlement for goods disposed of since the end of the quarter, is repealed, so that in future in the usual quarterly settlements the duty on warehoused goods which are not found in stock at the time of inspection is to be paid, but is shown to have been deposited in the period between the settling in of the quarterly statement and the inspection, is to be paid at the same time as the amounts due for the quarter ended, unless the owner of the warehoused goods can prove by means of a record of sales, specially authorized for the purpose by the chief of the local Customs, that he disposed of the goods during the period in question in such cases settlement for the goods shall be made only after the conclusion of the current quarter. If the record of sales is incorrectly kept, the penalty imposed by § 227 of the Customs Ordinances (cf. Decree of March 31, 1903) becomes liable, and the owner is liable in respect to Customs credit on the goods he sells from warehouses between the conclusion of a quarter and the time when the Customs examination of the warehouse takes place.

#### § 26.

The entry of goods into warehouse or their withdrawal therefrom, either by importation from exportation to a foreign country, or a free port, or by entry from a transit warehouse, is not permitted in quantities less than those stated in § 1. In cases of transfer from one credit warehouse to another, the quantities fixed for entries are to be followed in the case both of entries and withdrawals.

The quantity fixed for withdrawals of spirits in casks applies only to entries and clearances between credit warehouses in Denmark, as no reduction (withdrawal) is allowed in a credit warehousing account for spirits exported abroad, or to a free port or place (see § 23).

Goods exported from a warehouse to the Faroe Islands, Iceland, Greenland, or the Danish West Indian Islands, may be withdrawn in quantities only half those fixed in the Tariff for withdrawals.

The Customs Administration is also authorized to permit in particular places, where the state of trade requires, the withdrawal of certain kinds of goods in quantities less than those fixed by law.

Only good and warrantable articles of the kind declared may be entered into or withdrawn from credit warehousing or passed as stock on the Customs examination of the warehouse, and if the Customs authorities doubt whether the goods produced are proper goods for credit warehousing, the goods are recognized as entitled to withdrawal or inclusion in stock only if the owner of the warehouse goods produces on demand the evidence at his disposal showing that the goods are entitled to be included in stock or withdrawn.

## § 27.

The Customs Administration is authorized to permit materials and accessories for goods, which are exported after manufacture in the Customs territory, to be written off from the credit warehousing account, allowance being made if necessary for wastage. The Customs Administration shall decide the detailed regulations, and bring them as far as requisite to the knowledge of the public.

The Customs Administration shall be authorized to allow materials and articles used for the repair or alteration of ships, boats, and vessels, and their equipment and engines, whether they are native or foreign, and yards where the materials which is used by the fishing population for preparing nets for the use of native fishers, to be written off in the credit warehousing account, allowance being made if necessary for wastage.

Sail cloth which is sewn into sails for ships' use, even if for native vessels and boats engaged in internal navigation, may be written off from the credit warehousing account.

## § 28.

Sugar refiners shall be entitled to credit for the duty on refined sugar as long as they can produce the same to the Customs in an unrefined or refined condition, but not for a greater period than 14 years, unless security regarded by the Customs as sufficient is given for the proper payment of the duty, and unless the goods are otherwise subject to the control considered necessary by the Customs.

## REFUND OF DUTY PAID.

## § 29.

Import duty, rightly paid, is as a rule not refunded, although the goods may be exported later.

The Customs authorities may, however, permit the refund of import duty paid on articles which are exported, when it is found after investigating each case which arises that there are circumstances in favour of such a course.

The Customs Administration shall similarly be authorized to grant a refund of duty which may for any reason have been paid in the cases of goods falling under §§ 2, 8, and 11.

## § 30.

On candy and sugar in whole or cut loaves, tablets, cakes, or the like, without regard to colour, and also on powdered sugar with a polarisation over 98%, a refund of duty is allowed on exportation, the amount of which refund is arrived at from the ratio between the weight of raw and refined sugar; this ratio is to be determined by the Customs in view of the methods of manufacture in use in Denmark at the time, and is to be made public. Refund is not allowed when exportation takes place in parcels, and when the refund is less than two kroner on each occasion, nor unless application is made within four weeks after the date of exportation.

Refund of duty on syrup exported is allowed on the same conditions. On the exportation of fruit and other vegetable produce preserved in sugar, and of fruit wine, rebates shall be made on the same conditions and provided the goods have been prepared in Denmark; such rebates shall be equivalent to the duty, or the tax, imposed on the sugar used in the manufacture. The Customs Administration is authorized to make the necessary provision on this purpose, including the alteration of the provisions made in virtue of § 2 of Law No. 61 of April 1, 1891, as to the tax on native beet sugar.

Six months' notice shall be given of any alteration in the amount of the drawback, which may in the course of time be considered necessary as a result of changes in the conditions of manufacture.

## § 31.

The Customs Administration shall be authorized to permit, after making investigations in each case and under the necessary control, the refund, when native products are exported, of the import duty paid on the materials or accessories, with allowance for wastage if necessary. The necessary particulars as to concessions of this kind are from time to time to be brought to the knowledge of the public.

Similarly, the Customs Administration shall be authorized to permit refund, with allowance for wastage if necessary, of the duty paid, or the writing off in the transit warehouse account of materials and articles which are used in the repair or alteration of ships, boats, and vessels and their equipment and engines, whether they are native or foreign, as well as of yarn of vegetable materials which is used by the fishing population in preparing nets for the use of native fishers.

In the case of the construction of new ships, boats, and vessels, a refund in respect of the dutiable materials used is allowed up to 2% of the selling price of the vessel, in accordance with detailed regulations of the Customs Administration.

The amounts of import duty which manufacturers prove they have paid on cotton-seed oil, coconut fat, and so-called compound lard (vegetable oil mixed with other fats, stearine and the like), used in the manufacture of margarine, shall be refunded in accordance with detailed regulations of the Customs Administration.

## § 32.

On the exportation of dutiable timber imported under No. 292 the import duty which is proved to have been paid is refundable, when its amount is not less than two kroner for each consignment and when the refund is requested within four weeks from the date of exportation.

## § 33.

The drawback allowed on the exportation of native brandy, with or without the addition of sugar or the like, as the case may be, is also to be allowed on foreign duty-paid spirit, which is exported abroad or to a duty-free port or place.

The same drawback is allowed on all spirit, both imported and native, which is intended for technical use, lighting, cooking and the like, if it is denatured under the requisite Customs control in accordance with the detailed regulations of the Customs.

The cost of denaturing is to be borne by the person at whose request it is carried out, and he is obliged to afford any assistance that may be required.

Denaturation under Customs control is not allowed for a quantity less than 200 litres at 50 % at any one time.

## WAREHOUSE RENT.

## § 34.

For storing goods in the State warehouses (packing houses) in the Customs houses, the following monthly rent is charged:

## A.—Copenhagen Customs house:

1. For articles which pay import duty according to weight:

When the duty does not exceed 10 öre per 100 kilos, gross, 10 öre per 100 kilos, gross.

When the duty amounts to more than 10 öre, but does not exceed 30 öre per kilo, 20 öre per 100 kilos, gross.

Other (including articles dutiable according to their number) 40 öre per 100 kilos, gross.

2. For articles which pay duty according to cubic measurement, 16 öre per cubic metre.

3. For articles dutiable either both according to weight and value or on value only, 1/2 % ad val.

4. For articles which pay duty according to capacity, 20 öre per 100 kilos, gross.

5. Duty-free goods, 20 öre per 100 kilos, gross.

## B.—At other Customs houses in the country:

1. For articles dutiable according to weight, 10 öre per 100 kilos, gross.

2. For articles dutiable according to cubic measurement, 16 öre per cubic metre.

3. For articles dutiable either according to both weight and value or on value only, 1/2 % ad val.

4. Duty-free goods, 20 öre per 100 kilos, gross.

Note 1.—If different kinds of goods, on which warehouse rent is, in virtue of the preceding rules, charged in different ways, the highest rate in the list is to be applied, and the rate is to be calculated with the rent fixed for the goods contained therein which pay the highest rate of rent according to weight.

Note 2.—For parcels, the contents of which are unknown or not known with sufficient accuracy to determine the warehouse rent payable, the rate charged shall be 40 öre per 100 kilos, gross in Copenhagen and 20 öre elsewhere.

If it is found that so considerable a charge has taken place in ordinary storage rent as to necessitate an alteration of the above rates, they can be increased or diminished to an amount not exceeding 25% by Royal Decree.

The increase of the rent provided for in the preceding paragraph has been sanctioned by the Royal Decree of Jan. 15, 1917.

## § 35.

In calculating warehouse rent, both the day of deposit and the day of withdrawal are included in the time. In case of articles imported by sea, the time from the vessel begins to discharge is reckoned as the day of deposit, or, in special circumstances and with the consent of the Customs, the day on which the particular articles were unloaded.

In case articles are stored for only 8 days or less no warehouse rent is charged. If they remain longer warehouse rent is to be paid, including the first 8 days. In calculating warehouse rent a period of 15 days or less is reckoned as half a month, and a period of over 15 days as a whole month. The months are calculated from calendar date to calendar date (e.g., the first month from February 6th to March 5th, two months from February 6th to April 5th, and so on).

## § 36.

If an article is stored for six months or more, the warehouse rent is increased 50% for the whole time it has been stored in the Customs house.

## § 37.

Rent is to be paid when the articles are removed from the warehouse or taken away from the Customs house, if this takes place before the expiry of the calendar month in which they were deposited. If the goods remain longer it shall be paid after the expiry of the period named, and if they remain for several years it shall be paid at the end of each calendar year for the period due.

If the rent thus due is not paid, a notification is to be made in the newspaper of the town or district which is most suitable, as to the goods in question, their quality and kind, with a statement as to the place from which, and the vessel or other means by which, they were imported. The cost of this notice is to be borne by the goods in proportion to the space which each occupied in the whole notification.

If no application is received within three months after this notification, the Customs authorities shall draw up an inventory of the goods and sell them, after previous notice, by public auction, either for export or to remain in the country, according to circumstances. The cost of notification and of the sale, as well as warehouse rent and the Customs duties which may be liable, are to be deducted from the amount realized.

If the surplus is to be placed to the credit of the Treasury. In any case, the owner of the goods may application before the expiry of one year, after the sale, and makes good his right of ownership of the articles sold; he is entitled to have the surplus paid over to him.

## OTHER REGULATIONS.

## § 38.

There shall annually be held before the Riksdag and the Customs Council provided for in the next paragraph a statement of the more important decisions as to the tariff classification of goods given in the preceding year, including especially particulars as to articles considered to be "unspecified goods" in accordance with No. 301, n and b.

## § 39.

A Customs Council is to be established consisting of 12 members elected by the Riksdag (6 elected by each House on proportionate voting) and 12 members selected by the Minister of Finance (including at least 2 representatives of trade and shipping, 2 of manufacture and 2 of agriculture), under the presidency of the Director-General of Taxation. All members are appointed for 6 years, but they may be re-appointed. The first appointments shall be made in the January quarter of 1910.

The functions of the committee shall be to investigate all questions affecting the Customs legislation, Administration, etc., which may be submitted to it by the Minister of Finance or brought forward by the members' own initiative and to propose any modifications considered desirable.

The Customs Council shall meet at least once a year, the first time in the April quarter of 1910. A report of its meetings shall be prepared and published as far as determined by the Council itself.

The Council shall hold its meetings in its method of procedure and employ such assistance as may be necessary.

The members shall receive an allowance of 14 kroner for each day's meeting and for each day occupied in travelling.

## § 1.

On the importation of goods from foreign countries and the exportation of goods thereto, the persons receiving and despatching the goods, whether they are free or dutiable, must communicate to the Customs information as to the kind and quantity of the imported or exported goods, and the country where they were purchased or to which they were sold, and in the case of exported goods a statement as to how far the goods are of Danish or foreign origin. The Customs Administration are to cause the detailed regulations necessary for the execution of this provision to be drawn up, and to make such stipulations as to the style and contents of the forms of declaration.

The Customs Administration is authorized to demand from industrial concerns which are subject to inspection in virtue of Law No. 71 of April 11th, 1901, such information as to the quantity and value of their production each year and as to the raw materials and auxiliary products used, as may serve as a guide in determining the effect of import duties on the price of the goods produced.

Persons failing to supply information or giving incorrect information as to the matters in regard to which they are required by this Article to

furnish statements, are liable to fines of from 5 to 500 kronor, payable to the Treasury. Such fines shall be inflicted by Administrative Order of the Customs Administration, but the person concerned may appeal against them to the Law Courts within three weeks.

## DATE OF ENFORCEMENT OF LAW, REVISION AND APPLICATION.

## § 41.

This Law shall come into force on January 1st, 1901, and shall also be applied to all goods which are in stock in credit or transit warehouses when it enters into operation. As regards "tobaccoes" and "tobacco and tobacco substitutes," however, the Law may be made applicable before the date named by Royal Decree.

From the date the Law comes into operation all provisions of law in conflict therewith are annulled.

The Government shall lay before the Riksdag in October, 1906, a bill revising the present Law.

## § 42.

This Law does not apply to the Faroe Islands.

6) Beer, all kinds.....	0 5

These articles only to be unloaded at Thorshavn or a port where a Sagsmand resides. The master of the vessel is responsible for them and for any fine up to 200 kr.

Duties are levied on vessels' manifest or customs declaration. The master of the vessel must certify in writing that he has not on board for delivery in the Faroe Islands any dutiable goods except those on his papers. Fine 200 kr. The Landfoged may at any time require a declaration from residents of the dutiable goods they have received.

The receiving officer may order an inquiry or inspection if he doubts the reports made to him.

If the strength is not known of spirits on which the duties are graded, the highest rate must be paid or a test made.

If for any reason the quantities on the manifest are not delivered, the persons to whom they were destined need not pay duties on the missing quantities.

Fines are doubled in case of fraud.

The dutiable articles may be charged for duties and fines, and may not meanwhile be disposed of.

The duties levied on dutiable articles landed on the Faroe Islands owing to stranding, or damage or other causes, may be refunded when the goods are re-exported.

Fines may be determined by the Amtmand unless the parties wish to go to law; in the latter case they are ordinary police cases. The Ministry of Justice may, should there be reason, remit the fines.

Articles mentioned in Sec. 1 may not be manufactured on the Faroe Islands except beer, which is not produced by sedimentary fermentation.

Fines 100 to 1,000 kr., and confiscation of implements.

## ESTHONIA

1. Owing to the abnormal economic conditions brought about by the war, the foreign trade of the country has to be conducted under Government control, and the following regulations have been adopted in this connection.

### COUNCIL FOR FOREIGN TRADE.

2. The actual control of trade in accordance with Government regulations of 25th June, 1919, is placed in the hands of a Council for Foreign Trade, consisting of the Ministers of Trade and Industry, Finance, Food, Agriculture, War and Foreign Affairs, or their representatives, who will advise by representatives of cooperative and commercial organizations and financial concerns, invited solely in an advisory capacity to deal with questions in principle.

3. All export and transit without the permission of the Council for Foreign Trade is prohibited within the borders of the Estonian Republic.

4. Export and transit licences are to be issued by the Department of Foreign Trade of the Ministry of Trade and Industry in accordance with the decisions of the Council for Foreign Trade.

5. All Government purchases and sales abroad are to be centralized with the Council for Foreign Trade.

6. Pending the question on foreign money markets of a rate of exchange for Estonian Marks, the rate in every instance will have to be confirmed by the Central Valuta Committee of the Estonian Bank.

### EXPORT.

7. Export licences may be granted to commercial and industrial concerns belonging to the first class. Special regulations apply to the export of flax.

8. All foreign values obtained through export have to be collected through the Estonian Bank, where they will be held under Government control at the disposal of the exporter.

9. The control over the use of the foreign values is centralized in the Central Valuta Committee of the Estonian Bank.

10. If within a month the foreign valuta has not been utilized in accordance with the preceding regulations, the exporter is obliged to sell same to the Estonian Bank at the rate of the day.

11. The exporter is obliged to obtain for every separate transaction an export licence, applying thereto to the Council for Foreign Trade. The application must also give the following particulars: (a) The kind and quantity of goods; (b) the price in foreign currency and the conditions of sale; (c) the country to which the goods have been sold; (d) the name of the buyer or the selling agent.

### IMPORT.

12. The following goods can be imported free of import licence: Iron, steel, nails, agricultural machinery and implements, machinery and plant, grain, sugar, salt, kerosene, benzene, naphtha, muslin, lubricating oils, machine and cylinder oils, coals, boots, boot leather, fertilizers, grass and vegetable seeds, cloth (woolen, cotton and linen).

13. The import of all luxuries and articles not required in daily life, such as, for instance, wines, spirits, &c. is prohibited. A full statement of such articles is printed below.

14. The import of all other articles can only take place with special permission of the Council for Foreign Trade. Application for the issue of such a licence should be made to the Department of Foreign Trade, when all the information required by article 13 should be supplied to the Customs Authorities.

15. On arrival of the goods, the importer furnishes the following particulars in duplicate, one copy of which will be retained, and the other sent to the Ministry of Trade and Industry:

- The kind of goods (in case of food, cloth, &c., samples should also be supplied);
- Quantity;
- The name of the seller;
- The price c.i.f. port of import in foreign currency;
- Sale price.

NOTE.—Foreign currency should be converted into Estonian Marks at the rate of the day as quoted by the Estonian Bank.

16. Anyone guilty of giving false information will be liable to be punished according to criminal law.

17. The goods imported must be sold according to the regulations made under the preceding law.

18. The Ministry of Trade and Industry, assisted by the Ministries of the Interior and of Finance, has to see that these regulations are complied with.

19. Further detailed information will be given by the Ministry of Trade and Industry.

### TRANSIT.

20. The Government of the Estonian Republic permits the transit of goods only to those countries which are not under Allied blockade. Application for the issue of a transit licence should contain the following information:

- The kind of goods;
  - Quantity;
  - The value of the goods in foreign currency;
  - The consignee and consignee, and their full addresses.
21. The goods for transit should be accompanied by a certified copy of the invoice and forwarding documents.

22. The transit of goods through Estonian territory will be controlled by the Customs Authorities in accordance with the late Russian Customs regulations.

23. The goods for transit can be stored at consignee's risk and expense in Estonian harbours and railway yards, where provision has been made for such storage. They can then be re-packed and re-addressed.

24. Goods in transit passing through Estonian territory are exempt from customs and transit duty.

NOTE. (1) The tax on goods exported from Russia has to be paid in the currency of the country of export, or in Russian gold or silver money at the par rate.

(2) Goods imported into Russia by the American Relief Committee are exempt from the war tax.

25. Transit goods are not liable to requisition and sequestration.

Fines go to the State, unless there is an informer, in which case he gets half.

The revenue officer retains 1 per cent. of duties.

On abolition of previous tonnage dues, &c. There is a fee of 5 ore per ton on vessels and the license is fixed at 25 kr. for trading from a vessel.

## TARE REGULATIONS.

[*Decree of Aug. 27, 1911, amended by Decree of July 13, 1912.*]

1.—GROSS WEIGHT, NET WEIGHT, AND SEMI-GROSS WEIGHT.  
ARTICLE 1. The following definitions of weight are adopted for the application of the import tariff:

By gross weight is meant the weight ascertained by weighing the contents and the containers, *i. e.*, the combined weight of the contents and the packing, both outer and inner.

By actual net weight is meant the weight of the goods separated from the packing, both outer and inner.

By legal net weight is meant the weight obtained by deducting from the gross weight the so-called legal tare, *i. e.*, the tare determined by law or decree in accordance with the character of the packing and the nature of the goods, to be applied in cases where the importer demands liquidation on that basis or fails to request, at the proper time, liquidation on the basis of actual net weight.

By semi-gross weight is meant the combined weight of the contents and the inner packing in the case of the articles specified in article 6.

ART. 2. Outer packages, in the case of double casks, and straw wrappers or covers of casks are excluded from gross weight, provided that the main receptacles are complete, adequate, and of the kind commonly used for the transportation of the merchandise in question.

II.—IMPOSITION OF DUTY ON GROSS, ACTUAL NET, LEGAL NET, AND SEMI-GROSS WEIGHT.

ART. 3. In accordance with the provision of the laws of June 9, 1848, May 16, 1863, January 11, 1892, December 21, 1896, and March 29, 1910, duty is levied on the following articles: fruits, including grapes, unfinished watchcases (minimum tariff), watch fittings (minimum tariff), beer, and all articles (packed or crated) dutiable at not more than 10 francs per 100 kilos., except indigo, machinery and mechanical appliances, crude mineral oils, heavy mineral oils (minimum tariff), gold, crude silver and platinum, and raw silk.

ART. 4. Duty is levied on actual net weight in the case of the following articles: Gold, platinum, and crude silver; fabrics of silk or of floss silk; fabrics of silk or of floss silk combined with real or imitation gold or silver; fabrics of artificial silk; gold and silver coins; articles dutiable at 10 francs or less per 100 kilos., imported without packing or in bulk; and all merchandise dutiable on net weight, in case the legal tare allowance is not applied.

ART. 5. Legal net weight is no basis for the collection of duty on merchandise dutiable on net weight, in cases where the legal tare allowance is applied.

ART. 6. In accordance with the provisions of the laws of January 11, 1892, November 21, 1906, and March 29, 1910, the following articles are dutiable on semi-gross weight: Ox jaw, cooked or pickled; canned meat; preserved game, in cans, tins, or pasty; *pate de foie gras*, in cans, tins, pastry, or in any other form; meat extracts, in tins or in any other form; fish preserved in a natural state, pickled, or otherwise; preserved fruits, not specified (general tariff); volatile oils and essences in small receptacles; preserved vegetables; gold and silver leaf; bandages for surgical dressing and plastered splints; and all articles included under tariff No. 3066, when attached to curls.

ART. 7. The surtaxes on indirect trade (so-called "warehouses" and "entrepôts" surtaxes) are levied on the same basis as the principal duty. In the case of an article admitted free of duty or dutiable otherwise than by weight, the above surtaxes are levied on gross weight, except in the case of mineral oils, indigo, and raw silk, on which the surtaxes are levied on net weight (actual or legal).

## III.—TREATMENT OF FULL RECEPTACLES.

ART. 8. Packing used as containers, wrappers, supports, or in any other manner for the protection of merchandise, are, in principle, considered as of commercial value, and consequently are subject to duty separately, except when imported with merchandise dutiable on gross weight (if the rate of duty on the packing does not exceed by more than 10 % the rate on the contents), or when imported with merchandise dutiable at more than 10 francs per 100 kilos., but for which the law prescribes gross or semi-gross weight as the basis for duty. In such cases the duty applicable to the merchandise is applied to the combined weight of the contents and containers, both outer and inner; in the case of merchandise dutiable on gross weight, and inner only in the case of merchandise dutiable on semi-gross weight.

ART. 9. As an exception to the rule laid down in the preceding article, the following kinds of packing are to be regarded as of no commercial value:

Outer receptacles: Ordinary boxes and barrels of common wood, demijohns or casks of sheet iron or steel, used for the transportation of certain chemical products which cannot be extracted without spoiling the container; receptacles (cans or other) of tin plate, soldered or crimped; boxes or other receptacles of old cardboard, packing cloth, matting, coarse baskets, casks, etc.; common paper and cardboard, and similar articles commonly used for outer covering or receptacles.

Inner packing: Tin cans, soldered or crimped; paper used for wrapping or separating various articles; tin foil and parchment paper used in wrapping purposes; illustrated vignettes used for covering the ends of boxes; rolling boards for fabrics; boxes of couch cardboard not covered with paper, in which books are imported; cotton muslin and similar fabrics used for attaching embroderies; cloth for wrapping litter; mat, etc.; cardboard boxes and other cardboard receptacles in bad condition.

ART. 10. Bags of jute, linen, hemp, ramie, cotton, etc., used for the importation of merchandise, are subject to the provisions of articles 35-47 of the present decree.

ART. 11. The packing enumerated in article 9 is included in the dutiable weight and is subject to the same rate of duty as the contents, when the latter are dutiable on gross weight.

The inner packing, when of no commercial value, is also subject to the duty on contents when the latter are dutiable on semi-gross weight.

In all other cases, the containers mentioned above, other as well as inner, are admitted free of duty, subject to special provisions of articles 43-50.

ART. 12. If the contents are subject to a higher rate of duty than the containers, the latter may be declared together with the contents, and the importer may demand that they be assessed at the same rate of duty as the contents.

ART. 13. Inner or outer packing which is to be included in the dutiable weight and is not subject to any special treatment (temporary admission, re-importation) need not be declared separately as to kind, quality, or weight. It is sufficient in such cases to indicate in the declaration the number and kind of the receptacles, such as "10 cases," "25 casks," "3 baskets," etc.

The same rules apply to packing of no commercial value, whether the contents are declared by actual or legal net weight. If the contents are declared by actual net weight, it is sufficient to give the necessary information required for the purpose of checking up the net weight of the tare.

In all other cases a separate and itemized declaration of the packing is required. The examination of the packing is carried on in accordance with the provisions of articles 16-21 of the present decree.

ART. 14. When receptacles containing merchandise dutiable on gross weight are subject to duty separately, their weight is not included in the dutiable weight of the contents.

ART. 15. Receptacles imported filled and subject to temporary admission are principally those made of sheet iron or steel and used for chemical products, admitted at low rates of duty (not more than 5 francs per 100 kilos.), cylinders of iron or steel containing carbonic acid or other liquefied gases, metallic receptacles for calcium chloride and mercury, carboys for acids, and frames for sealinks and vetres.

The weight of such receptacles subject to temporary admission is included in the dutiable weight in the case of merchandise dutiable on gross weight, the benefit of temporary admission applying in such cases only to the difference between the duty on the contents and that on the container.

The same rule applies to receptacles of French origin re-imported into France free of duty.

## IV.—WEIGHING AND EXAMINATION OF MERCHANDISE.

ART. 16. Merchandise is weighed within a hectogram, regardless of the nature of the goods, when the packages weigh more than 10 and not more than 200 kilos. each, and within a gram when the weight of each package does not exceed 10 kilos. The packages, in any case, may be weighed singly or in groups.

If the weight of each package exceeds 200 kilos, the merchandise is weighed within only a half kilo, but in the final calculations, after the deduction of the actual or legal tare, the dutiable weight is determined within a hectogram.

ART. 17. The provisions of the preceding article apply also to the weighing of salt, subject to the special provisions of article 37 of the law of March 30, 1906, and of article 11 of the law of March 31, 1903, regarding the liquidation of the internal consumption tax.

They also apply to the weighing of sugar.

ART. 18. In weighing by means of platform scales, fractions of kilos, are ignored, both in the weighing as well as in the final calculations after deducting the tare (the actual or legal tare) for the vehicles.

ART. 19. The examination of the imported merchandise may be either complete or partial, *i. e.*, by samples, in respect to quantity or kind and quality, or even both.

ART. 20. The checking of the weight may be done by sample in the case of packages of a uniform weight and bearing the same marks, *i. e.*, having the same dimensions, forms, and marks, and with a deviation of not more than 5 % in weight; if the packages are not uniform, the weighing may still be checked by sample in cases where an itemized statement of the weight of each package or article is submitted with the declaration.

The itemized statement (*note de détail*) must be dated and signed by the importer, but it does not form an integral part of the declaration.

\* Baskets of a kind in use at Marseilles and in the Levant.

Its legal status is merely that of a list (*borderaux*) intended to facilitate the examination of the merchandise.

ART. 21. Samples for the purpose of checking up the weight of imported merchandise must be taken in the following proportions, subject to the discretion of the Customs: where the merchandise in a shipment not exceeding 5 packages, at least 1 package must be checked; in a shipment not exceeding 20 packages, not less than 2 packages must be checked; if the shipment contains more than 20 packages, the weight of at least one-tenth of the number of packages must be checked.

The same proportions would be observed, subject to stipulations of the preceding paragraph, in ascertaining the quantity of merchandise taxable otherwise than by weight.

ART. 22. In the case of merchandise subject to low rates of duty, when the shipment contains a large number of packages, the proportion for checking may be reduced to 1/2, or even 1/3 of the total number, according to circumstances, in the discretion of the Customs.

ART. 23. In the case of direct importation from abroad, the opening or probing of packages for the purpose of verifying the kind and quality of the merchandise must not be confined to a smaller number of packages than the proportions indicated in the preceding articles. In the case of re-exported merchandise, the opening of packages for the purpose of taking samples, at least all packages must be probed for the purpose of taking samples.

ART. 24. In the case of postal parcels, at least 80% of the parcels imported must be examined, and complete examination of all postal parcels arriving by one train or vessel should be made as frequently as possible.

ART. 25. For goods, taken out of a warehouse or those arriving after trans-shipment by land or by sea, which have already undergone a detailed examination, the proportion of samples taken for the purpose of verifying the quantity as well as the kind and quality of the goods may be reduced.

ART. 26. The importer may refuse to accept the results of the examination by sample and may demand a complete examination.

ART. 27. If the result of the examination by sample is uniform weight or capacity in writing, and if the packages involved are of uniform weight or capacity and are not accompanied by an itemized statement, the average weight or capacity ascertained by the examination of the samples shall serve as a basis for the entire shipment. In case, however, the weight or capacity ascertained in the examination of the samples differs from that given in the declaration, a larger number of packages shall be examined, or even a complete examination of the shipment may be made.

As to packages for which an itemized statement has been submitted, if the weight or capacity ascertained by an examination of samples exceeds that given in the statement, the difference should be added proportionately to the rest of the shipment; if, on the other hand, the results of the examination are below the amounts given in the statement, the difference is applied only to the packages actually examined, while the rest of the shipment is cleared on the basis of the figures given in the declaration.

Should the importer refuse to accept in writing the results of the examination, the entire shipment shall be examined.

ART. 28. The above regulations for the examination by sample are to be applied for the purpose of ascertaining:

(a) The gross weight of goods dutiable on that basis and of those subject to a legal tare allowance, or for which the actual tare is to be ascertained.

(b) The net weight (by placing the bare merchandise on the scale) of goods dutiable on net weight and of those dutiable on gross weight, but imported without packing.

(c) The semigross weight of goods dutiable on that basis.

#### V. ACTUAL TARE OR WEIGHT OF PACKING.

ART. 29. In the case the net weight of the goods is to be ascertained or verified by deducting from the gross or semigross weight of the goods the actual weight of the packing, the procedure shall be as follows, except where the special regulations given in VII. apply:

In the case of goods of uniform weight or capacity, the weight of the packing may be ascertained by weighing the packing of certain packages designated for that purpose by the Customs; the number of samples weighed shall be in accordance with the proportions prescribed above for ascertaining the gross or net weight of the packages.

The net weight obtained in this manner shall serve as a basis for entry, provided the result is verified by the importer, the customs officials, however, reserving the right to make a complete examination.

ART. 30. If the packages are not of uniform weight, the actual tare may be ascertained by sample, provided that an itemized statement of the gross weight and of the weight of the packing is submitted. If the weight of the sample packing checked is found to be less than that given in the statement, the difference is applied proportionately to the entire shipment. If the weight of the packing is found to exceed that given in the statement, the difference is applied only to the packing actually examined, while the rest of the shipment is entered on the basis of the declaration.

The interested parties must accept in writing the results of the examination; if such an acceptance is refused, a complete examination of the shipment must be made.

ART. 31. The weight of the packing shall be determined within a gram when it does not exceed 10 kilos, for each package, and within a hectogram when it exceeds this limit. In the usual calculations, after having deducted the weight of the packing calculated within a gram or a hectogram, as the case may be, the net weight for liquidation is calculated within a gram or a hectogram, in accordance with the provisions of article 16.

#### VI. LEGAL TARE.

ART. 32. The legal tare allowances for goods imported on legal net weight are fixed in accordance with the annexed schedule.

ART. 33. The legal tare cannot be applied to goods imported in packing which does not correspond to any of the kinds provided for in the schedule of tare allowances.

ART. 34. The amount of legal tare is calculated, if necessary, to a gram and is deducted from the gross weight on the same unit, but the final amount for liquidation is calculated to a gram or a hectogram, in accordance with the provisions of article 16 of this decree.

#### VII. SPECIAL REGULATIONS FOR CERTAIN KINDS OF PACKING.

##### SECTION I.—BAGS—IMPORTED FILLED.

ART. 35. Bags—viz., containing the diate containers for goods, except nitrate of soda, sulphate of ammonium, superphosphates (sulphates treated with acid), slag, acidulated gypsum and potassium salts (chloride of potassium, kainite, carnallite, nitrate of potassium, sulphate of potassium, and similar products) employed in agriculture, must be declared separately for duty. In the same applies to bags used for outside covering. Bags, serving as inner containers, may be declared for duty on their actual

weight or according to the tare allowance of the contents. If the contents are dutiable on gross weight or are free of duty, the legal tare allowance may still be applied to the bags, at the request of the importer, on the basis of the 2% tare allowance provided for articles not specified. Bags used for outside covering are in all cases subject to the duty provided for them in the tariff on the basis of their actual weight.

ART. 36. The weight of the bags, actual or according to legal tare, is deducted from the weight of the merchandise within a gram, but the net amount for liquidation is calculated to a hectogram, in all cases for the bags and to a gram or a hectogram, according to the scale of the operation, for the merchandise.

In case the merchandise is subject to a higher rate of duty than the bags, either on gross or net weight, the importer may demand that the bags be subjected to the same rate of duty as the contents.

ART. 37. The bags, arriving as immediate containers may be emptied at the time of the customs inspection and re-exported. In such cases they are not subject to duty, but the duty is added to the weight of the contents if the latter are dutiable on gross weight. If the merchandise is imported in double packing and one of the bags (the inner or outer) is re-exported, the one-half of the duty (under No. 398 bis) is collected on the bags remaining in the country, unless they should be subjected to the same rate of duty as the contents, as provided by article 12 for cases where the contents are dutiable at a higher rate than the containers.

ART. 38. Bags imported filled with merchandise are assumed to be of the same origin as the contents, in the absence of competent evidence to the contrary. Those containing merchandise originating in countries not entitled to the reduced rate of duty on bags made of textiles are dutiable under the same tariff (general of minimum) as the contents.

ART. 39. Bags containing merchandise declared as entered for warehousing are entitled to the same treatment as the contents. Those serving for the transportation of merchandise entered for temporary admission, under the provisions of article 6 of the law of July 6, 1836, are entitled to the same treatment as the contents. If the bags are re-exported empty or filled with other (derived) products (such as wheat re-exported in bags in which wheat was originally imported).

ART. 40. Bags filled with merchandise admitted free of duty and a surtax may also be declared separately for temporary admission, to be re-exported in the same condition in which they were imported, i.e., filled with the same products.

ART. 41. For merchandise shipped in transit or for transshipment it is not necessary to declare the bags separately.

ART. 42. Empty bags of unimported French origin may be sent from France to a foreign country, for the purpose of being filled, under the provisions for temporary exportation.

Upon their re-importation into France filled, such bags are admitted free of duty upon their identification by means of a descriptive customs-house permit or of a duplicate of the declaration for export; if the contents are dutiable on gross weight the weight of the bags is included in the dutiable weight and the bags are subject to the same duty as the contents.

#### SECTION II.—INNER PACKING (OTHER THAN BOXES, CASES, OR SIMILAR RECEPTACLES) OF CARDBOARD OR PASTEBOARD USED FOR THE IMMEDIATE PROTECTION OF MERCHANDISE.

ART. 43. In the case of goods dutiable on semigross weight or on gross weight at a rate exceeding 10 francs per 100 kilos, the inner packing (cardboard, spools, drums, and similar articles) of cardboard or of earboard and pastebard, with or without wood, paper, or metal foil, used for the immediate protection of the goods, shall be added to the weight of the goods (as well as to that of the outer packing, if any), and shall be subject to the duty on the contents.

If the goods are dutiable on gross weight at a rate of 10 francs or less per kilo, the inner packing is dutiable separately according to its own classification, and is not added to the weight of the goods, if it has no commercial value it is subject to the duty on the contents.

ART. 44. In the case the inner packing is dutiable at a lower rate than the contents, or at a rate not exceeding the rate on the contents by more than 10%, it may be declared for duty together with the contents and subjected to the duty on the contents.

ART. 45. If the goods are dutiable on net weight, the weight of the inner packing may be ascertained by means of samples, in case of uniform packing, or, in the absence of uniformity, if accompanied by an itemized statement showing the number of the different kinds of packing and their weight by kind and kind. In either case the number of samples tested must, as a general rule, represent 10% of the total of all kinds of packing comprised in each package submitted for inspection.

If the packing is not uniform and no itemized statement of the packing is submitted the weight of the packing is ascertained by means of a sample weighing of the packing contained in each package submitted for inspection.

ART. 46. In the case of merchandise, other than metals or articles of metal, dutiable under the general tariff of 300 francs or more per 100 kilos, if the importer wishes to avoid the weighing of the merchandise in accordance with the provisions of article 44, the following legal tare allowances are applicable:

For cards of cardboard, or of earboard and pastebard, 10%.

For drums, spools, and similar articles of cardboard, or of earboard and pastebard, with or without wood, paper, or metal foil, 5%.

For cards of pastebard, 6%.

For drums, spools, and similar articles of pastebard, with or without wood, paper, or metal foil, 4%.

If the merchandise is arranged on spools, with a continuous strip of paper at least as wide as the merchandise itself inserted between the folds, an extra tare allowance of 8% is applied to compensate for the weight of the paper in addition to the legal tare allowance for the other inner packing.

These tare allowances are deducted from the semigross weight of the merchandise, which is also reduced by the actual weight of the boxes or receptacles, if any, serving as inner containers.

The weight thus ascertained represents the net dutiable weight.

The tare allowances provided by this article are not applicable to cards, spools, drums, or similar articles used for the protection of merchandise subject to different rates of duty.

When the above tare allowances are applied, the cards, spools, drums, and similar articles are admitted free of duty, whether or not they have a commercial value.

#### SECTION III.—INNER PACKING OF PAPER OR METAL FOIL (TIN OR ALUMINUM) USED FOR IMMEDIATE WRAPPING OF MERCHANDISE.

ART. 47. In the case of merchandise dutiable on gross or semigross weight, the packing of the kind mentioned above is included in the dutiable weight.

If the merchandise is dutiable on net weight, such packing, if declared separately, may be deducted from the dutiable weight in accordance with the provisions of article 45. If the packing has a commercial value, it is subject to duty separately. If such packing is not declared separately and checked up according to the provisions of article 45, it is subject to the rates on the contents.

#### SECTION IV.—CLOTH USED FOR WRAPPING BUTTER, HAMS, MEAT, ETC.

ART. 48. The wrapping of the kind mentioned above is not subject to duty separately, and is therefore dutiable at the rates on the contents.

#### LAW RELATING TO THE ESTABLISHMENT OF THE CUSTOMS TARIFF.

The President of the Republic promulgates the following law, the Senate and Chamber of Deputies having adopted the same:

Article 1. The general and minimum Customs tariffs relative to importation and exportation shall be established conformably to Schedules A and B annexed to the present law.  
The minimum tariff may be applied to goods the produce of countries where French goods enjoy corresponding privileges and to which the minimum tariff is applied.

#### Article 2. PRODUCTS OF NON-EUROPEAN ORIGIN IMPORTED FROM A EUROPEAN COUNTRY

shall be subject to the surtaxes specified in Schedule C annexed to the present law.

Foreign sugars shall continue to pay the surtaxes established by the laws of July 13, 1890, and August 3, 1890.

#### EUROPEAN PRODUCTS IMPORTED FROM A COUNTRY OTHER THAN THAT OF ORIGIN

shall be subject to the surtaxes specified in Schedule D annexed to the present law.

#### PRODUCTS IMPORTED INTO THE MOTHER-COUNTRY FROM FRENCH COLONIES.

Article 3. The duties and immunities applicable to products imported into the mother-country from colonies, from French possessions and from countries of the Indo-Chinese Protectorate are established in Schedule E annexed to the present law.

The French territories of the Western coast of Africa (with the exception of Gaboon), Tahiti and Dependencies, the French establishments in India, Obock, Diego-Suarez, Iles de la Reunion, and Sainte-Marie of Madagascar, are exempt from the stipulations of Schedule E. French long cloth proceeding from the French establishments in India shall, however, be free of duty. Exemptions or reductions may, in addition, be granted for other natural products or for those originally manufactured in the above-mentioned establishments; such reductions and exemptions shall be established by means of decrees issued by the Council of State. Natural products, or those originally manufactured in the aforesaid establishments, for which no exemption or reduction has been granted, shall, when imported into France, pay the duties stipulated in the Minimum tariff.

(1) The duty on beet sugar, *vergeoise* and sugar candy in cases or casks is always to be assessed on the actual net weight.

(2) Casks made of oak staves are regarded as casks of hard wood when the heads are of beech or walnut and as casks of soft wood when the heads are of fir or linden (*"Lettre circulaire"* of November 19, 1892).

\* "Serouns" solely refer to strongly sewn hide bags sufficient to transport the goods.

Foreign products imported into colonies, French Possessions, and countries of the Indo-Chinese Protectorate, with exception of the territories enumerated in the preceding paragraph, shall be subject to duty as if imported into France.

Decrees in the form of public administrative regulations, issued on the proposal of the Minister of Commerce, Industry and Colonies, with the advice of the General Councils or the Administrative Colonial Councils, shall designate the products which, in exception to the preceding provision, shall be subject to special duties.

Paragraphs 1 and 3 of the present article shall not be executory for any Colony until the regulations mentioned in paragraph 1 have been issued; the effect of this provision is limited to one year. The Government may, however, immediately grant all or part of the privileges stipulated in schedule E to colonies which at the present time levy on

foreign products the whole of the tariff duties of the mother-country, or who subject colonial goods coming from abroad to the duties stipulated in the said tariff.

Article 1. The General Councils and the Administrative Colonial Councils may also suggest that modifications be made in the tariff of the mother-country. The suggestions shall be submitted to the Council of State, whose decisions thereon shall be issued in the same manner as the public administrative regulations mentioned in the preceding article.

Article 2. Native products of a French colony which are imported into another French colony shall be exempt from Customs duty.

Foreign products imported from a French colony into another French colony shall be subject in the latter to the payment of the difference between the duties of the local tariff and those in tariff of the exporting colony.

## SCHEDULE A.

## DUTY ON IMPORTS.

NOTE.—The letters G and A placed opposite the unit on which duty is levied indicate whether duty is leviable on Gross or Net weight.

A here not otherwise mentioned all goods free are "per 100 kilograms, gross."

For list of countries entitled to the Minimum Tariff and part of the articles specified in the Minimum Tariff, see opening paragraphs of Tariff.

For calculating the duty on all goods specified in this schedule, the amount of the specific duty fixed in the Customs Tariffs shall be multiplied by the coefficient applicable to the article, the result representing the amount to be paid.

By way of exception to the foregoing extract, goods to be returned to foreign countries after being transformed, worked-up, or repaired, shall be admitted under the ordinary tariff conditions.

An Inter-Ministerial Decree will lay down the conditions of the special "temporary importation" regime thus established, on payment of the ordinary duty.

The rates of the "co-efficient of increase" shall be periodically revised. For this purpose, an Inter-Ministerial Commission shall be set up by

\* A circular has been issued by the French Customs, notifying that the use of the "sanitary tax" is now imposed on harness and saddle horses imported by strainers temporarily staying in France. Such horses are also to be subjected to sanitary inspection on arrival, but this inspection may be dispensed with if the animals arrive on those days or at those hours when the Custom-house is not open for business of this kind. In such cases, however, the animals must be accompanied by a legally created certificate (available for three days only) furnished by a veterinary surgeon of the place of their origin, giving a description of the animals, and declaring that the locality from which they came was, and had been for six weeks preceding their departure, free from any disease contagious

The Customs Administration shall have the faculty of determining, through the Advisory Committee of Arts and Manufactures, the mean density of each kind of wood and to levy the duties on this basis, after the cubic measurement has been converted into weight, and when the interested parties do not claim that the duty be levied on the actual weight.

\* Trees which have been squared at the thick end, and exclusively for the purpose of forming part of a raft, come under this category.

\* By "stave wood" is meant split wood which is destined exclusively for re-cupage or packing purposes. The duty fixed for stave wood is, however, exceptionally applicable to sawn chestnut staves clearly destined for the manufacture of casks.

\* Only strips and laths, cut, sawn or split, of a thickness not exceeding 1 centimètre, are included under this head.

\* By "hoop wood" is meant only prepared hoops, either in bundles or in pieces.

\* Rough woods intended for the manufacture of hoops are included in this number.

\* The proof being furnished to the Customs Administration of arrival of the wood in the paper pulp manufacturing, and that such wood is being worked.

The nature of the proof shall be determined by the Minister of Finance, on the advice of the Advisory Committee of Arts and Manufactures.

(1) All oils which do not contain more than 30 per cent. of illuminating matter and which, in the condition they are imported, are not fit for burning in ordinary lamps, shall be considered as crude. In calculating the illuminating matter contained in such oils, the illuminating matter shall be considered as not more than 30 per cent. of illuminating matter. Mineral oil containing illuminating oil. A public Administrative regulation, issued in accordance with the advice of the Advisory Committee of Art and Manufactures, will prescribe the manner in which this percentage shall be established. In cases where the declayers, contracting with the Government, are not scrupulous in observing the legal stipulations, such appointment shall be made by the chemists inscribed on the general list mentioned in Art. 9 of the Law of May 7, 1888. The Government shall be required in accordance with Art. 4 of the Law of May 7, 1888.

(4) The duty leviable by weight on crude petroleum may, on the application of the importers, be converted into a duty per hectolitre under the Minimum Tariff. Said duty shall be at the rate of frs. 7.20 per hectolitre.

(\*) The importation and sale of refined mineral oils, other than essences, whose flashing point is inferior to the limits fixed by the decree of May 9, 1873, and for oils of the second category, by the Ministerial ordinance of September 5, 1873, is prohibited. An Administrative regulation shall determine the method of applying this disposition.

(g) The duty per hectolitre is substituted by the duty of frs. 12.50 per 100 kilogs., which is only mentioned in the schedule annexed to the Law as basis for conversion.

According to the Convention with Romania, under the heading of rule mineral oils (No. 137) are to be admitted the distillates answering the following description: Blackish brown liquid not containing products soluble at less than 25% centrifuge and not burning in lamps of current use; specific gravity of the distillate at the temperature of 15° centigrade: above 0.920; paraffin or resinous 10% at least and 20% at most; specific gravity of sediment: after distillation by Regnault's apparatus up to 0.960 centigrade; 0.960 at least at the temperature of 15° centigrade; specific gravity of the distilled liquid, at the temperature of 15° centigrade 0.900.

§ Notwithstanding Art. 24 of the Law of May 16, 1863, the duties on gold or silver leaves shall be collected on the gross weight, including the inside wrappers.

† The duty on gold and silver hammered in leaves shall be levied on the weight of the leaves, plus the interior packing.

‡ The Customs authorities have the right to have the scraps (*déchets*) broken up and their character so altered as to prevent their use without further fusion.

§ The articles specified in No. 205 and 205a, the produce of the free zones of Haute-Savoie and Jura, may be imported into the Customs territory free of duty, provided that the primary materials, plant and combustible be the product of the zones, or French, or nationalized by the payment of the duties. The industry shall be subject to official supervision, the expense of which shall be borne by the manufacturers.

|| All metallurgical products coming under these categories, which can neither be rolled nor wrought, are to be considered as ferro-alloys.

¶ Per 100 kilograms, gross.

‡ Under this number are included only special steels containing only one of the most two of the above-mentioned elements, provided that in the latter case the amount of each of the two elements does not exceed the limits put on each one.

\* Hot-rolled hoop iron or steel less than 1 millimètre in thickness pays duty under 209b.

Same coefficient as for issues of pure linen, &amp;c.

When merchandise is placed in more than one sack, only is admitted at full duty, the others pay full duty. In the case of sacks imported full, the tax may be levied on the weights after deduction for the legal tare. Sacks containing nitrate of soda, sulphate of ammonia and superphosphates and sulphate of potash for agricultural purposes, are exempt from the half-duty.

Carpets on canvas, such as moquette and others, are to be dutiable as carpets of wool, jute, hair, &c., according as the velvet or curled portion or the face is of wool, jute, hair, &c.

In counting the threads in the warp, fractions of threads are not counted. This provision also applies to Nos. 405 and 406.

the General Tariff, tissues with stripes at a distance of less than 2 centimetres from one another are included in this category.

2. In the Minimum Tariff, the surtax for manufacture will not be added when the effect produced by the dyed, bleached, glazed or mercerised threads does not exceed one-tenth of the total surface of dyed tissues.

(3) Tissues of the kind, mercerised in the piece or goffered, counting 30 hatches ("hauteurs") or more to the 5 millimetres pay, in addition, the surtax mentioned in the 4th.

(4) Tissues of the kind, goffered, counting 50 hatches ("hauteurs") or more to the 5 millimetres pay, in addition, the surtax mentioned in No. 4th.

\* Stamped (marqué) tissues counting 20 hatches ("hauteurs") or more to the 5 millimetres are treated as mercerised tissues.

† Same coefficient as on the unbleached, bleached, dyed (in the piece) or printed tissues, according to kind.

‡ Where the breadth of the tissues exceeds one metre the duties are increased in proportion. The surtax for printing shall likewise be collected on the following tissues: Brilliant or figured tissues, yards; covers and counterpanes, quilted, and reps; dimity, damask and table linen, bobbinet tulle, counterpanes, lace and fancy articles, trimmings, ribbons, plain tulle, embroidered muslin curtains; curtains of tulle application, grenadine, and of embroidered tulle; muslins, figured or embroidered, for furniture or clothing.

(2) Tissues of the kind, mercerised in the piece or gathered, containing 50 batches ("batches") or more to the 5 millimètres pay, in addition, the surtax mentioned in No. 406b. (3) The duties levied on figured tissues are applied to (1) tissues "à 5 lignes ou plus" presenting in their texture the effect of checks provided that this effect does not involve the application of the surtax prescribed in No. 111; (2) tissues in imitation of gauzes, with 1 "côte" or "sophies"; (3) plain or figured "cellular" tissues with warp in wool. (4) In the General Tariff, tissues with stripes at a distance of less than a metre from one another are included in this category. In the Minimum Tariff the surtax for manufacture will not be exacted when the effect produced by the dyed, bleached, glazed or mercerised threads does not exceed one-tenth of the total surface of the cloth. (5) Tissues of the kind, gathered, containing 50 batches ("batches") or more to the 5 millimètres pay, in addition, the surtax mentioned in No. 406b. (6) In counting the warp and weft threads, fractions of threads are ignored.

To duties stated on figured tissues are applied to (1) tissues and accessories presenting in their texture the effect of checks, provided that this effect does not involve the application of the surtax mentioned in No. 411; (2) tissues in imitation of gauzes, called "soft" or "soph"; (3) plain figured "cellular" tissues with warp and wool. The surtax is also applied, in the case of goffered, counting 30 hatches (or "bauchers") or more to the 5 millimetres pay, in addition, to the surtax mentioned in No. 406.

(4) In the case of the warp and weft threads, fractions of threads are ignored.

(5) In the case of the Tariff, tissues with stripes at a distance of less than a metre from one another are included in this category.

(6) In the Minimum Tariff, the surtax for manufacture will not be exacted when the effect produced by the dyed, bleached, glazed or mercerized threads does not exceed one-tenth of the total surface of striped tissues.

(1) Tissues of the kind, mercerised in the piece pay. In addition, the  
surtax mentioned in No. 406b

(2) Incandescent mantles of cotton, linen, or ramie tissue are dutiable  
under No. 428b.

(3) *Watersproof Cotton Canvas*.—Thick cotton canvas, made waterproof  
by a preparation of the pegmatite kind, but containing no celluloid, and  
the variegated silk of which is grained or alagrened, like the leather  
technically known as "pantasse" is dutiable under this head.

(4) As plushes are to be dutiable, these tissues the nap (*poile*) on which,  
when detached and stretched out, measures more than 3 mm.; and as  
velvets, those in which the nap does not exceed 3 mm. in length.

Same coefficient as for tissues of pure cotton, according to kind.

† Tissues simply fulled, of which the nap is not finally laid in on  
direction, satins or *armures*, are not included in this category.

† The surface is measured on the body of the carpet, including the  
ends, selvage and fringes. An allowance of 2% will be made in the  
composition of the rows (*rautes*).

(5) The unit for calculating the number of rows (*rautes*) is a metre  
in depth in the direction of the warp; the measurement is made over 10  
cm., fractions of a row not being considered; the result multiplied by 10  
is taken to be number of rows by the metre; in the case of carpets where  
the texture is not uniformly compact, the rows are counted under the  
above conditions, once on the most compact portion and once on the  
least compact, the mean of the two determining the classification of the  
carpet.

A fraction of a quotient is disregarded.

\* A list of common furs, drawn up by the Government Departments and in consultation with the Consultative Committee of Arts and Manufactures, will be revised every third year.

Articles of gold or silver can only be imported when they are of the standard required by law for articles of French manufacture intended for home sale. The exceptions stipulated in the last pars. of Art. 23 of the law of the 14 Brumaire, year VI., are maintained only in force.

Small Italian silver coins (including Pontifical coins) are prohibited to be imported into France, Algeria and the Colonies (Decree of July 12th, 1864).

Silver coins which have ceased to be legal tender in their country of origin are also prohibited to be imported into France and Algeria (Decree of December 10th, 1903).

Umbrella or sunshade tubes ready for use (tubes tipped or fitted with springs, fancy articles in the shape of watches, whether or not fitted with dial and hands, such as cases for carrying gold, rice powder cases, match boxes, stamp cases, &c.) of common metal, gilt, silvered, oxidized or nickelled, also watch-protecting cases, &c. included in 490.

1. Separate plates or false plates forming part of complete movements or escapement bearers, are taxed as complete movements and escapement bearers, and classed under Nos. 498 and 497 according as to whether they are jewelled or not.

2. All movements, escapement bearers, separate plates or false plates, from which have been removed the pieces which show whether they have been jewelled or not, are considered as finished escapements and taxed as such.

3. All movements, escapement bearers, separate plates or false plates, in which the two halves for the balance and escapement wheels have been jewelled are considered as finished escapements.

4. All movements, escapement bearers, separate plates or false plates, in which the three halves for the balance, lever and escapement wheels have been jewelled, are considered as finished escapements.

5. Foreign marks, not in the future, taken in the movement of every watch imported into France, as near to the barrel as possible and in a certain manner, the letter M for a watch in common metal, A for a watch in steel, and O for a watch case in gold.

6. Watch movements bearing the letter M cannot be fitted in a gold or silver case except after payment of the supplementary duty established for gold or silver watches and after affixing, near such letter M, as proof of payment of the supplementary duty, a special stamp which differs according to the nature of the metal forming the case (gold or silver).

The above rule must be observed for the fitting in a gold case of a movement bearing the letter A.

7. The officials who, at present, are charged with affixing stamps which guarantee the standard of gold and silver articles, shall be entrusted with collecting the supplementary duty and affixing, at the same time, the special stamp. They shall, in addition, satisfy themselves that every movement of gold or silver watch on which has been affixed one of the letters exacted by paragraph 5, bears the letter corresponding to the nature of the metal composing the watch case or, in contrary cases, the special stamp proving the payment of the supplementary duty.

8. All infractions of the present dispositions shall subject the offender to the penalties provided for in the law for guaranteeing the standard of gold and silver articles.

(a) Cases of common materials furnished with ornaments of gold or silver are dutiable as cases of gold or silver. In the Minimum Tariff, cases of common materials furnished with ornaments of gold or silver are dutiable as cases of gold or silver. However cases in which the ongles, hinges, joints, or crowns are of gold, gilt or plated, are regarded as silver cases; and cases in which the corure, rebaut, rim, pendule, crown, ring, ongles, hinge-joints, a small shield, a cipher, initials, or decorative ornament are gilt, silvered or plated, are regarded as cases of non-precious materials.

(b) Cases of silver partially gilt are regarded as silver cases. Silver cases entirely gilt are to be treated as silver cases if they bear on the inside the engraved inscription: *gilt metal*. Cases of non-precious material entirely gilt or silvered are to be treated as cases of non-precious material if they bear on the inside the engraved inscription: *gilt metal or silvered metal*.

(c) Separate cases containing struck or stamped bottoms, as well as separate cases and parts of cases of this kind, are admitted at the same rates of duty, and under the same conditions, as watches, cases, and parts of cases of other kind, provided that these watches, cases, bottoms of cases and parts of cases are convex, and do not imitate the flat form of a medal.

‡ For the machines mentioned in Nos. 510 to 512b, the importer is required to make a declaration stating the designation, nature and the weight of the component parts, together with a plan or drawing of the machine. All machines which are incomplete will be taxed on the various pieces of which composed, unless the amount of the duty thus calculated is less than the duty applicable to the complete machine of the same weight, in which case this latter assessment shall be applied to the

Are considered as rough watch cases those which are neither polished, fitted with split pins, nor hand decorated.

\* Cases of common material with ornaments of gold or silver, or with gold or silver ornaments, shall be dutiable as cases of gold or silver.

† The escapement bearings for the movements falling under Nos. 501, 504b, 504c, and 515, when imported separately, are dutiable under Nos. 418 and 419 according to kind.

‡ Cases for table or wall clocks, shall in every case be dutiable according to component material.

§ Cases, cases or frames of clocks (pendules) or alarms are dutiable at the rates applicable to them according to constituent material.

¶ Cases of precious metals are dutiable as manufactures of gold or silver.

† For the machines mentioned in Nos. 510 to 512b, the importer is required to make a declaration stating the designation, nature and the weight of the component parts, together with a plan or drawing of the machine. All machines which are incomplete will be taxed on the various pieces of which composed, unless the amount of the duty thus calculated is less than that duty applicable to the complete machine of the same weight in which case this latter assessment shall be applied to the incomplete machine introduced: machines not furnished with fly-wheel will not be considered as incomplete. The fly-wheel imported with the machine or separately will be dutiable under No. 532b.

§ Boiler fittings, safety-valves &c., except those attached to the walls of the boiler permanently and subject to duty according to kind. The cast iron frames and bars are dutiable separately under No. 533. Steel tubes, brass or unwelded, fitted in the boilers, pay the rates of duty, taxed under No. 537b for tubes of that kind.

§§ Electrical apparatus for working locomotives are dutiable separately according to kind.

§§§ Ventilators are taxed separately according to kind, also tubular apparatus formed of beaten or unwelded tubes. Tubular apparatus formed of welded tubes are included in the total weight of the machine.

† Note to 510 is applicable to knitting machines.

5. Repeating fly wheels (volants-poulies), for the simultaneous regulation and transmission of movement, imported together with the motors to which they are to be adapted, may, at the option of the importer, be included in the dutiable weight of the motors or be taxed separately under No. 529, according as they are rough or worked. Consequently, motors imported with neither fly wheel nor belt-pulley will not be regarded as complete, provided, nevertheless, that they be furnished with all the other parts necessary for their working; but belt-pulleys imported together with the motors to which they belong will continue to be subject to the same customs treatment as the latter. Belt-pulley fly wheels imported separately, or declared separately from the motors to which they belong are to be dutiable under No. 529. No exception is accorded to the importer as regards the tariff treatment of energy or regulating fly wheels (volants d'énergie ou de régulation). These articles will continue, as hitherto, to be dutiable under No. 532c, whether they are imported with the machine or separately.  
6. Bars of which the profile shows no variation from end to end are not considered as shafts.

\* The ascertainment of the curve of razors is effected by means of a disc of steel 7 centimetres in diameter which it is only necessary to apply to the blade of the razor in order to find immediately, by the examination of the points of contact, the dimension of the stone used for the grinding. If the following of the blade coincides at all points or at its extremities with the circumference of the disc, the razor is dutiable under the head of "cutlery, fine: other." In the contrary case (i.e., if the disc has only a single point of contact with the blade, the razor is dutiable as a "common razor," except, of course, in the case of razors with handle of precious metal or common metal decorated, gilt, silvered, &c.)  
† When this tariff heading is applied, the weight of the blade or other materials without value in the interior of the handle is to be deducted.

§ Apparatus and instruments with fittings or mountings of precious metals, gold or silver plated, ivory, mother-of-pearl, amber, or tortoiseshell, are dutiable as articles of those materials, unless the duty leviable on them under this tariff number is higher. Separate parts and pieces are subject to the same duty as the instruments or apparatus for which they are intended, except in cases when they would be liable to a higher rate on account of their constituent material.

Instruments and apparatus intended for scientific institutions are admitted free of duty on condition of their being delivered directly and without any intermediary to the institutions, after authorization by the Customs authorities.

§ Amperemeters, voltmeters, and other apparatus for the measurement of electricity are dutiable under No. 521 bis.

† Manometers of metal and other safety appliances fitted to boilers or steam engines are dutiable under their own classification, according to kind.

‡ Children's toy cinematographs are dutiable under No. 616.

§ Subject to the prescribed formalities and payment of the dues connected with warranty.

†† These articles when manufactured wholly or partly of precious metals, ivory, mother-of-pearl, tortoiseshell, &c. are charged the duties leviable on such materials.

# SCHEDULE E. DUTIES LEVIED ON PRODUCTS IMPORTED FROM FRENCH COLONIES AND POSSESSIONS AND FROM COUNTRIES OF THE PROTECTORATE OF INDO-CHINA.

Articles.  
Products of colonial origin (1):  
Sugar; molasses not for distilling purposes . . .

Jams and honeys . . .  
Fruits and all kinds preserved with sugar or honey . . .  
Pepper . . .

All products not above mentioned, the origin of the colonies or Possessions . . .

Products of foreign origin:  
Imported from Algeria:  
After having been nationalized there through payment of the duties specified in the Tariff of the mother-country . . .  
After payment thereof of special duties . . .

Having paid duty in Algeria on arriving therefrom after having been warehoused or transhipped . . .

Imported from other French colonies or Possessions (1) . . .

The prohibitions or restrictions established by the laws of the mother-country, whether in the interest of public order or in consequence of the existence of a monopoly, are applicable to goods imported from French colonies and Possessions, either such articles be colonial or the produce of foreign countries. (Law of January 11th, 1892.)

Tobacco may only be imported free of duty on account of the state manufactures. When for any other destination, tobacco shall be dutiable according to the General Tariff. Chemical matches and wood prepared in a material Tariff.

Munitions of war, loaded, unexploded, cartridges, loaded (other than for rifle clubs), counterfort, copyright works, tobacco-pipe (pans), and playing cards, imported from French Colonies and Possessions, are prohibited.

Compound medicines (other than distilled waters which are not inscribed in the official pharmacopoeia) are likewise prohibited: these inscribed in the pharmacopoeia are nationalized free of duty, as well as those the importation of which is authorized by Ministerial decisions. (See Note to the Tariff.)

## IMPORTATION INTO METROPOLITAN FRANCE.

Products of origin, preserved, candied fruits, sweetened condensed milk, of Algerian origin, shall be exempted from duty. Products of foreign origin, having paid in Algeria a part of the duties of the French tariff, it is not necessary to take into consideration, for the difference to be collected, from whence they were originally imported into Algeria. They shall, without exception, be subject to the treatment of importation from non-European countries or from the countries of production.

Foreign tobacco, reshipped to France, even after payment of the special duties established on their importation into the Colony, shall continue to be prohibited.

Foreign products, except from duty in Algeria can, in no case, be collected for the surface for warehousing. On the other hand, the duties on goods arriving from a warehouse, or simply transhipped, shall be collected and returned according to their first origin.

## IMPORTATIONS INTO FRANCE FROM FRENCH COLONIES AND POSSESSIONS AND FROM COUNTRIES OF THE PROTECTORATE OF INDO-CHINA.

The colonies and Possessions of the first group (Colony and Possessions subject to the Metropolitan Tariff, with a Schedule of Exemptions) (Article 1) for the treatment of the duties are the following: Guadeloupe and Dependencies, Martinique and Dependencies, Réunion Island; French India (Inde); French Cochinchina; New Caledonia; Mayotte and Dependencies, St. Pierre and Miquelon, Clipperton Island; Madagascar; Reunion; Nosse Be; Mauritius and Dependencies. The tariff schedule is granted with the limit of quantities.

The Colonies and Possessions of the second group (Colonies and Possessions in which the Metropolitan Tariff is not applicable) are excepted from the treatment of Schedule E. (1):

French West Africa, including Senegal, French Guinea, Ivory Coast, Cameroons, Upper Volta, and Niger, Mauritania;

French East Africa, including French Somaliland, French Madagascar, French Comoros and Dependencies (other than small Comoros, Djibouti and French Territory of the Afars and Issas);

French Establishments in India;

French Establishments in Oceania (Tahiti, and Dependencies, Marquesas, French Line, French Group of Islands).

The Colonies and Possessions of the third group shall only enjoy the treatment of the French tariff, and shall be subject to production of the appropriate certificates (Article 2).

The Colonies and Possessions of the fourth group are those in Algeria, the Colonies and Possessions on entering France, subject to the duties of the French Tariff (after deducting the special duty already paid). (Law of June 24th, 1892, Art. 3.)

This refers to the late Colonies. The French Union is now divided into two parts: (1) The one formed of the late Gabon, comprising the situated between the frontier of Cameroons and St. Etienne, (2) the other French groups and admitted duty free; the other part of the Conventional Basin of the Congo where goods of any origin are dutiable at 10% ad valorem.

French long cloth proceeding from the French Establishments in India shall, however, be free of duty. Exemptions or reductions may, in addition, be granted for other natural products or for those originally manufactured in the above-mentioned Establishments; such reductions and exemptions shall be established by means of decrees issued by the Council of State. Natural products, or those originally manufactured in the aforesaid Establishments, for which no exemption or reduction has been granted, shall, when imported into France, pay the duties stipulated in the Minimum Tariff. (Law of January 11th, 1892, Art. 3.)

The exemptions and rebates granted up to the present under the foregoing provisions, are specified hereunder:

in view of liquidating accounts of temporary admissions (4) are entitled  
to certificate 7 (4) available for liquidating accounts of temporary  
admissions.

**TARIFF APPLICABLE TO SUGAR USED FOR BREWING PURPOSES.  
CONDITIONS OF PACKAGE.**

*For European sugar:* sacks of a net weight of 100 kilograms and with all  
the net weight in the interior.  
*For foreign sugar:* Original packages (with a detailed note of the marks,  
numbers and weights) or sacks of 100 kilograms, net, or in the case of any  
European sugar.

*Refined sugar or candy sugar:* Cases or sacks of uniform weight.

(1) The importation must be direct and without edling at any port by  
French vessels. The products must be accompanied by a certificate of  
origin issued by the Chief Controller of the district and visé on de-  
claration by a collector of Customs of French nationality. (Art. 1 of the  
Law dated July 18th, 1890.)

(2) Not including the internal revenue tax.

(3) Only products which are imported direct shall be considered as pro-  
ducts of French Colonies and Possessions. (Law of March 10th, 1881, and  
January 11th, 1892.)

(4) Sugar refined in free establishments can only be declared for use in  
breweries, in the offices entrusted with issuing export declarations for  
refined sugar destined to be deducted from temporary admissions.

**DECLARATIONS AND VERIFICATIONS.**  
The declarations must, under the responsibility of the shipper and his  
bondsmen, state the brewer to whom the sugar is to be conveyed. The  
verifications shall, for sugar in powder, be made conformably to the  
obligatory rules for sugar of the same kind declared for ordinary con-  
sumption (See Note 90). The sampling of the packages, the taking of  
samples, and the establishment of the standard shall be effected under  
the same conditions. As regards sugar refined in free establishments  
and intended for liquidating accounts of temporary admissions, the  
declarations can only be made in the Offices designated for the declara-  
tion of refined sugar exported for the same purpose. The same rules  
shall be observed for the verifications and the calculations of liquidation.

**PAYMENT OF DUTIES AND CARRIES ("acquiescent-cantion").**  
Every declaration relating to sugar for brewing purposes entails exemp-  
tion from the internal revenue taxes-consumption tax, refining tax,  
superiority tax and payment of the payment of the Customs surtax and, if  
the case arises, from the countervailing duty on foreign sugar; it  
further involves the issue of a check ("acquiescent-cantion") requiring  
conveyance of the sugar, under seal sent, to the destination declared  
and its employment for brewing purposes.

**LEAD SEALS.**  
The fee for sealing with lead is 3 centimes per package.
